**Flexibrush**
- Designed for fast, effective brushing on large turf areas
- Includes six sets of independently floating V-section brushes that are divided into three sections that float also
- Brush can follow ground contours to enable a better dispersal of topdressing materials
- Can be used for dew dispersal
- Outer sections fold for transport and storage
- Stands are supplied for storage, too

---

**Air Induction XR flat spray tip**
- Produces few driftable droplets at high pressures
- Provides drip control without compromising coverage
- Nozzle uses an air induction design to produce larger air-filled drops that stay on target
- Ideal for preemergent, surface-applied herbicides; postemergent systemic herbicides and postemergent contact herbicides
- Preorifice is removed easily for cleaning
- Polymer material provides long-wear life and better acid resistance
- Operating pressure ranges from 15 to 90 psi

*Tee Jet*

---

**Blade-capable trimmer**
- Powered by a 26.30-cc engine
- Weighs 10.8 pounds
- Produces low noise and vibration
- Ergonomically designed
- Includes a convenient control location
- Features a 16.9-ounce fuel tank
- CARB Tier III approved
- Includes a lifetime electronic-ignition-module warranty

*Kawasaki Power Products*

---

**EFB-CP-R valve series**
- Designed to withstand the abuse of reclaimed water systems
- Made of red brass
- Features a nylon-reinforced EPDM rubber diaphragm that resists corrosion
- Comes with a stainless-steel, self-flushing, contamination-proof filter screen to resist debris build-up

*Rain Bird*

Web mapping software
• Identifies localized dry spots on greens
• Statistical interpolation creates charts that provide an instant picture of spatial variability
• Data is archived at the server, so maps can be accessed from any computer with access to the Internet
• Compatible with most georeferenced meters that measure chlorophyll (nitrogen), turf color, and soil pH, EC, compaction and moisture
Spectrum Technologies
golfcourseindustry.com/readerservice # 208

Wash-water recycling system
• Includes a stainless-steel, mesh-lined cart for easy dewatering and handling of grass clippings
• HydroScreen separates and captures grass clippings and leaves, then dumps them into the cart
• Features biotechnology that's based on the use of aerobic bacteria to control odor and cause a degradation of total petroleum hydrocarbons, herbicides, insecticides and pesticides
• Time-controlled purge system automatically removes sludge and flushes the system with treated water
• High-output UV ozone generator polishes water in the recycle systems
• 3/4-hp circulation pump increases microbial digestion
Water Maze

Rust-Oleum paint
• Inverted marking paint
• Expanded selection available
• Available in a range of vivid colors
• Ideal for marking surfaces to alert players of hazards, boundaries and parking areas
Standard Golf Co.

Lower Your Handicap.
**Repair Plus soil amendment**
- Can be blended with topdressing and seed to heal damaged roots, accelerate new growth and protect roots against stress
- Contains a natural wetting agent, kelp extract, 17 natural L-amino acids and humic acid
- Each pound contains 28 billion Bacillus subtilis GB03 colony-forming units
- Apply when overseeding, reseeding or repairing tees and greens
- Offers quicker range rotation by giving faster and increased seed germination
- Packaged in weatherproof containers

---

**Pellet Pro wetting applicator gun**
- Accepts professional-grade surfactant cartridges
- Features a high-flow nozzle with a vertical water curtain for uniform surfactant application
- Delivers about 35 gallons per minute
- Pellet rotation within the chamber evenly dissolves surfactants
- Durable Cyclone nozzle is constructed with brass fittings, a stainless-steel nozzle and precision-engineered, glass-filled materials

Biological recycle/discharge systems
- Offers two models for discharge operations and four models for recycle operations
- Each unit requires little maintenance
- Equipped with a NEMA-4-rated, corrosion-proof control panel for safe and reliable operation
- Mazzei venture air injection system sustains beneficial aerobic microbes while destroying odor-causing anaerobic bacteria
- Recycle systems have a bronze manifold to withstand heat and high pressure
Mi-T-M Corp.

PayClock Express time clock system
- Uses proximity technology to identify employees instantly
- Designed for small businesses with as many as 50 employees
- Automatically calculates total hours worked, including overtime
- Employees punch in and out at the terminal with a proximity badge
- Large display and internal speaker provide instant feedback
Lathem Time
golfcourseindustry.com/readerservice #214

ORI series filters
- Automatic and self-cleaning
- Removes organic and inorganic suspended solids
- Features efficient flushing systems and large screen areas to handle dirty water
- Runs on a simple hydraulic system
- Complete screen cleaning takes five to 10 seconds
- Flange sizes range from 2 to 24 inches
