CIRCELLI'S 64 WITH STREAMLINE BALL NEW ROCKWOOD RECORD
Tarrytown, N. Y.—Pat Cirelli, Rockwood Hall CC pro, cut 4 strokes off previous course record to set new mark of 64. Pat wasn't off the fairway. He set the new record with a Burbank Streamline ball and says his straight line performance was a demonstration of the merit of Streamline marking, which is designed to reduce hooks and slices.

SEAGRAM NAMES QUARTETTE FOR CHICAGO CLUB BUSINESS
Chicago, Ill.—Bill Evans, formerly manager of Ridgemoor CC, has joined Seagram Distillers Corp. A. Richard Moulin, formerly manager of Maillard's restaurant has been appointed manager of Seagram's sales and service to clubs and institutions in the Chicago district. Messrs. Burke and Fox are the other team-mates on Seagram's Chicago district club staff.

Edward Canby, Sr., 84-year-old vice pres. of The Crawford, McGregor & Canby Co., scores in the low eighties and plays at least three times a week. He still scores better than par as a salesman. Tommy Armour and the senior Canby played hookey from a recent McGregor sales session to work out on the golf course. The Senior Canby has been doing so well with his new McGregor-Armour clubs that Tommy argued with the old gentleman about who would give strokes to whom.

SPALDING PUBLICIZED AMATEUR AND OPEN VICTORIES
New York City—Rush action with leading newspapers in New York, Chicago, San Francisco, Boston and Pittsburgh again enabled A. G. Spalding & Bros. to advertise use of Spalding equipment in National Open and British Amateur victories this year. In the case of the British triumph of course the name of Lawson Little could not be used in the advertisement, due to amateur proprieties. The fact was brought out that the Spalding ball has had 9 wins out of the last 15 British Amateurs.
The National Open ad told that both the
winner and the runner-up played the Spalding ball, Jones irons and Spalding woods and wore Spalding golf shoes. It
states that of the 157 players in the field 83 played the Spalding ball, 74 the Jones irons and 51 the Spalding woods and that
with two exceptions, the US National Opens since 1913 have been won with the Spalding ball.

**HAGEN COMPANY OFFERS BARGAIN IN PRACTICE TEE DEVICE**

Detroit, Mich.—Remainder of the supply of the Green Tee, a practice tee device that supplies balls for easy practice, has
been acquired by the L. A. Young Golf Co., 6545 St. Antoine ave. While these tees last they will be sold at a special price of $2
each.

U. S. golf ball sales cabinet has become a feature of pro shop displays. It is 12 in. wide, 15 in. deep and 23 in. high, has a glass front and reserve stock compartment so the pro can sell from reserve stock instead of disarranging the display. The cabinet goes with original orders for two dozen each of Spun Latex U. S. Royal, 444 U. S. Royal, Fairway, Nobby and Tiger. Reserve space stocks 12 dozen balls. It is proving to be a strong sales-maker.

**NEW CADDIE RAKE ANSWER TO TRAP PROBLEM**

New York City—Arthur D. Peterson, golf course equipment and supply dealer of 420 Lexington ave., has a light bamboo caddie rake, sturdily assembled and wired, which is helping many clubs to keep traps in good condition.

The rakes sell to the clubs at $1.75 a dozen. They weigh only 4 ounces and are issued to caddies as they start on their

DIAMOND TRACTOR SPUD SALES BOOM IN GOLF
Duluth, Minn.—That business in golf is out of the rough and rolling smoothly is evidenced by optimistic reports from Diamond Calk Horseshoe Co. The company
Premier Poultry Manure
will give you greens and fairways
your members will crow about

The surest way—the thriftiest way to get, and hold, healthy turf on your greens and fairways is to feed a natural grass food. That's why Premier Poultry Manure is used, has been used for years, on hundreds of America's fine courses.

Send for "7 Reasons"... it tells how the why of Better Turf.

makes a steel center tractor spud for golf course work, which has been constantly boosting its sales record, they report.

The spud serves the double purpose of providing traction for tractor wheels and of aerating the turf. It is so tapered that it punches clean, small holes and it keeps this shape until worn away because of an extra hard steel core that out-wears the softer outer steel. This exclusive feature gives longer life to the Diamond spud, according to the manufacturers. The spud is equipped with a thin shoulder that gives ample grip to a wrench and yet does not damage turf. A split washer keeps the spud locked firmly to tractor wheel.

The Diamond Calk Horseshoe Co. has recently issued a series of catalogs covering the complete Diamond line, including a section on tractor spuds. Other catalogs are: Diamond Tools (Wrenches, Pliers, etc.), Pitching Horseshoes, Drop Forgings (Hooks, Picks, Mattocks, Clevises), and Horseshoes and Calks.

Salesmen—Wanted for complete line of golf balls in Detroit, St. Louis, Cincinnati and Louisville districts. Excellent commission basis proposition. Write advising of experience. Address: Ad 13003, Golfdom, Chicago.
