New clubs have been designed for the Bauer sisters, Marlene and Alice, by A. G. Spalding & Bros. on whose Golf Advisory Staff they now serve. Father Dave Bauer also teacher, coach and manager of the sisters collaborated with Spalding officials in the design of the clubs his daughters are now playing and which have been added to the 1951 line.

The woods, in a beautiful new finish, are designed for power. They're percussion weighted with True Temper steel shafts and All-Purpose Form grips.

The irons have compact blades with short hosel, giving more weight behind ball. A beveling at back of sole line helps prevent scuffing. Heavy non-reflecting top line, True Temper steel shafts and All-Purpose Form grips carry the Marlene and Alice Bauer line in '51.

**SCOGGINS REPORTS BIG DEMAND FOR LADIES' GOLF APPAREL**

About five years ago Howard Scoggins Golf Co., Dunedin, Fla., very timidly took on some Ladies tee shirts. When shown to the pros they were very skeptical about ordering anything in Ladies' wearing apparel because they had very little knowledge of Ladies' colors, sizes and lacked experience in selling Ladies' apparel. However, several of the pro shops that were managed by the pros' wives purchased a few tee shirts. The tee shirts were attractive and especially designed for the lady golfer. They sold very rapidly and the reorders were very encouraging which prompted the company to become more venturesome on ladies wear. A few sport shirt numbers were added and were an immediate success, the following year dresses and skirts, and the results were amazing.

An entirely new department has been developed for the ladies and the company has designed and styled practically every type of sportswear that the ladies can use on the golf course. Namely: shirts, jackets, dresses, skirts, windbreakers, belts, jewelry, socks, caps, shorts, slacks, shoes, gloves, etc.

Experience shows there is as much sale for ladies' golf wear in the pro shop as there is for men's wear and the amazing thing is that the pro now finds it less difficult to sell the ladies than he does the men because the ladies fully appreciate sportswear that has been patterned, styled and designed to play golf.

**CLASSIFIED ADS**

**MINIATURE COURSE SPECIALS**

October, 1950
22nd National Turf Conference and Show to be NGSA's Biggest

The early laid plans to make the 22nd National Turf Conference and Show the biggest in the history has paid off as Agar M. Brown, Secretary of the National Greenkeeping Superintendents Association who sponsors the event, reports that well over half of the space was contracted for the latter part of September and all indications point to a sell-out. Exhibitors anticipating appearance at this Show are urged to contact the Association, Box 106, St. Charles, Illinois.

This 22nd annual affair, to be held at the Hotel Sherman, Chicago, Illinois, during the week of January 29th, 1951, which draws turf minded men from all sections of the country will coincide with the 25th Anniversary of the organization of the Superintendents. No shows were held during World War II. There will be exhibits and displays by manufacturers, distributors and jobbers of all types of equipment, materials and supplies as used in today's modern turf work.

Greenkeeping superintendents as well as greens chairmen, other club officials and all who are interested in today's turf practices are cordially invited to inspect the exhibits. The Conference will present the most outstanding men in the field who will give up-to-the-minute talks on the latest and best for today's specialized turf.

Supts. Combine Work with Play at Annual NGSA Tournament

More than 120 golf playing superintendents entered the 9th Annual Tournament of the National Greenkeeping Superintendents' Association held at the Country Club of Lansing (Mich.), Sept. 18 and 19. NGSA members came from as far as Montana, Connecticut and West Virginia for the two-day event to enjoy the hospitality of the host group, the Michigan and Border Cities Golf Course Superintendent's Association.

Tournament play was held in the afternoon following morning business sessions. Monday morning the men inspected turf plots maintained under the direction of Dr. James Tyson of Michigan State College and listened to Dr. W. H. Daniel, Midwest Regional Turf Foundation, Purdue Univ. discuss experiments with soil moisture blocks as related to growth, length of cut and fertilizing practices.

Tuesday morning greenkeepers assembled in the Union Building of the College to hear reports by members of the Soil Science Dept.

Emil Mashie, Onwentsia CC (Chicago Dist.) successfully defended his title by winning the championship flight. Jim McGunigal, Henry Stambaugh GC, Youngstown, Ohio, won the Senior flight and the team championship was won by the Cleveland District team.
Tops among tournament winners

Wilson Top Notch

Ever since the big swing to Wilson TOP NOTCH began on the 1948-49 winter tournament circuit, this great ball has been continuously in the winner's circle. The "winning" ball in most major tournaments of 1949, TOP NOTCH continues to be the ball used by the winners of most major tournaments in 1950.

Seeing is believing!

Hundreds of thousands of golfers have eye-witnessed the remarkable distance performance and accuracy of the TOP NOTCH ball in America's major golf events. There can be no more positive or convincing demonstration of matchless golf ball performance. TOP NOTCH, the No. 1 tournament-winning ball, is sold through Golf Professional Shops only.

It's Wilson today in sports equipment
