THE ROLE OF ROLLING
Alternately rolling and mowing can help alleviate stress on greens while maintaining speed.

ONLINE POLL
What kind of water do you use to irrigate your course? Visit the GCI home page to cast your vote.

AIR IT OUT
Voice your opinion about a topic or bring attention to something you believe deserves it. Visit our message board at www.golfcourseindustry.com/messageboard and speak your mind.

GCI PODCAST
John Walsh, editor of GCI, interviews Roots' Scott Inman about biologicals and overall turfgrass health. Visit our home page and click on the podcast icon to listen.

EDITORIAL MISSION STATEMENT:
Golf Course Industry reports on and analyzes the business of maintaining golf courses, as well as the broader business of golf course management. This includes three main areas: agronomy, business management and career development as it relates to golf course superintendents and those managers responsible for maintaining a golf course as an important asset. Golf Course Industry shows superintendents what's possible, helps them understand why it's important and tells them how to take the next step.
