ROYER reports:

Binghamton, N. Y.

Our Greenskeeper advises us that two men in one day can mix and shred a car of mushroom soil, whereas with the old hand-operated screen it would require two men approximately one week. This would effect a saving of from $50.00 to $75.00 for each car of soil for mixing and shredding.

WOULD YOU

Coddle Your Greens

and Neglect Your Fairways?

It is a common complaint with golf courses—the sharp contrast between the luxurious greens and the threadbare fairways. Fairway irrigation is the one thing the game most needs. Working now for next year's success, seize the opportunity to make a wonderful contrast between your fairways and those of the six nearest courses. Install a Buckner Irrigation System—the operating cost of Buckner systems is the lowest of any. Write for full information. (No obligation.)
