Golfdom
Look To Future in Your Clubhouse Planning

In new clubhouse planning, design and construct the heating plant, the ventilating plant and kitchen so they can be revised to accommodate any increase in business that may become solidly established in the future.

The possibility of country clubs getting more on a year-round operating basis looms larger each season. And, profiting from mistakes of the past, attend more to attractive quarters for employees to be able to secure and retain desirable workers at the club.

FRED L. WOOD, Mgr., Lakewood Country Club, Denver, Colo.

SELECTIVE WEED KILLERS
LAWN SINOX for the control of clover and weeds in best greens, and crab grass in blue grass without discoloration.
WEEDONE for the control of Dandelion, Plantain and Buckhorn in blue grass areas; little discoloration. We-done is the new 2,4-D Weed Killer.

Effective, inexpensive. Write for prices and directions.

PAULE BURDETT Seeds—Fertilizers—Golf Course Supplies P. O. Box 241, Lombard, Illinois

CLASSIFIED ADS
