The Golf News in Brief

Next May 19 golf celebrities will gather at late George Ade's Hazelden GC, Brook Ind., when Ade's executors turn club over to members after the 5 years' operation since humorist and playwright's death. Twin Orchard CC (Chicago dist.) recently turned over another $1,500 to Chicago District Golf Charities, Inc. for hospitalized veterans' recreation fund. Twin Orchard's annual pro-am events staged by club with Illinois PGA have raised $7,000 for veterans in past 4 years. M. K. Karzen, Twin Orchard sports and pastimes chmn., says other Chicago district clubs have shown interest in conducting similar events.

Negro golfers' suit for $315,000 against PGA dismissed by Reno court Sept. 20. Plaintiff's attorney conceded that Negroes' failure to comply with PGA regulations, rather than color, was reason for denying Spiller, Rhodes and Gunter entry at Richmond tournament. If Negro pros apply for admission to PGA tournaments matter will be considered by PGA Executive committee during PGA annual meeting, Dunedin, Fla., Dec. 1-3.

Six months gap between declaration to turn pro and eligibility to PGA-sponsored tournaments and additional requirements of signing PGA tournament player's contract is dismaying to amateurs who expected to turn pro promptly at winter tournaments if they score in prize money figures. Necessity of reducing tournament fields given as reason for PGA action.

Leading private clubs getting increasingly reluctant to take tournaments, except national championships, Western Open and Amateur and Women's Western GA major events. Possibility of Negro players and gallery at private clubs where they're non too eager to have a crowd of whites is further tightening tournament prospects at better clubs. White pros wondering when Negro businessmen will build good courses and hold tournaments with big purses.

Longest recorded ace of the year made by Wm. Winterton on Cortland (N.Y.) CC 300 yd. 11th. Al Gerring, High Point, N.C., muny course pro in weekly radio program that gets many listeners. Annual Evans scholar day held at Bob O'Link GC (Chicago dist.) with Western GA officials as hosts. Willie Turnesa, National Amateur champion, tied for 3rd place in British Victory tournament at Metropolis CC (NY Met. dist.) 2 weeks after winning U.S. title.

NY Dept. of Parks annual Knickerbocker handicap tournament this year had 1,200 contestants from the city's 10 courses. Onondaga G&CC tells its 50 years history in booklet distributed to members. Bill Mitchell, Onondaga pro-gkpr., in 21st year with club. His predecessor, Jack Jones, was with the club 20 years. Joe Balnis, Bridgehampton (N.Y.) club pro starts Jan. 1, 1949 as Florida season pro at Useppa Island club, Fla.

Denver stories bum-rapped Ben Hogan for leaving without accepting first prize money. Hogan thought Freddie Haas was a sure winner but Haas blew in the stretch. Hogan telephoned the club but the message was muffed. During the Denver Open Ben appeared on two radio programs to plug the event. Willow Brook CC, Tyler, Tex., considering building new 18 hole course. Louise Suggs on exhibition tour in southern California and southwest.

Estimated average age of members at majority of Grade A private clubs in central and eastern metropolitan districts is over 50. Difficult to figure out an answer for private club membership at prices highly desirable young people can afford. Jerry Glynn, Skycrest CC (Chicago dist.) pro and noted as developer of women golfers, points out that in Women's Western Amateur finals on a very tough course the Riely and Kilasty had medals of 75 and 76 and in USGA Amateur finals at Memphis Turnesa and Billows had 74 and 77 as medal scores for the first 18 of the finals. "How weak is the weaker sex?" asks Glynn. Chicago District Golf Charities, Inc., October, 1948

Turf that Speaks for Itself!

MILORGANITE SCORES AGAIN

Memphis Country Club Site 1948 National Amateur

This club inaugurated a turf improvement program in 1947. It produced outstanding turf for the 1948 National Amateur Tournament. Fairways were a velvet-like carpet — greens were exceptional.

Fairways got Milarsenite at 400 pounds per acre, three times, spaced two weeks apart, starting in July, 1947 to kill crab grass and clover. Milorganite was used in September, 1947, at 1,000 pounds per acre.

Greens got phosphate and potash generously last fall. This year Milorganite only was applied each month at 40 to 50 pounds per 1,000 square feet. Top-dressing was used when needed to keep runners buried. The Bermuda grass was leafy and fine textured.

Mr. Francis and Jim Hamner may well be proud of their achievement.

AERI-LINX DRAGMAT

The Aeri-Linx is a lightweight, inexpensive dragmat. It's just right for crumbling the soil plugs brought to the surface by the Aerifier. Smooth surfaced mat does not tear turf at all. Wheels at the front keep front end of mat elevated so soil plugs pass under it, instead of being pushed along ahead of it. The seven by ten foot mat is plenty large for rapid coverage, but light enough that one man can easily handle it.

An Efficient One Man Tool

The Lint Sod Cutter has been designed and built for easy one-man operation. Light in weight but sturdy this cutter requires no more pressure than is required to drive a spade into the ground, then by a series of easy forward shoves, the blade will cut smoothly and evenly under the grass roots leaving a straight, almost invisible cut. The sod may then be rolled or cut into short lengths for easy handling and replaced without damage to the grass. The smooth even cut allows the sod to fit evenly back into place and the surface is ready for immediate use.
