MAP YOUR COURSE FOR FREE
Don’t have GPS? Available software helps you map out an area at no charge. Assistant golf course superintendent Colton Smith shows you how.

KNOWLEDGE IS POWER
Ronald Calhoun, Ph.D., a specialist in Michigan State University’s department of crop and soil sciences, suggests determining the types and causes of weeds before reaching for an easy herbicide solution.

AIR IT OUT
Voice your opinion about a topic or bring attention to something you believe deserves it. Visit our message board at www.golfcourseindustry.com/messageboard and speak your piece.

DIGITAL LIBRARY
You can view last year’s digital issues of Golf Course Industry any time you want on DVD. The digital library contains all the 2007 issues on one disc. The DVD is available at the online bookstore — www.golfcourseindustry.com/store.

EDITORIAL MISSION STATEMENT:
Golf Course Industry reports on and analyzes the business of maintaining golf courses, as well as the broader business of golf course management. This includes three main areas: agronomy, business management and career development as it relates to golf course superintendents and those managers responsible for maintaining a golf course as an important asset. Golf Course Industry shows superintendents what’s possible, helps them understand why it’s important and tells them how to take the next step.
