shops measure up to the rest of the club building. Some of the private clubs I've visited have beautiful locker rooms, bars and restaurants, but the pro shops look more like run-down caddy houses.

At the beginning of this season I had my shop, which is ideally located between the first and tenth tees, redecorated. Stained asbestos shingles cover the walls halfway up. Above them are handpainted green silhouettes of palm trees, a beach, mountains. There are nautical lights and a gambooo shade to separate the repair bench from the main shop and show cases. The shop boy is told that dust must not settle on any of the merchandise at any time.

My shop is in the basement, but the modern decor gives it a light, breezy air and the golfers like it, judging from their comments.

The public links golfers deserve any good the pro can do for them. I have found time and time again they will remember you for any favor you do them and they will patronize your shop as much as they possibly can.
