THE GOLF NEWS
IN BRIEF
By HERB GRAFFIS

Many golfers and sportswriters declare Babe Didrikson the "biggest name" in golf today. Her British women's title as her 16th consecutive victory gives her a record in women's golf far beyond anything ever done in men's golf. Joe Horgan, the patriarch of the caddies, says The Babe is better than Joyce Wethered or Glenna Collett. That should make it official.

Columbus (O.) open tournament officials hope to get her in their field. Women's intercollegiate at University of Ohio course wants her for exhibition. Chances for cashing in are becoming so numerous we wonder how long The Babe will remain an amateur even with husband George Zaliarias' wrestling shows taking noble care of the grocer man, etc. With The Babe in it the British women's championship outdrew the British amateur.

With everything running O.K. on Fairway ranch Byron Nelson is taking a few weeks off to play exhibitions. He looks 10 years younger than he did after finishing as the loser to Oliver in a semi-final of the 1946 PGA. Wonder when pros are going to quit saying an amateur never again will win the National Open? Those who make that forecast don't realize that many a pro is trying to teach an amateur so the kid will win the Open some day and be a credit to the instruction genius of his teacher.

The O. B. Keelers, the famed Atlanta golf journalism team, came by their golf naturally. O. B. began back at Lake Geneva, Wis., shortly after the Indians vacated and Ma's folks who first came to this country were Donald and Eleanor McIntosh of Inverness, Scotland, who arrived in North Carolina about 1800. Topeka, Kan., thinking about building a muny course. Jimmy Love of Peoria has won Illinois 1947 high school golf championship and Illinois Jr. Chamber of Commerce championship. Vin OBey, Wachusett CC, Worcester, Mass., pro is a good man with the sticks. Wish we knew of some other hot golfer named Honor so we could have Love, Honor and OBey as a tournament pairing.

Women's Western tournament at Capital City CC, Atlanta, had all the observing males impressed by the gals' efficiency and thoroughness in tournament management. Ed Danforth gave them a great hand in his Atlanta Journal column. Ed quoted Howard (Pop) Beckett, Capital City pro, in highest commendation of the WGA tournament management. "It is earnestly recommended that the men folks from all the clubs in Atlanta drop out this week and see how a big tournament should be run. The ladies have taken all our ideas and streamlined them," Ed concluded.

Fred Ebetino of Patterson Field course at Dayton, O., is in his 21st year as a pro at Dayton. H. I. Phillips delivered a blast in his syndicated column against easing up on rules of golf in tournament circuit play.

KILL WEEDS
with
BEAN GOLF SPRAYERS

Weed-treating fairways and roughs of a nine-hole golf course in less than ten hours is easy for this powerful John Bean Golf Sprayer, shown operating on a Michigan course. Bean sprayers are field-tested, built for the job—with efficient agitators for mixing materials, quick-acting regulators that hold the pressure where you want it, and powerful pumps that get the spray onto the turf evenly, quickly, thoroughly.

KILL WEEDS NEAR FLOWER BEDS

Attach the new Bean Lawn Protector to the sprayer and you can safely spray near flowers and at the edges of greens with 2,4-D and other chemicals (write for special booklet). With a Bean Spraymaster Gun, the outfit sprays flowers, shrubs and trees with fertilizers, fungicides, insecticides. Efficient for firefighting, spray painting, whitewashing.

Ball Bearing meant the Best in "bikes" and roller skates . . . . . . That's the way it is with Sprinklers, too!

The New "Greenkeeper"

DOUBLE ROTARY SPRINKLER

Greater Distance — Better Coverage
Positive Action — Longer Life

A new Double Rotary with ball bearing action—easy-running, long-wearing, distance covering. It's the Double Rotary principle of a moving line of water (like raindrops) that allows all the water to soak in. No waste.

Positive action, not affected by the wind. All the old, good qualities, but with a new ball bearing action to run easily on any pressure, to reduce friction and so to lengthen the life of the gears. Covers up to an 80-foot circle, depending upon the pressure. Coverage reduced, without loss of efficiency, by a turn of the faucet. A great sprinkler . . . . . . $13.50

He retired from competition years ago because of an arthritic left arm. He made his winter home at Southern Pines, N.C., and his summer home at Char-levoix, Mich. He is survived by his widow and a son and daughter. Emmet was a gracious and helpful gentleman who contributed much to the game in which he had a host of friends.

Jim Thomson has a record of staying on the job. He's been at Mohawk in Schenectady, N.Y. for 29 years. In the winter he's been in Florida for 31 years. Ten of them were at Tampa and the last 21 at Ormond Beach. In a bull session with Jim during the PGA and listening to some of his new ideas I was again impressed by how much of these veteran pros keep their minds young, alert and searching.

Semi-finals of the PGA brought together 3 pros' sons, Ferrier, Harbert and Bell, and the son of an Italian-born railroad man, Ghezzi. Ferrier's father was born at Carnoustie, Bell's dad in Monifieth. Harbert's pappy was born in Ohio. For a guy with some mileage on him and as a hard worker teaching under the Kansas City sun you've got to bow to Leland Gibson. Gib was only 7 shots behind in the
National Open and was knocked off by Herbert after a tight struggle in the quarter finals of the PGA.

DISTRICT GRANTS TO HELP GREEN SECTION RESEARCH

Policy of the USGA Green Section to decentralize but coordinate turf research is receiving impetus from contributions made by district organizations.

At a recent joint meeting of the Indiana GA and the Indianapolis District GA it was voted to contribute to the Green Section for an indefinite period $500 a year for turf research in Indiana. This fund will be supple-

mented with funds from the Midwest Turf Research Foundation and the USGA to establish a Research Fellowship at Purdue University, West Lafayette, Ind.

The Detroit District GA voted $750 a year for an indefinite period to the Green Section for turf research in Michigan. It is planned also to supplement this money with funds from the Midwest Research Turf Foundation and the USGA for a Research Fellowship at the Michigan State College, East Lansing, Mich.

These two fellowships will be established as soon as practicable.

Approximately $6,500 will be made available in the near future to the USGA by the Tulsa Golfers’ Fund for War Wounded, to be devoted to turf research in Oklahoma.

Through efforts of the District of Columbia GA the Kenwood G&CC has donated $25 for turf research.

At the first annual Southeastern Turf Conference held at Tifton, Ga., a telegram was received from T. R. Garlington and Robert T. Jones, Jr., advising that the Atlanta Athletic Club had approved the expenditure of $1,000 a year for an indefinite period, to support the regional program of Turf Research now in progress at Tifton. This brings the annual total of contributed funds to $2,060.
