Most publicity ever given one shot in golf was that on Lew Worsham’s eagle on the 410 yd. 72d in nosing out Chandler Harper at Tam O’ Shanter. It was a great break for extensive TV hook-up coverage. TV viewers saw the shot better than Worsham or most of those in gallery at Tam. “The Chin” went all out on a desperation drive and got about 300 yds., with downhill roll, on the last hole. Then he slapped St into the hole with his Double-Service club which has about an 11-iron loft. Worsham’s visor, the club and his ball also appeared on TV 7 programs after the miracle shot. Wild excitement in homes and elughs as shot was viewed on screens.

Worsham’s finish, cutting down Harper from $25,000 first money to $10,000 second, recalled Sarazen’s acute observation some years ago: “The second guy pays off his caddie in private.”

Conrad Rehling, U. of Florida golf chmn. of Physical Education dept., has written “Golf for Physical Education Teachers and Coaches” that will be published in spring by W. M. C. Brown Co. Contrary to some reports Snead did not deliberately break his putter at Tam O’ Shanter. He leaned on it and the shaft broke. Probably lucky for Sam. The putter was not true to him.

Lloyd Mangrum elected capt., U. S. Ryder Cup team. Team consists of Jim Turnesa, Jackie Burke, Walter Burkemo, Sam Snead, Dave Douglas, Ed Oliver, Cary Middlecoff, Fred Haas, Jr., and Ted Kroll. Hogan and Harrison had enough points to make the team but don’t want to make the trip. Fred Corcoran will manage the team. Team will play match against U. S. pro challengers at Reading, Pa., Sept. 18-20. Ryder Cup matches Oct. 2 and 9, and match against continental European pros at Paris, Oct. 6 and 7.

Tom Wilson, pro at Brunswick (Ga.) CC, honored by club members at party for his long service to club. Tom to retire after he and Mrs. Wilson take European trip. Most complete advance publicity copy a circuit event ever got, as far as we recall, was that on Labatt Open at Montreal. Small U. S. interest in the event didn’t get much of the publicity used in U. S. papers. Doug Ford won the event at Summerlea, Montreal, with 15-under 265. Burkemo 5 strokes behind. Wire service copy referred to event as Montreal Open and Summerlea Open. Papers naturally very shy about giving free advertising to tournament sponsors.

Ted Longworth resigns as pro at Waverly CC, Portland, Ore., to become new sales representative for Stan Thompson custom-made clubs and Bag-Boy carts. Ted succeeded by Howard Bonar, formerly pro at Alderwood CC, recently sold for $600,000 to city for airport expansion. Before he came to Waverly, Ted had a lot to do with early development of Byron Nelson and Ben Hogan.

Andrew Bracken now golf coach at U. of Florida. 18th annual Sioux Falls (S. D.) invitation tournament at Minnehaha CC drew record field of 506 players for 18-hole round. Field split over 2 days. Pro Ed Livingston and manager Max Richmond put on event that Sioux Falls Chamber of Commerce rates its best goodwill-trade development promotion. Merchants contributed $1940 in prizes. Prize distribution wide so community customers get the edge over pot-hunters.

Colin Kidd, pro, now operating Crystal Springs GC, Burlington, Ia. Competent Colin doing fine job of golf promotion at this beautiful spot where scenic attractions of which Colin and Mrs. Kidd are justifiably proud are the Kidd kids, Dorothy and Mary Jane. Lanier Reed, pro, Tullahoma (Tenn.) G&CC, wrote a fine compact series of golf instruction articles for Tullahoma News and Guardian.

FEED THEM WITH
Royerated TOP DRESSING

When that approach runs true to the flag and the long putt falls, scores go down and players are happy. Only with velvety smooth, well fed greens can these conditions exist. Feed your greens rich, nourishing compost prepared with a Royer Compost Mixer. Completely shredded and blended, uniformly textured, with all refuse removed, the Royerated top dressing spreads quickly and evenly, yielding its food values to hungry greens.

Additionally, the Royer conserves time and labor. Reports show savings up to 89% in the time needed for manual preparation, with a correspondingly low labor cost. Send for Bulletin 46 giving complete information.
