JIMMY MILLAR DIES—James Millar, 54, for 24 years at Klinger Lake (Mich.) CC and veteran of the Scotch Black Watch in World War I, died of a heart attack, March 24, at Sturgis (Mich.) Memorial hospital. He is survived by his widow, who was Janet Robinson Clark and came from Scotland in 1925 to be married to Jimmy, and their son, William, who was in the U. S. Navy during World War II. Jimmy rebuilt the Klinger Lake course. He was the beloved friend and helper of thousands of golfers, amateur and pro, and one of the cheeriest, finest and most competent men in the game.

HOSE REPAIR — The Clamp-Master Kit, which uses the well known Punch-Lok clamping and banding method of industry, now makes available to golf clubs the easy repair of split hoses, posts, ladder rails and tool handles. The kit is also useful for splicing cables, tying conduit to pipe lines, and performing maintenance work on tools, machinery, fences, and buildings. Clamp-Master Kits are mfg. by the Punch-Lok Co., Chicago.

METAL LAWN CHAIRS—Lawn chairs are now produced combining the brightness of chrome with the lightness and corrosion-resisting qualities of aluminum. Made by the Troy Sunshade Co., Troy, O., in two styles, chairs and chaise lounge, the furniture incorporates backs and seats of nylon strapping in bright colors. Both the chairs and chaise lounges can be stacked (nested) in groups of 4. Their lightness makes it possible for a child to stack them.

Hi-Ball

Continued from page 68

necessary than at the ordinary driving range. This illumination must be made to increase in intensity as the ball gets farther from the tee, a situation calling for a special lighting system.

Clusters of great floods totaling 90,000 watts and costing $12,000 were placed behind the lateral barriers at ground level. The lights are progressively more powerful as the distance increases from the tee until illumination on the ball is strongest at 200 yards. At that point the light begins to decrease.

The lateral barriers serve as protection for the lights behind them. They are constructed of 20 gauge rabbit wire stretched on a wooden frame of two by fours, and covered with painted burlap.

The first three barriers will be lower on subsequent Hi-Ball Fairways to allow "grass cutters" to score. Fairway lights will be taken out of their bunches and spread evenly across the fairway. Two stories of concrete tee stalls and full set club-rentals are expected to double the "take" of the next Hi-Ball Fairways.

April, 1947
WESTERN SUMMARIZES CADDY WORK —Western Golf Assn., 111 W. Washington St., Chicago 2, Ill., features extensive work done for caddie encouragement, training and reward at golf clubs at all PGA in a booklet recently issued. The booklet also contains a record of the outstanding performance of Evans scholarship caddies, which unquestionably is among the great substantial contributions of golf to the nation. WGA championship records also are contained in the book. The Western again is enlisting member clubs at annual dues of $35. Officials of clubs are invited to write, without obligation, to the Western for the details of the organization’s work for clubs and the caddies.

LOEFFLER RESIGNS AS PRO — Emil (Dutch) Loeffler, for 45 years at Oakmont CC (Pittsburgh dist.) has resigned from pro job he’s held since 1929 but will continue as gkpr. He started with the club as a caddie and became recognized as one of the top men in course conditioning. Loeffler and the Fownes, father and son, have constituted one of the most successful greenkeeper-official teams in establishing a great reputation for a course. Dutch was wounded in World War 1 and on Oakmont’s appeal the War Dept. shipped him home to mend while he continued in a job, which undoubtedly was a factor in his release. Loeffler’s job was such that the USGA issued its first commendation to a greenkeeper on condition of a course during championship. He is reputed to have been drawing the highest salary of any pro in the country.

WILLIE MAGUIRE IMPROVING —Latest report on condition of Willie Maguire, pro of Houston (Tex.) CC and treas., PGA of America, is that the veteran is doing a grand job of fighting the illness with which he was stricken suddenly. He may soon be permitted to leave the hospital.

DESIGNS NEW SCORESHEET — H. L. Davis, principal, Lafayette high school, Lexington, Ky., has designed a score sheet for combined single and 4-ball matches that is especially convenient for league and interclub matches. Sheets are made with plenty of room for legibility but for easier filing and reference than the customary size. The sheets are put up in book form. Details may be secured from Hurst Ptg. Co., Lexington, Ky.

CLASSIFIED ADS

RELIABLE MAN with 25 years' experience as pro-greenkeeper wants to make a change from present position. Single. Will go anywhere. Address Ad 401, c/o Golfdom.

CAPABLE GREENKEEPER and Superintendent — desires change from the east to California. GOLF BOOM ON IN PORTLAND, ORE.
By Norman Tauscher

Golf enthusiasm in Portland, Ore. is already very high, and plans for 1947 are well along. Last year's record of 360 members in the Oregon Public Links Assn. probably will be topped. Funds were raised at the Hole-in-One contest, held at Lloyds Golf Course to send 6 men to the National Public Links championship at Denver. Lou Stafford justified Oregon hopes by reaching the finals only to lose to Smiley Quick. Sid Berner won consolation honors.

Ways and means to enable more entries to participate in the sectional qualifying, so as to send more than 6 men to Minneapolis, are being studied. In the past the OPLGA has been strictly a Portland and vicinity project, but this year all Public Links courses will be invited to join and participate in events.

Officers for 1947 elected at a recent meeting: Pres., Al White; VP, Norm Parsons, Oregon's USGA Representative and 1946 team Captain; Sec.-Treas., Howard Borst; Tournament Chmn., Don MacPike. His assistants will be Bill Lees and Wendall Miller; Hdcp. Chmn., Bob Parry, who was a member of the 1946 team; Membership, Lloyd Mead and Len Beer- man; Publicity, Norm Tauscher, retiring Pres.

Interest in reviving the Golfing Feud with Seattle is at high pitch and will be a must on the Portland program. In the past a 20 man home-and-home series was held, and the Curtis Harold Trophy is still on display at Lloyds having been won last by Portland.

The Hole in One contest held at Lloyds each year with the cooperation of Joe Mozell and his Automatic Tee is the organization's biggest fund raiser, and runs a full week. Prizes are donated by merchants and leading stores, and its popularity never wanes. The distance from tee to green is 100 yards and two boys are in attendance to measure each shot. Three shots cost 75 cents. First prize in 1946 was a complete set of irons, woods, bag, balls, and bag cart. Other prizes included a bag- boy cart, leather bags, putters, balls, and useful home merchandise as well as other golf merchandise. Cy Perkins of Hood River, Oregon, holed his shot on the fourth day and received a set of Fore-Master woods from Wilsons.
Your Members are Writing us about...

Springfield CELCON† PLASTICS

Springfield TWO-ACTION* IRONS

Nationally advertised in TIME, HOLIDAY, SOCIAL SPECTATOR, the new Springfield Adventure in Golf is reaching your members.

Every day — from Maine to Florida, from Massachusetts to California — we are receiving letters asking about the new Springfield Clubs. Some of these letters are undoubtedly from your members who will be asking you for the clubs that are winning national acclaim with the Two-Action* Shaft . . . and the use of Celcon† plastics in woods.

Send us a post card or letter today. We'll send complete information . . . give you the fullest cooperation.

A complete line of golf clubs for men and women:
- Two-Action* Registered Irons . . .
- Standard Registered Irons . . .
- Matched Irons. (All with stainless steel heads!)
- Registered, Matched, and Standard Celcon† Plastics.

Springfield Golf Balls, Too!
High compression . . . with the famous Cadwell-Geer cover.

* Patents Pending
† Trade Mark Celanese Corp. of America
