HIGHLAND, INDIANAPOLIS, IN CLEAR—Amazing story of golf club getting out of the deep red lies behind Highland G&CC, Indianapolis, Ind., paying off final $8,000 of second mortgage late last year and becoming entirely free of debt. Club was organized in 1919. In 1934 club was $40,000 in arrears on obligation for property, in debt to trades creditors and without credit. Under administration of Dr. J. William Wright, elected pres. in 1940, arrangement was made for buying club property and rehabilitating clubhouse. First mortgage of $65,000 was paid in 11 months and second mortgage of $32,800 in less than 4 years. Club has spent $75,000 in rehabilitation, and has $139,000 in government bonds, cash and food and beverage inventories.
Notes on the inflation, boom, or whatever you want to call it: Augusta Masters' tournament gate at fancy prices grossed more than George S. May's Tam O'Shanter big gates at popular prices.

A reason for Yank pros not entering British open is British law limiting money that can be taken out of Britain. Dick Burton's guarantee for trip to compete in Nelson match and Goodall tournament are fat expenses and fee. Shortage of waitresses for opening party of Skycrest CC (Chicago district) resulted in 12 Northwestern university sorority girls taking the jobs. Among them were a daughter of one of the nation's wealthiest men, a women's golf titleholder and six girls whose families are members of very snooty clubs. Byron Nelson plans to play in only 18 tournaments this year.

Close follower of the tournaments says strain of the tournament stars having to follow stock-market ticker as well as the scoreboard figures is nerve-racking. Well, why not? More pros making $50,000 and over yearly means more ambitious boys playing golf. Now if the PGA and manufacturers can figure out a way to give some sort of encouragement and financial aid to home club pros as has been given to tournament pros, maybe everybody will be rich. Maybe.
