for $8.50 irons and $10 woods as features to distinguish pro shops from store type of golf trading posts.

He cites several instances of pros trading up members by figuring out that the difference between the average and top grade clubs amounts to only about two cents a game during the four year period the keen golfer will keep the set in action until he replaces it as obsolete.

WORTHINGTON MOWER CO., STROUDSBURG, PA., has appointed the Worthington Midwest Co., as its distributors in Illinois, Wisconsin, Michigan, Indiana, Kentucky and sections of Iowa and Missouri. The Golf & Garden Equipment Co., of Milwaukee will handle Wisconsin by arrangement with the Worthington Midwest Co.

With the new Midwest organization is Leo Murray, veteran golf equipment and supply man, and Geo. Hodges, also well known in the turf maintenance field. Murray's headquarters will be at the main Midwest factory branch, 1043 W. Washington Blvd., Chicago. Tel., Haymarket 8480. Hodges will divide his time between the Detroit office at 6432 Cass Ave. Tel., Madison 2405, and the Chicago office.

At the Chicago branch there will be complete service facilities, stocks and personnel. Nothing but equipment will be handled at this branch.

BRUNSWICK - BALKE - COLLENDER CO., 623 S. WABASH AVE., CHICAGO, has much instructive material on lawn bowling which will help golf clubs considering adding this sport to the club's facilities.

Several U. S. golf clubs and many in Canada and England have very popular lawn bowling greens for day and night use. Details of the game and its greens will be sent free on request.

TORO MFG. CORP., MINNEAPOLIS, MINN., brings out another one of its colorful and amusing jungle course maintenance calendars. Ingenious equipment requiring brawny Negroes, elephants, and zebras is mowing a fairway alongside which two fuzzy-wuzzy savages express the wish that Hagen were there to have his pants trimmed off. It will be good for laughs, even when the greenkeepers look at it to see how far it is until payday.

Horton Smith has resigned as Oak Park CC (Chicago district) pro to become a full time member of the A. G. SPALDING staff. Ren Smith, Horton's brother and assistant at Oak Park, is his successor as the club's pro.

Horton will play in tournaments, exhibitions and demonstrations as well as engage actively as a business representative of Spalding's to the pros. As he is widely known by pros, Horton is one of the ace pro businessmen as well as a star player and in this dual capacity is fitted to do a lot of good for the pros and Spaldings together.

McCLAIN BROS. CO., CANTON, O., are placing a new spiker on the market. The device, say the makers, saves its costs many times.

A specially controlled oscillating motion of the spikes gives a slight stirring of the soil without injury to the turf. Unbreakable spikes are made of stainless steel and riveted to oscillating bars so they cannot drop out. These spikes outwear ordinary steel spikes.

The Spiker is equipped with roller bearings to add to ease of operation. Lubrication is effected by Alemite oiling and...
special spring tension leather grease retainers. Movement of the Spiker from one place to another is made easy by permanently attached large transport wheels. Weight of Spiker may be increased by attaching extra weights included with machine as regular equipment. Price is very moderate.

BASTIAN BLESSING CO., CHICAGO, makers of bars and fixtures, now have New York headquarters at 635-639 Sixth Ave., corner 19th St.

Craig Wood has resigned as pro at Hollywood GC, Deal, N. J., to devote full time to duties as director of the golf dept. for the DUNLOP TIRE & RUBBER CO., New York City. Wood joined the Dunlop organization in 1934 as director of the golf dept. He divided his time between designing clubs, working with the factory engineers on golf balls, tournament playing and teaching at Hollywood.

Now Craig will take a very active part in Dunlop's golf campaign—concentrating on the promotional end.

He will headquarter at 500 Fifth Ave., New York, working under Vincent Richards, general manager of the Sports dept.

His connection with Dunlop is similar to that of Gene Sarazen with Wilson and Horton Smith with Spalding. Not only will he play exhibitions, lecture and demonstrate, but will participate in all the major tournaments.

GOLF & GARDEN EQUIPMENT CO., 400 S. SEVENTH ST., MILWAUKEE, Wis., has been named Wisconsin and Minnesota agent for Worthington equipment by the Worthington Midwest Co., western distributors of the Worthington Mower Co. The Golf & Garden organization also is Wisconsin distributor for the Moto Mower Co., and in 1935 did a big business for Moto Mower.

Archie C. Schendel, supt. of the Westmoor CC, is president of the Golf & Garden company, which was formed in 1933 as a subsidiary of Fertilizer Chemical Mills, Inc., for selling equipment, seed, fertilizer and other supplies and equipment to golf courses, parks, estates and cemeteries in Wisconsin and adjacent territory. Schendel has been in golf course and landscape work for 18 years and is...
widely known as a practical authority.

Bob Farmer, another well-known midwestern greenkeeper, recently joined the Schendel organization and at this time is giving special attention to underground sprinkling jobs, a field in which Farmer as greenkeeper and civil engineer has had extensive experience.

Service and parts dept. of Golf & Garden is in charge of Leroy Bertram, Schendel's assistant for 12 years.

Each pro who orders a set of the new Hagen women's clubs and the special women's bag is given free this Hagen American Lady display stand. It sticks out in a shop and stirs up sales to women.

W-W GRINDER CORP., WICHITA, KANS., has a new compost grinder and mixer being introduced to the market. The Wichita will grind wet or very tough materials without clogging and grinds and mixes in one operation. It tears up tough, green sod and roots into a fine substance that will rot quickly. Dry manure, chemicals, peat moss, insecticides, etc., may be mixed and pulverized to the degree of fineness desired for any specific purpose; as the grind of the Wichita may be regulated for coarse or fine compost by the simple operation of removing a cotter-key, or by the use of the special grinding screen which comes with each grinder.

There is a small model, which may be operated by a three horse-power motor and which is just right for the owner of a small estate or small greenhouses. The

The Wichita Compost Grinder, Shredder and Mixer is a new idea in compost preparation. In one operation it will not only grind, but it will mix manure, chemicals, peat moss and any other materials used in compost. Small or stringy materials can be ground and mixed together and come out in just the degree of fineness you desire. You can even grind wet and bulky materials with the Wichita. Write for low factory prices with full information and Illustrated Folder.

1936 Budgets Can Be S-t-r-e-t-c-h-e-d with BUDDS
Putting BUDDS on all your mowers means better, quicker cutting, radically reduced sharpening costs, and fewer lay-ups. Why not join the growing list of Clubs now using Budds—and divert some of your 1936 mowing appropriation to other needs. Write for details.
BUDD MFG. CO., DEPT. G, RAVENNA, O.
Hy-Power woods, in addition to the new $7.00 club, will list at $9.00 to $12.50, with the popular Cruiser model selling for $10.00.

Kroydon is also bringing out a de Luxe line of custom built woods with gold-plated Hy-Power shaft, listing at $17.50 per club. These clubs will be packed in full-length, individual suede containers.

BILLY BURKE, pro at Country Club of Cleveland (O.), and 1931 National Open champion, has signed with the BURKE GOLF CO., Newark (O.), as general manager of its field promotion dept. Bill will do considerable field work in playing and merchandising, especially in connection with a new top grade line to be marketed under Billy’s name.

IRON FIREMAN MFG. CO., PORTLAND, ORE., has a new automatic coal stoker for club cooking ranges. Thermostatic control of coal feed maintains for the chef any desired heat.

Alvin (Butch) Krueger joins Al Espinosa and Babe Didrikson on the staff of THE P. GOLDSMITH SONS, INC., CINCINNATI and has his name on Gold-smith woods and irons in two price ranges. The Krueger woods are $9 and $6.50; the irons (flange soled) are $7.50 and $5. Butch’s performance identifies him as a TESTED RiCa4î£Sy^ SEEDS SINCE 1875 GOLF GRASS "ALWAYS DEPENDABLE" NEW YORK, N. Y.

shining one of the youngsters stars with a fine future ahead of him. An all-around athlete, he has been in pro golf only five years and is picked by Al Espinosa, head of the Goldsmith playing squad, as a youngster who will stay long when he lands at the top.

DECATUR PUMP CO., DECATUR, ILL., has a new Burks Niagaraette pump especially suited for many golf club needs. Details will be sent on request.

A new corporation has been formed to handle the expanding business of the recently patented NORTH WOODS BENT. Ten men took all treasury stock offered in equal shares. The stockholders are:

Officers of the corporation are Earle M. Barrows, president, J. S. Clapper, vice-president, Jimmy Johnston, treasurer and Henry C. Mackall, secretary.

R. H. ADAIR, 733 S. EUCLID AVE., OAK PARK, ILL., and Fred M. Schukraft have invented a Golf-O-Meter that registers distance and hook-or-slice on a dial set between the player's position and a one piece moulded rubber ball. Ball is re-teed after each shot by stepping on a button near the dial. This button also resets the dial to zero for distance, hook and slice.

A coin attachment which may be applied for amusement park use also is a feature.
Reliable Guidance

When you’re planning your purchases for 1936, you can depend on GOLFDOM’S pages. You can buy with confidence from its advertisers, sure of sound sources of supply.
