NATION-WIDE plan to give high school and college golfers reduced fees at restricted hours on pay-as-you-play courses is being studied by the National Golf Foundation. The National Golf Foundation is an extension of PROMotion, which, with energetic cooperation from pros, gave greatly developed scholastic golf play upon the past two seasons.

Officials of public, daily fee and private courses are being queried on details of the plan with a questionnaire which is revealing a vast amount of close-up information on methods of satisfactorily increasing the number of scholastic golfers.

Executives and pros of clubs who have not received the scholastic development questionnaire are asked to write for a copy of it, addressing National Golf Foundation, 14 E. Jackson bldg., Chicago.

Glenn Morris, Director of the Foundation, soon will release a summary of questionnaire returns which will be sent to interested club officials and to school administrative and athletic authorities.

Colorado Golfers Plan Open Tourney—Grand Junction, Colo., chamber of commerce is sponsoring a $500 open golf tournament September 23-24, which will be held at the Lincoln Park Golf Course. Many entries have already been received from Denver and Salt Lake City golfers, and tournament officials are working to obtain several of the touring pros for the event. First prize money will be $200. Haydon Newton is the host pro.

Golf Salesmen’s Assn. to Hold Annual Tourney, Sept. 18

SEVENTH annual Golf Salesmen’s Association pro-salesmen’s tournament and party will be held at the Lake Merced G & CC, San Francisco, on Monday, September 18. Purse will range from $600 to $1000 depending on the entry and annual benefit raffle. There will be prizes for all flights, which include greenkeepers, newspaper men, club managers, assistant pros, and salesmen.

The party following the tournament promises to be a dandy, with plenty of local talent on the program. The tournament and party is strictly an invitational affair. Invited professionals, however, in turn may invite their club manager, greenkeeper, assistant and one amateur from
their club. Newspaper golf writers will also be guests at the event. Roy Schoepf, U. S. Rubber Products, Inc., is president of the association.

The modern club is the concentration of the utilities that deliver creature comforts.

Next to making building fireproof is the installation of a sprinkler system to protect from fire.

There is service and service, but the essential kind at the club is satisfactory service.

A pleasing personality is the only kind that fits into the club business.

Club service is largely eye-service. It is impossible to give service by remote control.

The heaviest load is that carried by the club employee who has a chip on his shoulder.

A note to club employees—the manager will be pleased if the members are.

The club business—that of making a comfortable living by making the members comfortable.

The paint bill usually represents a profitable investment.

In the club business, renovation should be a constant process, not an event.

**NOW is the right time to SEED!**

Weather and working conditions are all in favor of Fall Seeding—and so are seed prices this fall. With weed growth dormant, turf gets a better start and will be months ahead when the new season starts.

We've built a lively seed business with clubs that insist on the right seed at the right price. Let us quote on your requirements.

**HOW ABOUT EQUIPMENT?**

The George A. Davis catalog will show how to do a thrifty job of fall upkeep.
