THOMPSON COMPOST SPREADER

This is a new, practical one-man Spreader which distributes rapidly and uniformly at any rate of application desired. It contains a great new non-clogging force feed principle for distributing moist or dry material.

Spreads all materials used on greens or fairways without ridges or bare spots. Distributes compost or prepared soils, fertilizers and plant foods.

There is a Thompson Spreader and Sower for every golf course requirement.

Write today for literature on the complete Thompson line of Spreaders, Seed Sowers and Barrel Sprinklers.

Member Interest Sags, Club Offers Insurance

One of the clubs that was put on the bum by promoters who took their customary deadly percentage of the income during the formative stage, made use of an interesting life insurance plan in trying to revive the moribund enterprise.

The club's bulletin describing the idea read:

Last August the membership voted an assessment of $250.00 and about four hundred members have met this assessment to date. If you pay this assessment you are insured under a 20-Year Endowment Policy for $250.00 plus the amount you have already paid in for your membership. The Club pays the premiums on the Life Insurance Policy, which means that you or your beneficiary are assured of the money paid in and you have your membership equity without cost. The money so collected will remain in trust until there is sufficient amount to go ahead with the building. If sufficient money is not raised, the money less nominal expenses will be returned.

GOLFDOM welcomes pictures of your course, clubhouse exterior and interior, and of your pro shop. Send them to us, please.

“FRIEND” GOLF COURSE SPRAYERS

Large—Medium—Small

To protect putting greens, fairways, trees, and shrubs against Brown Patch, Grubs, and all diseases and pests.

A rapid and economical method of applying liquid fertilizers.
