NEBRASKA SEED BIG PRODUCER OF KENTUCKY BLUE SEED

Most people sowing Kentucky blue grass seed naturally think that all the seed comes from Kentucky. This is an erroneous belief for some of the best quality blue grass seed comes from the central western states, namely Iowa and Nebraska.

The Nebraska Seed Co. of Omaha, Nebr., specializes in high quality Kentucky blue grass and is the world’s largest independent gatherer, thresher and cleaner of blue grass seed.

Harvesting of the seed, generally takes place the last two weeks of June in Nebraska and Iowa. The seed is stripped or headed by a machine drawn by a team of horses. Seed is gathered from large pastures and careful supervision is given to the stripping of the seed. Every precaution is taken not to strip weedy and chaffy places in the fields, this safeguard increasing the high quality of the seed. After gathering the seed it is put into sacks and is taken to a central place, where it is dumped on the ground.

The grass seed is piled in long windrows and is kept stirred (by men with pitchforks) to allow the air to pass thru and also to allow the sun to come in contact with the grass seed. This is known as the curing stage and generally takes from 10 days to two weeks, depending on the weather.

As the seed is cured, the windrows are made larger and when thoroughly cured, it is again put into sacks, shipped to Omaha by trucks or rail.

Threshing of the seed is a separate operation and a special-built machine is necessary to thresh the seed. From the thresher, the seed passes thru several other machines, which separate the chaff and rough grass from the seed.

Then the seed passes onto the cleaners which grade the seed to the quality desired. The standard weight of blue grass seed is 14 lbs. per bushel but high grade seed offered for sale by reputable seed concerns weighs from 19 lbs. to 25 lbs. per measured bushel. The seed is graded according to weight per bushel and also its purity and germination, and then is packed in uniform bags weighing 112 lbs. each.

The Nebraska Seed Co. ships blue grass seed in carload lots from coast to coast and also exports several cars each season. Many golf clubs seed their fairways with Iowa and Nebraska grown Kentucky blue grass, with the very best of results.

NITROGEN in a fertilizer encourages rank leaf growth. This may be undesirable in many farm crops, but is most important in turf development.
WHEEL SPUDS
Quickest to put on and take off. Doubles traction. Durable and low priced.
All sizes for all purposes. Samples and circulars sent free on request. Advise make of tractor and purpose intended.
If your Ford or equipment dealer cannot supply, write direct.

TOMMY ARMOUR BALL IN NEW COUNTER DISPLAY
Elyria, O.—Worthington Ball Co. maker of the Tommy Armour 50c golf balls, has an attractive new counter display for the Armour ball. The display holds a box of a dozen balls and is made so it can be washed without injury.
It's an attractively colored job that stands out in pro shop display and will help sell balls. It is supplied free to pros.

LEROY GETS GOOD START ON YEAR'S GOLF TRADE
Hammond, Ind.—Leroy Printing Co., 570 State St., reports a brisk start of 1934 business in its score cards; house, course and pro shop accounting, and other printed forms for golf clubs.
The Leroy outfit has an extensive array of stock forms for golf club use and does much special printing for clubs. Details of its supplies are shown in a catalog the company will send free on request.
Greens flags, poles and swivels also are in the Leroy line and are getting good early season business.

U. S. RUBBER HAS FREE MATCH AND MEDAL PLAY CARDS
Providence, R. I.—United States Rubber Co. will furnish pros, free on request, match and medal play cards for their season's requirements.
Requests may be made of the U. S. Rubber salesmen or mailed to the Golf Ball Sales Dept. at Providence.
TRUE TEMPER ANNOUNCES TWO NEW STEEL SHAFTS

Geneva, O.—Robt. H. Cowdery, Director of the Sporting Goods division of The American Fork & Hoe Co., says:

"For 1934 True Temper is offering the trade two new steel shafts in addition to the regular line.

"The True Temper Semi-Flex shaft is one of the new types. While very flexible, this shaft is a happy medium between the extremely whippy shafts that were in vogue last summer, and the standard True Temper shafts. The diameters have been decreased from tip to butt from the standard design, and this affords more feel under the hands and the compensating thicker cushion of leather and windings further deaden any shock effect.

"The Semi-Flex shaft is made for both woods and irons and offered in many finishes including chrome and colored lacquers. The True Temper Reverse Taper shafts have been artistically designed for players who prefer the large diameter at the hosel of the club. It likens the shaft to hickory. This construction throws the action still further up the shaft and affords unusual feel under the grip.

"These shafts are made in three different degrees of stiffness so that this may be controlled and varied in each different club in a set."

SILVER KINGS TO RETAIL AT 75c THIS YEAR

Philadelphia, Pa.—John Wanamaker’s wholesale golf department announces that the Silver King and Silver King Plus will retail at 75c each this year.

The balls will have many construction selling points and energetic efforts will be made to bring King business, with American production, back to its former ranking position.

Don’t tear your turf!

Cut it Clean

with BRUNITE CUTTING BLADES

You’ll get more mowing done, faster and cleaner, by putting BRUNITE BLADES on your present equipment. Easily dulled blades not only tear your turf but wear out your mowing units. BRUNITES are made of specially processed Swedish steel to insure a lasting, clean-cutting edge . . . and the thrifty greenskeepers are all adopting them.

All sizes for all power, gang or hand mowers.

Hand mower blades . . . . . . $2
Light power blades . . . . . . . $3
Heavy power blades . . . . . . . $4

Grass is tender in Spring — Order now!

IDEAL HAS NEW MODEL POWER GREEN MOWER FOR 1934

Lansing, Mich.—Ideal Power Lawn Mower Co. recently announced addition of a new power putting green mower to its line of golf course equipment. In the past Ideal has only produced a power putting green mower in the 18-in. size. The new model has increased capacity, having been designed with cutting width of 21-in. This new 21-in. machine has been thoroughly tried out in various sections of the country on greens of practically every character to determine first its ability to handle the very heaviest kind of cutting, its ease of handling, also to determine that a machine of this wider width could be used on sharp contours and undulations without possibility of scalping or injuring the turf.

The anti-scalping roller on this machine is so placed ahead of the reel that while it has no rolling effect on the grass, it does prevent scalping. This machine can be run over a ridge so sharp that the front casters are an inch or two off the ground, yet the anti-scalping roller will protect the turf from any damage, according to Ideal.

The new model is equipped with hand lever starter and larger capacity gasoline tank. The standard 18-in. power putting green mower as well as the new 21-in. can both be supplied with special wire brush, a very valuable feature, particularly on bent greens where frequent light brushing of the grass prevents the grass leaves from becoming so badly tangled and matted.

For transporting the Ideal greens mower is furnished with a special pneumatic tired cart. Wheels of this cart are of a large enough diameter so that they ride easily over rough spots, across ditches and bad bumps without any possible injury to the mower and without undue effort on part of the operator.
Don’t Buy Blindly!

EDDIE DUFFY IS WANAMAKER’S HEAVY MAN IN R. I., CONN.

Boston, Mass.—Eddie Duffy of the Boston office of John Wanamaker is the lad who still will be handling the Rhode Island and Connecticut pro business for Wanamaker. The Wanamaker Boston office at 115 Federal St., has the New England territory sales for the Silver Kings clubs, bags and other golf equipment handled by the J. W. outfit.

Duffy formerly was with Winchester’s of Boston and Abercrombie and Fitch and Spaulding at New York. He has been in the athletic goods business for 17 years and is one of the best known salesmen calling on the pros from New York territory north.

He is figuring golf prospects for 1934 look so good he will have a hell of a time keeping from becoming a millionaire this year, because of his genial robust personality, his energy and selling ability, which amount to genius. (Out of town papers and Eddie’s lawyers please copy.)

BRUNSWICK HAS PORTABLE COCKTAIL BAR

Chicago, Ill.—A new portable “Bantam Bar” has been announced by The Brunswick-Balke-Collender Co., 623 S. Wabash Ave. This bar is a practical and convenient piece of equipment for the Golf Club. It is attractive. Prices range from $115 to $185. The bar is suitable for use as a table service unit in the main dining room, for parties, lawn service or in locker rooms.

This Bantam Bar, which comes in three models, is exceedingly compact. Although it is just 3 1/2 ft. long, every convenience is at hand. The top of the bar is stainless steel, with a heavy aluminum moulding on the workside, a stainless steel splash back on each end and along the back. In the front of the bar there are six round set-up rack openings and a square container for muddler, spoons, squeezer and strainer. There is an open space for seltzer bottle — a fruit tray for fresh cut fruit that sits above the ice cube compartment and slides out of the way to reach cube ice or shaved ice below. This also provides cooling for bottles, seltzer and fruit tray.

Right next to the bottle rack and ice compartment is the workboard of stainless steel — at a two-inch drop in level for easy working height. Under this is the slide-in maple cutting board and a generous sized drawer directly underneath for refuse, scraps and left-overs. Underneath are two fresh fruit drawers.

Brunswick’s new Bantam Bar, for smart, convenient service at golf clubs.

There is also a round bottom metal-lined sugar drawer with two compartments and underneath are two open utensil shelves with raised edge. A convenient little metal-lined egg drawer with space for 16 eggs is located opposite the utensil shelves. A towel ring is conveniently attached to the work side apron.

Down at the bottom there is a commodious shelf for all the bottles needed for special drinks. Above this is a wide, roomy shelf for the storage of glasses. For convenience there is a cap puller and a removable cap receptacle mounted right on the work side of the bar, and at the end there is a combination push bar and towel rack with two stainless steel cocktail shaker ring brackets.

The bar is mounted on rubber tired rollers, so that it can be moved anywhere.

COLO PLANS INCREASED SALES OF GRIP WAX

Oak Harbor, O.—The Colo Mfg. Co., 218 East Water street, makers of the new type grip-wax, Colo, is preparing for its busiest season in 1934, Mel Foreman, president, announces.

Demands for the product have made advisable plans for better distribution on a national scale. Foreman reports that patent application has been filed and the production schedule quadrupled for 1934. Pro shop business in 1932 was excellent and a number of pros made considerable sales of Colo.
EVANS IMPLEMENT, ATLANTA, HAS PRACTICAL CATALOG

Atlanta, Ga.—Evans Implement Co., 569 Whitehall St., has a new catalog of golf course equipment and supplies that has practical value as a buying guide for golf clubs in the southeastern territory that Evans serves so well.

Ideal and Gravely equipment is featured.

WEST AND LINK ADVANCE WITH WILSON-WESTERN

Chicago, Ill.—Harry West, formerly pro dept. national sales manager of Wilson-Western Sporting Goods Co., has been promoted to a general sales executive position as assistant to Wm. King, Wilson's general sales manager.

A1 C. Link has been named as West's successor in the pro dept. sales management job.

JIMMY McGONAGILL IN TEXAS FOR HAGEN

Dallas, Tex.—Jimmy McGonagill, one of the bumper crop of the state's star young amateurs, has returned to Dallas as his headquarters for handling the L. A. Young Golf Co. sales in Texas, Louisiana and Arkansas. Jim's address in Dallas is 2658 Rieger avenue.

He was with the Chicago branch of the Young company for some time and then served at the Detroit headquarters of the Hagen line's makers.

Jimmy is a fine kid. He knows his stuff and is a worker. He is a brother of Francis, pro at Parkdale, Dallas.

PRICES REDUCED ON LIVIE'S PRO BOOKKEEPING SYSTEM

Willoughby, O.—Wm. Livie, 321 E. 320th street, veteran professional who devised a simple and practical bookkeeping system for pro shops, is making special offer on these systems to get pros to adopt them in time to benefit from them all during the season.

Last year Livie sold a number of his systems to pros and was told by users that some inducement should be given the fellows so they would start the year's business with the close and convenient control over pro department operations made possible by the Livie method.

HORNER HAS PNEUMATIC-TIRED BARROW, WHEEL

Geneva, O.—R. S. Horner has a new single tube tired steel disc wheel for wheelbarrows; a new idea that makes it possible for loads to be wheeled across turf without damage. Loads up to 450 lbs. can be handled on these tires. Pressure of the tires is a 35-lb. limit.

The wheel handles heavy load with minimum of effort and rolls freely over rough or uneven surfaces.

Complete details, including prices, will be furnished on request.

Greenkeeper wants position. Thorough knowledge up-to-date maintenance, construction, equipment, water systems, soils, etc. Seventeen years' experience. Married. Age 40. Will go anywhere. Moderate salary. Excellent references. Address: Ad 2412, % Golfdom, Chicago.

Novel Golf Club—Remarkable accuracy possible with new one-hand putter. Ten to fifteen foot putts rarely missed. Also very accurate with two hands. Dr. Charles B. Warner, Port Henry, New York.

Assistant Pro—desires position. Seven years' experience in clubmaking, shop salesmanship and instruction. Age 24; good education. Best reference. Will go anywhere. Address: Ad 2400, % Golfdom, Chicago.

Greenkeeper wishes connection with reliable club as greenkeeper or manager. Nine years' experience at course construction and maintenance, past four years as manager of club. Address: Ad 2402, % Golfdom, Chicago, Ill.
Budgets Are Not Elastic
They can't stretch—why not take care of the other requirements by getting extra years out of the mowers? Must be a real business-getter wanted. Wife experienced cateress.

BUDD B&D BED BLADES

Greenkeeper—Experienced, highly successful man with great record needs new position because present club is in bad financial shape. Wants location in middle west. Has done outstanding job of maintaining course in fine condition on remarkably low budget. Highest recommendations. Address: Ad 2106, Golfdom, Chicago.

Professional and Wife—Open for engagement to manage country club. 22 years' experience as instructor and clubmaker. Wife experienced as hostess and cateress. With last club 4 years. Excellent references furnished. Address: Ad 2404, Golfdom, Chicago.

Pro-Greenkeeper—20 years' experience in all phases of profession desires position. Expert instructor; thorough knowledge of soils, construction, etc. Can furnish best of references. Address: Ad 2407, Golfdom, Chicago.

Professional seeks job as assistant, first-class instructor and clubmaker. 20 years' experience. Man not a boy. Give full particulars as to length of season and salary. Address: Ad 2408, Golfdom, Chicago.

Business-getter wanted by one of the best fee courses in the country. New York metropolitan location. Man must act as cashier, help take care of players and get new business. Pro shop and clubhouse concessions already are satisfactorily filled. Man we want will receive a small salary and percentage of the increase over last year's business. Must be a real businessman and hustler with highest recommendations, otherwise don't waste our time and yours. Address: Ad 2409, Golfdom, Chicago.

Experienced Club Manager desires position. Excellent record for results. Will take public course on percentage basis or will consider lease. Wife experienced cateress. Address: Barney Lucas, 1976 LaBelle, Detroit, Michigan.

Greenkeeper desires position on 18-hole golf course; 15 years' experience construction and maintenance. Expert on all soils and turf. Will go anywhere. Address: Ad 2214, Golfdom, Chicago.

Sale or lease—Fee course, 6 years old, central Indiana; 9 holes, bent greens; adequate clubhouse suitable for chicken dinner business or dancing; established clientele; 500,000 people within 35 miles, no competition. Reason for offer—owner's other business interests. Want deal closed before season opens. Address: Ad 2403, Golfdom, Chicago.

Patents and Trade Marks—Patent, protect and profit by your inventions. Register your trade marks. For expert personal service, address Lester L. Sargent, Regist. Pat. Atty., 1115 K. St., N. W., Washington, D. C.

Stewardess with 20 years' experience will take charge of medium size club. Can furnish best of references. New England preferred. Address: Ad 2333, Golfdom, Chicago.

Pro-assistant desires position for season of 1934. Six years of practical experience. Trustworthy and dependable. Excellent references: will work for small salary and expenses. Will go anywhere. Address: Ad 2201, Golfdom, Chicago.

Experienced, highly successful manager's services are available to golf clubs for survey of clubhouses and outside plants with expert, impartial report and recommendations submitted to club officials. Have been successful "trouble shooter" at golf clubs for past 15 years. My surveys result in plans that put clubs on smooth, profitable operating basis. Service highly endorsed by club officials, managers and other department heads. Cost is moderate. For complete details write: Ad 2313, Golfdom, Chicago.

Well-known greenkeeper with best of recommendations and 19 years of thorough experience in maintenance and construction is open for position in prominent club at moderate salary. Go anywhere. For full details address: Ad 1200, Golfdom, Chicago.

Salesmen calling on Pros and Sporting Goods Stores can make some extra money by taking along our samples as a side-line. These samples require less than one square foot of space. This is a nice, clean proposition and the commission is substantial. Give full particulars as to previous experience when applying to Ad 2212, Golfdom.
