Evidence of the great training youngsters are getting in the junior championships was disclosed by Al Mengert's performance as runner-up in the National Amateur. Al, now 23 and recently thru with a hitch in the Army air force, was winner of the first two U. S. Junior Chamber of Commerce national junior national championships in 1946 and 1947. Mengert now has the shortest backswing for full shots we've ever seen in recent major championship contestants except, possibly that of Charley Bassler of Baltimore. Mengert's hands seldom get shoulder high on backswing but he finishes with hands high and bangs the ball out a goodly distance. Maybe he figures the short backswing gives him a little better control.

Tourney yips ruined Mengert's chances against the experienced, serene and smooth-swinging Westland.

Likes 50% natural organic of AGRICO FOR TURF

“I find that the 50% natural organic nitrogen content of AGRICO FOR TURF tends to maintain a better, greener color and generally healthier grass all summer long,” writes Harold Price, Superintendent of Lu Lu Temple Country Club, North Hills, Pa. “And I find that Agrico spreads without difficulty under any of the abnormal conditions that you can run into.”

Mr. Price gives us his formula for growing and maintaining the superb greens and fairways for which his club is noted:

“I use AGRICO FOR TURF on both greens — 20 lbs. per 1000 sq. ft. at a time — and fairways — 500 lbs. per acre as late as June if weather will not permit earlier dressing.

You can use Agrico in temperatures as high as 85 to 90 degrees in the middle of June.”

Hagen discovered that art and made obsolete the old orthodox scoring procedure. . . . Boros won the Open by being out of a trap-and-down-in-2 more than a dozen times. . . . He and Doc were even to the 15th in the World's championship. . . . Boros was in a green trap to the left with his second, blasted out and holed a 3-footer. . . . Doc took three from the short rough to the right and about 5 yds. short of the green. . . . On the 16th Boros knocked his tee-shot in a trap to the right and holed a 5-footer for his par. . . . Middlecoff was on and 3-putted from about 30 ft. . . . Those 2 holes made the difference between first money of $25,000 and 2nd of $12,500.

This spring Boros was about ready to quit the tournament circuit, discouraged. . . . One talking-to by girls who were dear friends of his wife's brought him out of the deep despondency he'd been in since Button's passing. . . . Tommy Armour advised Boros to change his tactics, let the long shots fly instead of trying to pin-point them, and make use of his marvelous trap shots by going boldly for the pin. . . . Armour also counseled Boros to putt boldly.

and get his putts up as he never was much off line... Incidentally, another turn or two of Boros' first putt on the 72d hole and there'd been no play-off.

Strange thing about the play-off, Middlecoff picked up on the 18th green without holing out... No chance for Doc to tie after Jay had holed his putt... Jim Ferrier came out of what he said was the worst 7 months of putting he'd had since playing competitive golf, to tie Roberto De Vicenzo for 2d at 277, a stroke behind Boros and Middlecoff... But Jim must have thought that Ol' Debbil Putter did him dirty when, after the longest study ever given a putt, Jim missed a slippery side-hill 5-footer to tie on the 72d.

De Vicenzo came close enough to show us Yanks what might happen if many more of the foreign talent got a lot of American tournament circuit experience...
