Problems of prosperity cracked the usual serene operation of the Masters . . . Newspapermen's threatened walkout after being refused admission to the lockerroom was averted after discussions between Masters officials and officials of the Golf Writers Assn. . . . Hogan and Venturi specifically denied they'd asked for the scholarly privacy that players (prominent and mere gentlemen of the ensemble) were said to have requested . . . The Masters has by a long way the best press facilities of any of the tournaments and usually has the largest coverage, including enterprising reporters of large and small papers who aren't content with those mass interviews that almost invariably are monotonous . . . These bulk snow jobs, whether in politics, sports or business, produce an automation sort of a story that very few read . . . Nobody knows any better than Cliff Roberts, and Bob Jones that newspaper coverage of the Masters built the event into being a rich sports package for television . . . That understanding attitude accounted for settling a controversy that could have badly damaged the Masters' tournament prestige and done pro tournament golf no good.

Atlanta Journal commented editorially on the paradoxical situation of the Masters being sold out of tickets yet blacking out TV coverage of the event within the area from which most of the gallery comes . . . That's a tough one to answer as there's a possibility that if the Masters were televised locally it wouldn't sell all available tickets . . . However the World Series doesn't seem to ruin local ticket sales by televising the games . . . Television is a poor substitute for the beauty of the Augusta National course and the delightful, unique atmosphere of the Masters . . . Further, TV actually makes the Masters only a four hole tournament and misses seven or eight of the most exciting great holes of the course where the tournament is lost or won.

Not much doubt about Jack Nicklaus being the Big One of golf . . . As Bob Jones observed last year Nicklaus has the finest swing he ever saw (and Bob's seen all the good ones) . . . Jack misses some of the putts in mortal error but doesn't miss as many as the opposition . . . Again Hogan, at 53, at the Masters, was amazing . . . If he could putt like Nicklaus, he and Jack still would be playing off.

Newspaper golf writers have been talking about how long it will be before the USGA, the PGA, officials of the Masters and other tournaments will alter the Rules of Golf Definition 29 so it will read "The 'stipulated round' consists of playing 18 holes of the course in their correct sequence, unless otherwise demanded by the outfit which has bought the television rights."

Industrial league programs at fee courses this year will be as heavy as most courses want to handle . . . Fee course management doesn't want to take the chance of booking so much league play that individual business is shut out, which is a mistake made by bowling lane owners . . . Morning leagues of women golfers are getting to be a big thing at par-3 courses . . . Annual tournament of Golf Writers Association at Dunes G & Beach Club, Myrtle Beach, S. C., was livelier.

than ever with scores generally being the sort gentlemen don’t mention in mixed company . . . Two more courses going in around Myrtle Beach, partially the result of nationwide publicity the writers’ event has produced for Myrtle Beach as a very attractive east coast golf resort.

At the Golf Writers Association annual dinner Dunes former President Spivey gave the club’s beloved and canny pro Jimmy d’Angelo a substantial check as a “token” of the members’ appreciation . . . Spivey, Charles Krampf (another Dunes ex-president), and the rest of the club’s members are really of the elect . . . They “appreciate” in cash, which at times is one of the lovingest expressions of true love . . . Edna d’Angelo, wife of Jimmy, didn’t stage her customary affairs for writers’ wives . . . She’s been in and out of hospitals . . . A sick girl with amazing vitality and as pretty as a Valentine . . .

Rev. Ed Campbell, formerly sports writer for Charleston (S.C.) News Courier, now is an Episcopalian minister . . . He won the Golf Writers’ championship two years . . . Wally Wallis, Daily Oklahoman, retiring president, GWA, Dana Mozely, New York Daily News, now the writers’ president; Bob Drum, former GWA president and Charles (Bishop) Bartlett, the scribes’ secretary, took a chance of excommunication by Joe Dey of the USGA by cutting Rev. Campbell’s Allentown mission in for 10 per cent of the Golf Writers’ Calcutta . . . Maybe that’s a sin in the eyes of those On High in the USGA but consensus of theological authorities is ain’t gonna be nobody go to hell on account of ten per cent of anything you can get out of golf writers . . . Dey privately expressed the devout hope Rev. Campbell didn’t wind up with Confederate money from the writers.

Bill Casper going to Viet Nam to entertain American troops was one of those things where a top star of sports gets a star in his crown but not much ballyhoo in print . . . Letters from U. S. lads in that forlorn country give Casper top sportsman rating even from soldiers who never played golf . . . Casper certainly isn’t allergic to doing a mighty decent

Pete and Willie Wansa, former owners of Fletcher Hills will remain as operators . . . Glenn Young from Rogue's Roost GC, Bridgeport, N. Y., to pro job at Pinehaven CC, Schenectady, N. Y., succeeding Dick Osborne.

Columbus, O., Recreation Commission selling Raymond Memorial golf course memberships for this year at $125 . . . This is $50 higher than last year when the members were playing so often their fee per round averaged 83 cents . . . Older professionals are saying talk about a minor league in tournament golf neglects mention of the sectional schedules that present testing competitions two or three times a month during the summer . . . When a youth shows well in these sectional events he identifies himself as being qualified as a student at the PGA Players' School and entitled to get further testing in circuit tournaments . . . If he can't make a promising showing in the sectional events he is a wishful thinker but not ready.

Theodore Stevens, formerly superintendent of the 54 holes at Baird State Park is Walhalla superintendent . . . Stillwater (Okla.) G&CC to have its new course and clubhouse open in July . . . There are 138 residential sites adjacent to the course.

One feature of Stillwater G&CC clubhouse is "Teenager" room . . . Kids' clubhouse within a clubhouse is an attractive, useful element of a number of the newer clubhouses and especially valuable where the club is surrounded by homesites . . . Developer Sen. Mitsuyuki Kido expects to have de luxe Francis H. I. Brown course and clubhouse overlooking Pearl Harbor operating by winter . . . Half the 500 golf memberships at $3,000 each have been sold and social membership sales at $1,000 per are ahead of program.

George Haggarty has bought Lakepointe CC in Detroit district and has converted it into a men-only golf club with women and children being allowed in clubhouse after 6 p.m. weekdays and Saturdays and after 12:30 on Sundays . . . All play will be from electric cars; no caddies or pull-carts . . . Membership fee is $250 per year . . . For that the member gets 20 rounds of golf including the car . . . Additional rounds including car are $8 week-days and $12 Saturdays, Sundays and holidays . . . Haggarty is trying the idea for 1966 . . . Results will determine operating plan in 1967 . . . Haggarty, a retired corporation attorney, is one of the country's best senior golfers . . . He is a left-hander.

Charles (Chuck) Keating hired by Clinton D. Carlough, owner and builder of Apple Ridge CC, Mahwah, N. J., as Apple Ridge pro . . . Chuck’s father has been pro at Corning (N. Y.) CC for 25 years and his grandfather George McLean was a widely known professional . . . Des Moines G&CC expects to have its new course, designed by Pete Dye, in play by late summer next year . . . Then club will move from its present site, which is to have a state highway built through it . . . Club received $300,000 from State Highway Commission plus $50,000 in lieu of building a bridge spanning highway if club had retained separated sections of the course.

Joe Valentine, 80, for 54 years superintendent at Merion GC, and discoverer of Merion bluegrass, died late in March at his home in Ardmore, Pa. . . . Valentine was a widely known, beloved pioneer of the modern school of golf course management . . . In 1964 he received the USGA’s first Green Section award for service to golf . . . He was a past president, Philadelphia GCSA and of the Pennsylvania Turfgrass council, a director of the GSCA and for years a member of the USGA Green Section committee . . . He is survived by his wife, Adelina Talone; three sons, Joseph, Jr.; Victor M., and Richard E., who now is Merion superintendent; a daughter, Mrs. E. Patricia DeStefano and nine grandchildren.

Golf lessons now are part of the real estate sales campaign . . . Developers of The Birches, a golf course—homesite project at Turnersville, N. J., engaged Phil Cassidy and Jim Lydon of Paxton Hollow GC pro staff to give lessons on five Saturdays and Sundays from 2 to 4 p.m. to visitors and prospective residents . . .

WHY IS THE GOLF BALL THAT GOES STRAIGHTER, FURTHER, AND PUTTS BETTER, SOLD EXCLUSIVELY BY THE GOLF PROFESSIONALS?

It is recognized by leading golf writers that the Golf Club Professional, through Junior and Ladies Clinics, promotion of tournaments, etc., is primarily responsible for the tremendous interest shown in golf today. Through his efforts, he has created more business for golf manufacturers than they had ever thought possible.

His shop is operated at a cost of approximately 20% of his gross sales. He is morally obligated to sell quality that carries a mark-up of 30 to 35 per cent after postage. He has a large investment and is dependent on this small margin of profit for his livelihood. Yet, with all that the professional has done for them, many manufacturers in their greed for business, do everything possible to take business away from him. Should they be successful, quality of merchandise would go down and the caliber of the club professional would deteriorate. As a club member, you cannot afford this, because the club professional is not only associated with you, your wife and children, but is representing your club. To the contrary, in order to continue the improvement of golf equipment and the caliber of the club professional, wise members will buy from the club professional and help educate new golfers to do the same.

The founders of American Golf Testing Corporation recognized these trends five years ago and started at that time, with the help of the finest brains in the country, the development of Super Golf Equipment to be sold exclusively by the Golf Professional.

Watch for the "GPE Award" Golf Ball — your club professional will have it soon. Test it as we have against any golf ball in the world. The large radius of gyration makes it better for all golfers — goes straighter, further, and putts better.

ALL ORDERS MUST HAVE GOLF PROFESSIONAL AFTER THE NAME IN THE PROFESSIONAL'S OWN HAND.

Lessons were given in the Community room of the project administration building . . . The course is to be a 9-hole "executive" type . . . Wollaston GC not to sell its property at Milton, Mass. to Jordan Marsh Co. and spend sale price on new course and clubhouse . . . Milton residents wouldn't allow rezoning for warehouse in place of golf course . . . Wollaston acreage sold for half-acre home sites wouldn't bring enough to finance purchase of new property the club would like to have, say club officials.

The Wollaston GC case gave Quincy (Mass.) Patriot Ledger basis for editorial comment that might be cited pro or con the golf course tax picture . . . Said the Patriot-Ledger "Milton residents, in effect, have decided to keep their town residential, even if it means losing an estimated $7.75 million in additional taxable property through the Jordan Marsh project . . . . The town has hardly any industry left to help ease the tax burden on homeowners . . . Emotionalism which prevented an objective study of the facts, has been cited by Cabot, Cabot and Forbes, acting as agent for Jordan Marsh, as a major reason for cancellation of the project . . . Milton residents made it plain they were opposed to changing the character of the neighborhood . . . And they will have to pay the price of this decision in their tax bills . . . Cancellation of the Jordan Marsh project, however, still doesn't completely assure Milton residents that the Wollaston golf course will stay as it is."

Nice thing members of Nemacolin CC, Bearsville, Pa., did in honoring their directors at the club's opening social event of 1966 . . . Club officials usually get plenty of criticism in lieu of pay and for their sacrifices of time and convenience but rarely get cheers.

Orlando with about 85,000 population and a well populated trading area turned out spectators in numbers comparing favorably with National Open, Western Open and circuit events . . . Ernie Edwards, Rio Pinar’s professional, got the affair going . . . Five original underwriters went for $20,000 each, then Florida Citrus Commission underwrote $50,000 . . . Then there were more than 100 Gold Sponsors underwriting $1,000 each plus “patron” tickets for $150 each . . . lisher Martin Anderson, one of the five original angels, and Sentinel Star general manager Wm. Conomos and sports editor Bob Bassine accounted for an outstanding publicity and promotion job. Sentinel's Citrus Open supplement March 13 was a model job of tournament publicity with local businessmen's cooperation. Florida Sunday Magazine supplement of the Sentinel Feb. 13 had a fine illustrated feature on Ernie Edwards, his wife and three daughters. Edwards was cover boy on that supplement.

Fred Findlay, 94, died March 9, in a Charlottesville, Va., nursing home. He was born in Scotland and was brought to the U. S. by Carter's Tested Seeds from Australia where he had been designing courses. He was architect of many American courses, 17 of them in Virginia. Among them are Farmington CC, Glenwood, Laurel and the James River course of the CC of Virginia. He was course manager of the CC of Virginia from 1935 to 1945. Until a year ago he played frequently and scored many rounds under his age in the past 20 years. He was a painter, a musician, a hunter and fisherman as well as golfer. His elder brother, Alex, coming from Scotland to work as a Nebraska cowhand introduced golf in that state, and stayed in pro golf. Alex thought Fred made a serious mistake to leave a job as bandmaster in the British Army to go into the precarious golf business.
