NEWS OF THE GOLF WORLD IN BRIEF

Newspaper story about Happy Chandler, ex-commissioner of baseball, being considered for a job as commissioner of pro golf had merely a locker-room chat foundation . . . PGA has no money for a commissioner . . . Aspirin expense alone for a commissioner would be $25,000 a year . . . Pro golf had a commissioner for a period when Albert Gates, a former president of Western Golf Assn. held the job . . . He was an affable front man with poise and class and handled legal business of the association . . . Jack Mackie was PGA treasurer and did the back-stage work with such expert Scotch finesse the PGA kitty was fat . . . That was before the tournament circuit got to be big business and show business brought complications . . . As will be understood when PGA releases a financial report so all members can study it carefully, the tournament operations are not self-supporting . . . But tournament business as a PGA show window and playing and teaching training school is sound investment.

PGA making deal with Sportsvision, Inc. for exclusive television rights to PGA co-sponsored tournaments with film to be canned for national release after live TV is put on by local sponsors . . . Sportsvision televised Pacific Coast football games last fall with automobile company as sponsors . . . USGA answer to questions about selection of Walker Cup team is that players couldn't be picked except on comparative basis of USGA amateur championship showing . . . Without this common denominator the selecting job would be like trying to determine how many apples could go into eight bananas.

Wm. J. Thombley switches as pro to Brook Hollow CC, Dallas, Tex., from Arrowhead CC, San Bernardino, Calif. . . . First competitive round Sam Snead played after recovering from broken bone in left hand was 63, 8-under par, tying course record in La Gorce CC (Miami Beach, Fla.) pro-amateur . . . Event was won with 57 of Willie Klein, La Gorce pro for 25 years, and his three member companions . . . Women's tournaments outdrew some of men's shows in Florida this past winter.

Seagram whisky people to make up difference between US and Canadian exchange for American pros competing in Canadian Open at Mississauga GC, Toronto, July 4-7 . . . Seagrams has increased Canadian Open prize money from $10,000 to $15,000 . . . Smart public relations for the Canadian distillers to associate with golf . . . American liquor business association with the underworld's scummiest bums has been frequent unsavory revelation of Kefauver investigation . . . In view of traditional popularity of decent drinking in golf the golf club members and managers wonder why reputable elements in liquor business are backward about identifying themselves with respectability . . . Profits on the golfers' thirsts, as well as wisdom of being more favorably known by the company they keep, recommends that clean liquor companies give attention to their golf business where club membership committees select "the gentlemen of distinction." . . . In view of Kefauver and Cairo disclosures U.S. golf organizations now would have to shy away from liquor company championship sponsorship such as is O.K. in Canada.

At Royal Lytham and St. Annes dog-leg 17th there's a plaque on a bunker's edge commemorating a recovery shot Bob Jones played in the final round winning the 1926 British Open with 291; two less than Al Watrous . . . The Jones mashie-iron used for the shot is in a glass case in the clubhouse . . . British Open of 1952 will be played at Royal Lytham and St. Annes . . . Jose Jurado, veteran Argentine pro who competed in U.S. and Britain, made mgr., new Buenos Aires muny course on which there's no green fee for public play on fine course with excellent formerly private clubhouse . . . Australian Golf Union raising $12,000 fund for trip of team from Royal and Ancient to visit Australia in 1952.

Sydney (Australia) Technical college has year-round course for greenkeepers with classes one night a week . . . About 40 greenkeepers attend . . . Locke's Australian tour with 61 exhibitions drew more than 35,000 . . . Locke was under 70 score 26 times . . . First British Women's Open to be played this summer when American girl pros go across on Weathervane trip . . . Ladies Golf Union of England has approved the competition.
You can't argue with results... and Turf-Maker's popularity is due entirely to the results obtained by Nurserymen and Greenskeepers all over the country. You can depend on Turf-Maker for a deep rooted, perennial turf.

GET THOSE WEED ROOTS!
GO TO THE ROOT OF YOUR WEED
PROBLEM WITH THESE DOLGE PRODUCTS

DOLGE SS WEED-KILLER
Where no vegetation whatever is desired such as your parking places, walks and tennis courts. Penetrates deep down to plant roots and kills. Sterilizes the soil, preventing normal sprouting of wind-blown seeds. Weeding the thorough modern chemical way eliminates backbreaking toil and saves the cost of many labor-hours.

E.W.T. SELECTIVE WEED-KILLER (2-4-D)
The efficient way to control weeds on your fairways. Works its way down into the roots of brush, dandelion, plantain, poison ivy, ragweed, sumac and other obnoxious plants, but does not injure most turf grasses.

Please write for descriptive literature explaining how these tested DOLGE products can best be used for YOUR weeding requirements.

PMAS the proven HERBICIDE-FUNGICIDE

Ralph Cripe named pro at Decatur, Ill., Scovill public course . . . Woodmont CC, Washington, D.C., gave its greenkeeper Rudy Wills a television set as a 20th anniversary present . . . Rudy and Green chmn. Leopold V. Freudberg make one of those great course maintenance teams highly valuable to a club . . . Bill Steedman, Seattle (Wash.) Times veteran golf columnist devoted column recently to lauding greenkeepers . . . Column was based on interview with Glen Barclay, Sand Point CC supt., about NGSA convention at Chicago, the superintendents' extensive practical and scientific service to golf and general lack of recognition of greenkeepers' achievements . . . Bill also referred to new problems in course maintenance, especially in approach areas, caused by bag cart use.

Reg Renfree, supt., Sacramento (Calif.) Recreation dept. to file application for government permit to construct clubhouse on new Bing Maloney public course . . . Proposed clubhouse to cost $45,000 . . . Indications are that government restrictions on course construction will be eased on application, especially in cases of public
THE FERGUSON
NIGHT CRAWLER
GREEN AERIFYING MACHINE

Buyers will be thrilled with the performance of the 1951 Night Crawler for these 10 big reasons:

1. No damage to putting surface. The Night Crawler can be used any time.
2. More holes per square foot.
3. Deeper penetration under all conditions.
4. Fast (18 greens in two days)
5. Clean cutting tines will not transplant crabgrass and Poa Annua.
6. Turns around on green while in operation.
7. No mechanical clutches — cam operated from one lever.
8. Climbs steep banks and approaches.
10. Straight-in straight-out aerification.

Don't punish your greens — get a Night Crawler. Don't take our word — compare the work or ask the man who owns one.

WHAT DOES IT COST
to prepare top dressing
MANUALLY?

COSTS REDUCED 89%
when you use a
ROYER COMPOST MIXER

One man and a Royer Compost Mixer can prepare nourishing, ready-to-use top dressing in one-eighth the time needed by ordinary manual methods ... with a consequent saving in labor costs.

And the sand, fertilizer and humus (or other top dressing ingredients) are granulated to correct, uniform fineness and blended into a top quality compost ... free of sticks, stones and trash ... ready to be fed to hungry greens. Hundreds of Royers are in golf course service, preparing top dressing the simple, easy way ... releasing valuable man power for other duties.

Find out how a Royer Compost Mixer will save time and money for you. Available in capacities to suit your needs. Write for Bulletin 46.

Joe Williams, Scripps-Howard sports writer put on first public golf clinic establishing present pattern, as Cleveland Press promotion in 1924 ... Walter Hagen put on the shot demonstration and instruction show then played 9 holes as a playing lesson for gallery of about 500 ... Grand article about Ben Hogan in March Reader's Digest ... Written by Frederick Hazlitt Brennan who did the movie story of "Follow the Sun" for 20th Century-Fox ... Sam Snead in RKO-Pathe Sportscope shot-making short taken at Greenbrier, White Sulphur Springs.

Al Huske engages Bud Werring of Minneapolis and Jim Pape of Terre Haute as his assistants at Glen Oak CC (Chicago dist.) ... Spokane (Wash.) CC new clubhouse ready for Pacific Northwest GA championships July 23-28 ... Talk is that USGA and R&A in getting together on rules will agree on stroke and distance penalty for ball out of bounds, lost or unplayable ... No chance of making USGA and R&A ball specifications the same ... Cost of changing dies and other manufacturing processes is too much ... Would mean increase in cost of golf ... Those who stock-piled (or hoarded) top quality golf balls in rush after start of Korean war might as well start spraying them all over the courses ... No shortage of top...
The Answer to Lost Spikes

CAM LOCKS have been added to the regular LARGE BASE spike. The CAMS hold spike fast in position. Will not rough sole.

F. C. PHILLIPS, INC.
STOUGHTON, MASS.

Don't wait for golf spikes to destroy your floors... Get real protection with PNEU-MAT-RUNNERS—proven by leading clubs from Coast to Coast. They resist rough treatment from the sharpest spikes, last for years, and cost is negligible compared to upkeep on your floors.

Remember, PNEU-MATS are not ordinary rubber runners. They are woven from heavy rubber and fabric strips. Write for complete information today:

"DEEPER, STRONGER
ROOT GROWTH—
WITH AGRICO!"

Hackensack Golf Club, Oradell, N. J.

"DURING many years as greenkeeper, I have made numerous experiments with different types of fertilizer and have come to the conclusion that a well-balanced fertilizer is best for turf growth," writes Bernard Roth, greenkeeper, Hackensack Golf Club, Oradell, N. J. "The plant food contained in your AGRICO COUNTRY CLUB Fertilizer is in just the proper proportion to produce rich, strong, green turf. Agrico helps make a stronger root growth than is the case when the turf is fed with one plant food element. Agrico has everything required to feed our greens and fairways."

Remember, Agrico is specially made to feed golf-course turf and feed it right. Order from your regular supplier, phone nearest A.A.C. Sales Office, or write now to The AMERICAN AGRICULTURAL CHEMICAL Co., 50 Church Street, New York 7, N. Y.

Get DUAL CONTROL
CRABGRASS and FUNGUS
with 10%
TAT C-LECT

Dollar Spot
Copper Spot
Leaf Spot
Small brown
patch

only

Cost per application 73¢ per green of 5,000 sq. ft.

This proved, economical, combination control prevents crabgrass and fungus from getting a start... is easily applied... costs little per green per treatment.

START four weeks prior to normal crabgrass emergence (April or May, depending on locality). Apply every seven days during the first month, then at 10-day intervals for balance of season.

FOR AN AVERAGE GREEN of 5,000 sq. ft., use 6 1/4 ounces of 10% TAT C-Lect in 80 gallons of water.

RESIDUE IN SOIL builds up... mercury kills crabgrass as seeds germinate and in addition controls turf diseases.

FOR NEW SEEDINGS use the same procedure, but do not start until 10 days after grass emerges.

ORDER NOW from your distributor... or we will ship direct and bill through your distributor. Estimate season’s needs and take advantage of these low prices:

For Your Members
Who Want the Best

Show Kenneth Smith clubs to your
members who want the best — they’ll
quickly sense that these are the world’s
finest clubs.

And while you’re talking, mention that
we hand-make every Kenneth Smith club
to fit each player’s natural swing; that
every Kenneth Smith club in a set is
scientifically matched and identically
swing-balanced; and that no other clubs
are so made and so balanced. Then
start filling out the order, fella, because
you’ve sold another set of Kenneth
Smith clubs.

Pros: Write for new booklet that
helps you sell Kenneth Smith clubs.

resented at Rules of Golf conference in England in May with USGA and R&A ... At that meeting Canada's possible participation in Walker Cup matches also will be discussed.

Jerome D. (Jerry) Travers, 64, died March 29 at his home in East Hartford, Conn. . . . Prior to his death he was inspector in an airplane plant . . . After his triumphs in golf he'd gone into the brokerage business with unfortunate results and later attempted to merchandise a putter but didn't get very far in that venture . . . He went far with a putter in winning the National Amateur championships of 1907, 1908, 1912 and 1913 and the Open of 1915 at Baltusrol . . . He was defeated 6 and 5 by Francis Ouimet in the finals of the 1914 Amateur . . . Only Bob Jones with 9 titles beat Travers' record in U. S. National championships.

Interest of Canada and Mexico in matches with American amateurs points to possibility of USGA eventually naming two or three international amateur teams instead of having a Walker Cup team contest in all international amateur events . . . Not many legitimate amateur stars could afford time from work to play in British, Canadian and Mexican competitions along with USGA National Open, and possibly in National Amateur and (Continued on page 90)
Front Cover: Spring busts out all over at the annual Dogwood tournament held at Druid Hills GC, Atlanta, Ga. The white blossoms of the dogwood, the robins singing their heads off, and the buds of 7s, 8s and 9s popping up where the nature-lovers expected pars and birdies, herald a new season of golf.

Al Espinosa resigning as pro at CC of Mexico City to return to US for summers . . . Russ Miller switching from mgr., Metairie CC, New Orleans to manage Florida hotel.

Turf Mgrs. from 5-State Area Attend Northwest Conference

Turf management officials and superintendents from a five state area in the Northwest including the province of British Columbia in Canada attended the fourth annual Turf Conference held on the campus of the State College of Washington at Pullman, March 21-22, 1951.

The program was developed by E. G. Schaefer, Prof. of Farm Crops and Asst. Dean of the College of Agriculture with the assistance of a local committee and members of the Northwest Turf Association. Addresses and discussions covered problems of drainage, irrigation, planting arrangements, turf improvements, diseases, fertilizers and weeds. Featured speakers who came from beyond the area were Dr. Eric G. Sharvelle, Plant Pathologist, Purdue University, Lafayette, Ind., and Dr. Gilbert H. Ahlgren, Agronomist, Rutgers University, New Brunswick, N. J. Other speakers on the program were from the west coast, the Univ. of Idaho and the State College of Washington affording those in attendance an opportunity to get firsthand information on reports and progress being made in turf management from the East, Midwest and West.

An idea of how big the business of scientific grass-growing is getting to be was shown by Sharvelle when he stated, "There are 10 million acres of improved turf in the U. S., including two million acres in lawns and landing strips at airports for light planes, and three million miles of grass shoulders on major highways and in parks and cemeteries."

Action taken at this session assured the Fifth Conference will be held in 1952.

MOWERS STOLEN — On February 5th, 1951 from Sedgefield Club, Greensboro, N. C. JACOBSEN GREENS MOWER — Serial #9922-4795 and WORTHINGTON POYNTER MODEL 20" ROTARY MOWER — Serial #W-20-1174. A reward of $25.00 will be paid by Sedgefield Club to the person furnishing information leading to the recovery of either or both of these Mowers.
