must not get inside cart signs or off car paths where provided;

2. Two bags and two riders only on all cars;

3. Repair all ball marks and replace all divots;

4. Help find lost balls;

5. Explain “letting people through” and demonstrate where necessary;

6. Act always in a courteous manner as an arbiter of rules. Example: Shirts must be worn on the course at all times;

7. At times, we must remove people from the golf course because of their misconduct or lack of skill. Removal should be a last resort. This can be done effectively. Example: We have group lesson plans available and would like to have you play when you are more skillful;

8. A positive program to encourage proper pace of play must begin on the first tee and continue with management supervision being extended to the entire course;

9. Maintenance practices that tend to encourage slow play must be submitted in writing to the management at the close of your shift;

10. The utmost discretion and diplomacy must be coupled with the necessary degree of firmness to perform effectively as a golf ranger;

11. Periodically we will time our golfers on various holes with a stopwatch, beginning when the foursome tees up. They will be told after holing out the elapsed time for playing the hole, and suggestions for improvement will be given in a diplomatic way.

Although the task of writing a procedures manual may seem formidable, don’t put it off. The initial effort and investment in time will be returned many fold.
