Eagle 705/755 rotor
• Delivers water distribution in persistently windy areas
• Prevents a decreased distance of throw
• Features an inverse, wedge-shaped spray pattern
• Delivers a greater water mass up front
• Creates more inertia to contend with the wind
• Produces larger water droplets less likely to cause misting, fogging or drift

Rain Bird
golfcourseindustry.com/readerservice # 204

Turf guard fence
• Protects fragile areas of the course from traffic
• Keeps carts on paths and allows turf to heal
• Provides a clean look
• Ideal in tight spots
• Can be used for hanging directional signs or warnings
• Has a powder-coated finish

Standard Golf Co.
golfcourseindustry.com/readerservice # 205

AccuAire core aerator
• FlexWing design allows aerator to follow the contours of the ground
• Solid steel frame and extrawide racks add weight
• Core spoons rotate on roller ball bearings
• Water tanks for extra weight are optional
• Equipped to use slicer blades or core spoons
• Available in 69- or 93-inch lengths

Broyhill
golfcourseindustry.com/readerservice # 206
Jet Black lake and pond dye
• Blend of environmentally friendly, nontoxic black dyes
• Formulated to reduce sunlight penetration
• Gives water features a natural, black color
• Each EZ SoluPak will treat one acre-foot or 325,000 gallons of water
• Waterproof overpack prevents accidental staining during product handling

Precision Laboratories

Cooler Pro
• Made of recycled plastic with a realistic wood-grain appearance
• Versions include a 48- or 100-quart Igloo cooler
• Cooler lid attaches to the Cooler Pro and can be detached to use the cooler separately
• Maintenance free

Par Aide
