Tillers

New Holland Construction has added new tillers to its growing line of skid-steer attachments. The tillers are ideal attachments for breaking up clumps and preparing seedbeds, according to the company.

Bidirectional tine rotation allows the unit to operate effectively with the skid steer moving forward or backward. Replaceable, hardened tines are made for extended life and easy replacement, according to the company.

Fungicide

Griffin L.L.C., a joint venture company of Griffin Corp. and DuPont, introduces Concorde SST, a chlorothalonil fungicide that contains Super Stick Technology, also known as SST, for maximum staying power. After drying, Concorde SST covers thoroughly and adheres to plant leaves under a range of climatic conditions. Concorde can be applied to virtually all turfgrass species and varieties, plus more than 75 ornamental plants.

As a contact fungicide, Concorde SST can be applied all season to control 14 fungal turf diseases, including brown patch, dollar spot, leaf spot, melting out, anthracnose, rust and red thread.
