GOLF SHIRTS
Swanky—Comfortable—Practical
IDEAL FOR CADDY UNIFORMS
Made of Terry Cloth (Bath Toweling), Yellow, White or Blue, with Club Emblem sewed on. Adds style and dignity at small cost. Sample on request.

$1 COMPLETE, INCLUDING CLUB EMBLEM
Light DURABLE, COLOR-FAST
Ideal for Shirt or Sweater by Members, Too.

A Service Your Members Need
GRIP-RITE SHU-SPIKES
Give a firm stance—PREVENT SLIPPING
First choice of pros because:
• easily, quickly inserted or removed from any shoe
• 8 sizes—flat or pointed
• self-selling service that brings profit and goodwill

50 "GRIP RITE" SHU-SPIKES
Made Solely by North & Pfeiffer Mfg. Co., Hartford, Conn., U.S.A.

M&BCGA and WMGA Hold
Joint Meet at Lansing

A CLIPPING from an unidentified Lansing (Mich.) newspaper, sent in by Herb Shave, indicates considerable activity this season by the members of the Michigan and Border Cities Greenkeepers' assn. and the Western Michigan Greenkeepers' assn. Says the clipping:

"Seventy-five sun-tanned, weather-beaten veterans of a peacetime war that never ends met on a miniature battlefront recently, an unusually peaceful appearing battlefront, consisting of nothing more than a huge oblong of smoothly cut green turf.

"The huge oblong was marked off into a series of squares, and even to the uninitiated, though the squares were all one continuous piece of turf, there was a difference noticeable between the turf in the various squares.

"It was a joint meeting of the Michigan and Border Cities Greenkeepers' Association with the Western Michigan Greenkeepers' Association, more than a score of Michigan cities being represented. The miniature battlefront was an experimental turf plot on the grounds of Michigan State College at East Lansing, Mich.

"A day of reckoning was at hand for the oblong turf plot represented three years of peaceful warfare. On it has been fought many of the problems that make a greenkeeper's task nearly a 24-hour-a-day job and requires expenditures of sums running into thousands of dollars on every well-kept golf course.

"The experimental plot, C. Ernest Millar, professor of soils, went on to state, offers a vast source of valuable information available to the greenkeepers and golf course operators throughout the state.

"William Smith, of Red Run, president of the Michigan and Border Cities Greenkeepers' Association, and William Phillips, of Blythefield, Grand Rapids, president of the Western Michigan group, heartily indorsed this view and 75 sun-tanned, weather-beaten veterans of a war that never ends, showed they concurred by attending."
