Pedro L. Collantes and sons, Pedro, Jr. and Jaime, to build de luxe golf and hunting resort in mountains near Tecate, Mex., a few miles south of the border and not far from San Diego . . . Larry Mercuri, recently hired as supt. of Wycock Park CC&CC, Holyoke, Mass., by course owner, Marco Marinello, is a Stockbridge turf management school graduate who played the course where he now works and remarked about condition of the greens . . . Mercuri was overheard by Marinello who said, “If you think you can do the job you’re hired.”

Miss Zaida Soule, now 84, will have her portrait in clubhouse of new public course at Ojai, Calif. . . . Miss Soule and her sister, Nina, who died last year, sold to the city for $50,000 a 194-acre site valued at $500,000 so the fields they had looked on since childhood would be enjoyed by “all the people” and wouldn’t be subdivided.

Ardent tribute to pro golfers in story by Jane Artale in Cleveland (O.) Plain Dealer women’s section . . . One item in the story’s art is a picture of Bertie Way, 89-year-old pro emeritus of Mayfield CC, instructing a beautiful member, Mrs. F. L. Richardson . . . Other picture is of Hawthorne Valley CC pro, Frank Harned, with five lovely members . . . Story leads off with “Ode to a Pro” by “Links Ladies” . . . It concludes: “And you, listen, listen, listen/With a patient ear/To each blow by blow/Tale of Woe/And wipe each tear./Dear Pro/Please know/We love you” . . . Guess that takes care of those who sob that they are humiliated and down-graded by being called a “pro.”

Bob Klewin, a 20-year veteran of the home pro ranks with Tucson (Ariz.) CC for the last decade, has been named resident pro at Tucson National, which opens Dec. 15 . . . His wife, Maryellen, will assist him in the shop . . . Bob Harris will be winter pro at the club and Jack Nicklaus represents it on the tour . . .

Milne, who won the New Jersey Junior this year in a 22-hole playoff with Don Rogers, is the son of George, who has been pro at Trenton CC for 21 years . . . His grandfather was pro at Forest Hill more than 50 years ago and his uncle, Ken, is the shopmaster at Hanover (Pa.) CC.

Golf must give newspapers great credit for the game’s remarkable growth in the past few years . . . Publishers, managing editors, sports editors and advertising managers find that golf news gets a lot of highly desirable circulation and helps sell advertising as well as papers . . . An example of the extent and smart use of golf in sports sections appeared recently in the Boston Herald . . . It had 13 pieces on golf (mainly district tournaments) and the MacDivot strip . . . Herald’s golf writer, Joe Looney, had, among others, a story on the Baltimore Oriole outfielder, Jackie Brandt, playing the Woodland CC 600-yd ninth with a drive and a 3-iron that went 15 feet past the hole.

Charles H. Tabbut returns to Oaks CC, Tulsa, as manager . . . Tabbut came from Canyon Creek CC, San Antonio, when Ray G. Sept. even though work on course didn’t start until July ... Robert Bruce Harris designed the $185,000 course.

H. C. Hackbarth, Little Rock, Ark., designing 9-hole semi-private course in Lake of Ozarks region near Bagnell Dam for Mr. and Mrs. Earl Maxwell ... It will be known as Dogwood Hills GC ... Second 9 will be built in 1963 ... At the big Ladies Day golf tournament and clambake at Woodbridge CC, New Haven, Conn., the theme for the day was “Pink Sand in the Traps ... With a Border of Red Petunias.” ... It was from the article of the same name written for July Golfing by Joan Flynn Dreyspool ... Mrs. Dreyspool, who collaborated this year with Mickey Wright in writing “Play Golf the Wright Way”, published by Doubleday, has recently completed “Al Sherman’s Football Book.” ... She’s an officer of the N.Y. Women’s Metropolitan Golf Assn., but has been so busy this year knocking out copy that her golf has been neglected.

Renovation and new construction program has been going on at Louisville, Ky, muny courses all summer ... Two of them are going to be lengthened from 9 to 18 holes ... During the Long Island PGA Championship, Steve Piech of Pine Hollow reportedly hit a 480-yard tee shot ... The ball landed on a hard surface road and rolled pin-high to the green ... Still he took a four ... Santa Ana’s Willowick GC golfers recorded four aces in August, running their total for the season to 18 ... In 1960, golfers at this California club connected for 22 holes-in-one ... In a driving contest held there recently, Wanie Pratt belted three shots that totaled 823 yards ... He had drives of 255, 290, and 278 ... How do the musclemen at your club compare with this fellow?

Burke, 1931 National Open champion, continues to be one of the fine teachers and a contender in PGA Seniors championship... Mortie Dutra now pro at Yuma (Ariz.) G&CC... Dutra, former PGA Senior champion, has a campaign going to make Yuma a top winter golfing resort.

When Jeanne Smith Kalivoda, daughter of Binghampton (N.Y.) Ely Park pro, Ernie Smith, was in her teens she won so many local tournaments her father made her quit tourney play for several years... She was discouraging other girls and women... Oklahoma pros said, "I told you so" when Labron Harris, Jr., won National Amateur with 1-up edge in 36 holes over Downing Gray, Jr.... Harris, high ranking student at Oklahoma State university, had 30 one-putt greens in the 174 holes he played, according to the box score compiled by Charley Bartlett of the Chicago Tribune... Last winter during a PGA sectional business conference at Tulsa, Labron's father, golf coach at Oklahoma State and pro at Lakeside in Stillwater, showed other pros how to teach putting and had some of his varsity team demonstrate his method... There's no doubt that it works.

Toughest match Harris, jr., had was in the fifth round when he won in 21 holes over Homero Blancos, whose father is in course maintenance work at Houston... Harris, Billy Joe Patton, Deane Beaman, 1960 National Amateur champion, and Dick Sikes, 1960 Public Links champion, will make up USGA team playing at Ito, Japan, Oct. 10-13, for World Amateur

Tournament circuit fields following the PGA championship this year were made to look like a road show of also-ramos by the Palmer-Nicklaus-Player "exhibitions" taking headliners out of tourney fields... Some thought this would ruin the circuit's good gates, as winners of the U.S. and British Open, Masters and PGA would sooner play for exhibition guarantees than risk money and reputations in other tournaments... The "World Series" exhibition may have straightened out the summer tournament situation... Golf fans and writers, who know the score, have been asking why pay $75,000 as prize money for a TV show to golfers who have been meeting head-on in exhibitions for weeks for the more modest exhibition fee?

Naturally, the results of Nicklaus, Palmer, Player exhibitions, prior to the World Series exhibitions, were not among the material ballyhooed as World Series promotion... Chick Evans, after being eliminated in the first round of his 50th USGA Amateur championship, returned to Chicago to prepare for an operation for the removal of a cataract from his right eye.

Lake Bluff (Ill.) Park Board to build 18-hole course... Jim Hutson & Associates were high bidders for operating the Norfolk, Va., Ocean View course... Fred Bingham had operated the course in its 32 years... Clarence I. Underwood high bidder for Norfolk's Stumpy Lake course... La Habra, Calif., voters voted down $3,285,000 parks and recreation bond issue which would have included course.

Each year golf course vandalism seems to become more frequent and destructive... Three golf cars taken out of garage at Boone, GC, Winston-Salem, N.C., were run over nine greens, doing $10,000 damage, according to estimate of supt., Joe Maples... Welfare recipients provide labor in building new course for Williamsport (Pa.) recreation commission... Again this year some new courses were badly damaged by being prematurely opened.

Henry Cotton is architect of new Canon's Brook course at Harlow, Eng.... Pros and amateurs who have been around say that Cotton has designed an excep-
tionally good course with many modern features... One of the noted U.S. veteran pros probably will be in the golf architecture field soon.

Frank M. Edens, 32, pro at Richmond County CC, Hamlet, N.C., was killed Sept. 24, in an automobile accident near Glio, N.C. Edens was a member of the Wake Forest college golf team in 1952 with Arnold Palmer... Valley GC, 18-hole fee course at Selma, Calif., opened... Bob Baldock, Fresno, golf architect, is owner, designer and builder of Valley... Jimmie Vinum is pro... John Ward is supt... Fort Walton Beach, Fla., opens muni course... J. B. Moore is Ft. Walton park and recreation director... Oakley CC, Waterton, Mass., building new clubhouse replacing a building that burned.

Joe Black, PGA tournament supervisor in charging Jack Nicklaus two strokes as a slow play penalty in Portland Open which Nicklaus won, did Jack, the PGA, tournament golf and golf in general a lot of good... Nicklaus was becoming so slow on the greens that he was in danger of taking too much time to think about missing putts... Poor example of the pros’ slow motion on greens is being copied by guys who can’t break 100 and is slowing play so much that course capacity is being reduced.

Questions are being asked about the FGA purchase of golf cars for the West Palm Beach courses, now being built... No competitive bids were sought... The deal was put through quietly... When news of the arrangement bubbled out from under the censorship PGA members, some of the officers and other car manufacturers wondered why the secrecy?

The shut-out car manufacturers couldn’t figure out why the PGA, with some pros protesting what they term unfair business practices in selling playing equipment, shouldn’t give all makers of fine cars a chance to compete for the PGA business... Another phase of the funny business is that car makers who have been tapped for advertising, obviously didn’t have PGA officials reading their ads when there was business to be done.

Joe Novak easing up at Bel Air CC, Los Angeles and is to become pro emeritus... Being succeeded as pro by Eddie Merrins from Westchester (N.Y.) CC... During World War II Joe kept

J. D. McAndrew, operator of the St. Andrews (Scotland) golf school and driving range had lost over 1,000 balls from start of the season until mid-July . . . Range balls with McAndrew's name and colored stripes cost him about 30 cents each . . . The stolen range balls have appeared in many parts of England and Scotland, showing the wide distribution of range ball thieves . . . That's something pros who operate ranges in the U. S. have learned to their sorrow and expense.

With most of the charter members of Mill Creek CC paying $250 plus 50 hours of labor in building the layout near Moline, Ill., the 18-hole course is scheduled to be opened in the spring of 1963 . . . Memberships on all-cash basis are $350 . . . West Hollywood, Fla., Par-3 course has a Sunday morning "special" of sausage, pancakes, coffee and a round of golf.

TILE-LIKE RAMUC® POOL ENAMEL steps up attendance... makes maintenance costs dive!

Ramuc Enamel's tile-like finish and fade-resistant colors are proved attendance boosters. "We specify Ramuc Enamel for swimmer appeal, beauty, easy cleaning, long wear," says City of Austin, Texas' Joe Prowse, Jr. (Austin Recreation Department). The Lake Club of Wilton, Connecticut, ("The Executives' Club") reports: "Ramuc retains its color and glossiness remarkably well."

Thousands of managers of other commercial and public pools echo the same sentiments. Ramuc Pool Enamel saves money, because it keeps a pool attractive and cuts down on upkeep. The beautiful tile-like finish discourages the build-up of dirt and algae. It's easier to clean. Pastel colors promote safety by increasing underwater visibility.

Send us your pool's dimensions, tell whether it's metal, concrete or plaster, and the type of paint now on pool. On receipt, we'll send, free, color chart, 32-page Handbook on Painting Pools, and specific advice on your pool.

Electra golf ball made in Japan again pops up in U.S. stores with ballyhoo that it is "up to 50 yards longer"... Tests on driving machines and by players show this ball, which retails for $2, is shorter than cheap U.S. balls... Some of the "more distance-less money" bait in advertising appeared in the highly regarded Wall Street Journal this past summer... Big ad in New York City newspapers this past summer claimed that "tests" showed one low price ball to be longer than the pro grade balls of leading manufacturers, but neither machine nor player tests confirmed the ad claims... Can't blame a hopeful boob for wanting more distance but he has to hit the ball with a club, not an advertisement promising him enormous yardage.

WHAT DO THEY SAY IN THE LOCKER ROOM?

Locker room conversation usually reflects the playing condition of the course. Proper maintenance equipment in reliable running order is essential to good playing condition. B. Hayman Co., Inc., 86 years old, distributes the finest maintenance equipment available, assuring performance reliability and adequate parts supply at all times. Let us help you keep the locker room conversation complimentary.
Moist O' Matic's gear driven rotor pop-up turf sprinkler heads lead the field in durability, adaptability, performance and low costs. The entire gear mechanism is isolated and sealed. Even water distribution is assured by three nozzles in the pop-up head. Up to 180° diameter water coverage means low cost for new installations or conversions. 1° part circle adjustments from 40° to 320° can be made while in operation without special tools. These exclusive advantages and the rugged, compact MONITOR controller have made Moist O' Matic the turf irrigating performance leader.

PGA Business Schools

Three business schools, to be conducted under the supervision of the PGA education committee, are scheduled for early 1963. The first of these will be held at the Jack Tar Harrison Hotel, Clearwater, Fla., Jan. 21-25. The second is scheduled for the Multnomah Hotel, Portland, Ore., Feb. 4-8, and the third for the Statler Hilton in Dallas, Mar. 5-8.

The PGA education program was started in 1957 when the Florida school was started. Since then more than 1,500 members have completed courses in the three schools. Certificates again will be given to those who meet course attendance requirements.

National Football league will seek tax relief at the next session of Congress for its players because their most productive income years are relatively few . . . This has been attempted before with little success, probably because enough professional athletes haven't gotten behind the move . . . Productive income years of tournament pros probably extend beyond those of football, baseball, and basketball players, but circuit performers should support this appeal . . . In addition, because their incomes can fluctuate so much from year to year, the tournament players probably should bid for some kind of an equalization or carryback deal on their taxes.

"Silent Spring," by Rachel Carson, is a new book the well informed course supt. will want to read as many of his members are talking about the book's theme that chemical insecticides and herbicides may dangerously upset nature's balance ... Miss Carson was editor-in-chief of the U.S. Fish and Wildlife Service ... She tells of birds dying after eating earthworms laden with DDT and of mortality or injury to birds, fish, reptiles and domestic or wild animals from control chemicals ... She says that there may be grave risk in control chemicals being accumulated in bodies of humans ... There are arguments for and against her case, of course.

The Northern Calif. PGA section has nine events scheduled between Oct. 21 and Nov. 23 ... These include the $10,000 Almaden Open, which will be played in San Jose, Nov. 8-11 ... The section's match play championship, with a purse of $5,600, is being extended over several weeks and will be concluded with the final at Del Rio CC in Modesto on Oct. 30 ... Illinois PGA members apparently are happy with Harry Pezzullo and Guy Paulsen as president and sec.-treas., respectively ... They recently re-elected them to their ninth consecutive terms in those offices ... At the same time, Carol McCue, executive secretary (Continued on page 154)

Remove water hazards from your greens

with TERRA-LITE #4

After you aerate your tees and greens, make your aeration stick—and water drain—by spreading Terra-Lite number 4 size vermiculite. The fine granules of vermiculite flow readily into the aeration holes. Surface water enters the vermiculite giving you needed drainage. The water is held by the vermiculite at root level, giving the water to the roots as they need it, later on. Terra-Lite is permanent because it's a mineral ... doesn't rot or decompose. Keeps your tees and greens puddle-free. Add number 4 size Terra-Lite each time you aerate.
