The Sports Turf Research Institute of Great Britain (formerly Board of Greenkeeping Research) made 1121 visits to golf courses and other sports fields in 1952; sent more than 15,000 letters in replies to queries. Institute's expenses for 1952 were equivalent of $58,000. USGA Green Section expenses in same period, $35,286. Despite other sports coverage of British organization's work comparison of operating costs indicates U.S. golf clubs are not adequately financing valuable work of USGA Green Section.

Early season rains in much of the country brutal on pro business. Pros now making up for lost time. Spring rains certainly impressed on club officials, committees and pros necessity of having attractive programs to extend northeastern and central states fall golf season. Rainy days bring out some smart display and merchandising of rain jackets and pants and golf rubber overshoes and got a fair amount of business and play from golfers who might have stayed in the locker-room getting wetter inside than players did outside. Biggest losses from spring rains and floods were British pros whose shops were flooded away and insurance didn't cover.

British golfer suggests that to finance British Walker Cup team to U. S. this year small replicas of Walker Cup be made, bought by British clubs, and used as prize in a club competition. Norman Von Nida in Australian press says he has been unfairly and inaccurately criticized by sports writers and that he is a grim but not bad-natured contestant. He could have made good use of public relations advice as competent as his own golf in stating his side of the case, as "deliberately calculated lies" and cheating are among charges he made in explaining his position. That's not the routine suggested in "How to Make Friends and Influence People."

British Golf Foundation making fine progress under chairmanship of Raymond Oppenheimer. British pros now teaching classes at more than 30 schools and expect to be giving golf instructions to students at 100 schools before year ends. British Golf Foundation primary financing through entry fees in "Beat National Open Champion" event such as originated by Life magazine and PGA in U. S. National Golf Day promotion. British golf manufacturers planning to aid financing. British Golf Foundation publishing concise, helpful booklets on lines of U. S. National Golf Foundation material for pro use in conducting class lessons.

Western Seniors' Golf Assn. 5th annual championship, July 9-10, at Shawnee CC, Shawnee-on-Delaware, Pa., entries coming in fast. Wm. V. Kingdon, 7520 N. Pennsylvania st., Indianapolis 20, Ind., is sec.-treas. Entry fee is $20. Entries close June 25. Fred Waring has made special rates at Shawnee Inn for Western Seniors. Success of Henry Cotton's physical training program for Ryder Cup matches already being reflected in his scoring. Dai Rees in physical training with football club. Other British Ryder Cup candidates working harder, earlier than they ever did before to get in condition for Ryder Cup matches at Wentworth, Eng., Oct. 2-3.

Get those Weed ROOTS!
Go to the Root of Your Weed Problem with These Dolge Products

To keep weeds off drives, walks, parking lots, tennis courts, sand traps you've got to finish the roots.

DOLGE SS WEED-KILLER does that and more. It kills the foliage, of course. It works down deep. It tends to sterilize the soil so that wind-blown seeds cannot sprout in it. Diluted as directed, it can kill the toughest weeds. Spray or sprinkle where you want no growth whatsoever.

E.W.T., is the Dolge 2,4-D Selective Weed-Killer. It finishes dandelions, plantain and other broad-leaved weeds in turf — does not harm good lawn grasses. It translocates; is absorbed and travels through the sap to the roots.

See your Dolge Service Man — he will call soon.
Write for the Dolge booklet on chemical weed control.

"I have been feeding my greens regularly with AGRICO COUNTRY CLUB and AGRINITE," writes Guy R. Tedesco, of Wachusett Country Club, West Boylston, Mass. He goes on to say:

"This combination has given me outstanding greens, especially for color and texture. During the hot summer months, I regularly feed Agrico by means of the proportioner, as often as is needed. By using a complete fertilizer during these months, I feel that my greens are being fed in the most beneficial manner. This is borne out by the color, growth and thick turf which result. Agrico and Agrinite give 100% satisfaction in results and are tops for golf course use."

*Order Agrico now — it's America's premier Golf Course Fertilizer. Contains both organic* and inorganic plant foods. Ask your regular supplier, or write to The AMERICAN AGRICULTURAL CHEMICAL Co., 50 Church Street, New York 7, N. Y.

SEIGNIORY CLUB IN CANADA RELIES ON MILORGANITE

People from all parts of the United States and Canada visit the Seigniory Club, in summer to play golf and in winter to curl. It is part of a large recreational area on the Ottawa River between Montreal and Ottawa.

Jack Campbell grows grass in the summer and supervises the ice rinks in the winter. When he took charge, fairways were plantain and clover mostly, and turf on the greens was hard to keep. Today fairways, greens and tees are exceptionally fine, as good as on any course.

Each year Campbell uses a carload or more of Milorganite.

The Seigniory Golf Club uses more Milorganite than any other fertilizer available.

Get Beautiful Greens INEXPENSIVELY

The inexpensive Dunham Spike-Disc consists of two rows of discs armed with long knife-like blades. It cultivates and aerates in one simple operation. Regular use of the Spike-Disc will give you healthy beautiful greens.

The knife-like blades of the Spike-Disc cut unnoticeable slots to the root areas allowing moisture to go down where it will do the most good. The Spike-Disc leaves no ugly holes or dirt plugs on the green.

PROS COLLABORATE ON SWINGROOV TRAINER

Swingroov Co., Dumont 7, N. J. has a new practice device on which Johnny Farrell, Larry Brancato and Bud Geoghagen collaborated. The device is one that allows the golfer to swing freely when his swing is correct but which impedes an incorrect swing. There is an instruction book by Farrell in each Swingroov package.

CANVAS "PRACTICE RANGE" HANDY FOR PRACTICE

Defender Textile Corp., 425 Broadway, New York, N. Y., is making a "Portable Driving Range" of extra strong tent duck which is water-, mildew- and fire-proof. The outfit's over-all dimensions are 8 ft by 8 ft by 6 ft. It is shipped complete with stakes, tent pins and nylon rope for quick and convenient installation at a handy spot in the golfer's yard or in warm-up space by a tee.

It is a surprisingly substantial outfit, and weatherproofed. Price is moderate. Sales have been rapid since its recent introduction and it seems to be a very good item for pro shop selling.

manufacturers' representatives, Chicago District men's and women's association officials and golf writers.

Southern California PGA recommendations for speeding up slow play now being displayed in clubhouses, locker-rooms and pro shops... In suggesting 10 ideas for faster play the SC PGA appeals to "all professionals and amateurs" and says professional golfers are probably the worst offenders in slow play... Western Golf Assn. hoping to get date other than Memorial day week-end for its 1954 Western Open... Lots of golfers playing this week end and stars exhibitions in general demand for this week-end... Hogan exhibition booking rather heavy this summer, preventing his play in Western Open... With the Evans caddie scholarship fund beneficiary of Western Open that's an event that would be fine public relations for Ben in view of his caddie background.

Johnny Bulla signed for winter job as pro at Paradise Valley CC, now being constructed at Scottsdale (near Phoenix), Ariz... Harold Matheson now pro at Lincoln (Ill.) CC... Bob Scherer, runner-up in National Publinx, now asst. to Charley Grant at South Side CC, Decatur, Ill.

Jack McAuliffe Sponsors Girl Pro Round-Robin

John E. McAuliffe is angel for the $7500 round-robin tournament for girl pros, July 2, 3, 4, 5 at new Shackamaxon CC, Westfield, N. J. This new event follows the first USGA Women's Open at Rochester, and will have an invited field of 16 leading women pros. McAuliffe's Triangle Conduit and Cable Co., Shackamaxon and the Ladies' PGA are co-sponsors of the tournament.

Proceeds from the tournament will be given to charities. McAuliffe's company is putting up the prize money. The competition will be played on the same basis as the Palm Beach annual invitation round-robin, one of the most interesting events in men pros' competition.

McAuliffe is a veteran golf enthusiast, a member of Baltusrol and Plainfield in New Jersey and Everglades and Seminole in Florida and other clubs where he has been active in events as player and tournament official. He is president of the Triangle Conduit and Cable Co., Inc., makers of plastic pipe that is coming into extensive use for golf course watering.

New Shackamaxon, which was converted to a private club last year, is in excellent condition and has a new clubhouse.
