Add 'em up! the sum equals more Pro Shop profits because more Acushnets are sold through Pro Shops — and no place else — than any other brand.
Newspaper story about Happy Chandler, ex-commissioner of baseball, being considered for a job as commissioner of pro golf had merely a locker-room chat foundation . . . PGA has no money for a commissioner . . . Aspirin expense alone for a commissioner would be $25,000 a year . . . Pro golf had a commissioner for a period when Albert Gates, a former president of Western Golf Assn. held the job . . . He was an affable front man with poise and class and handled legal business of the association . . . Jack Mackie was PGA treasurer and did the back-stage work with such expert Scotch finesse the PGA kitty was fat . . . That was before the tournament circuit got to be big business and show business brought complications . . . As will be understood when PGA releases a financial report so all members can study it carefully, the tournament operations are not self-supporting . . . But tournament business as a PGA show window and playing and teaching training school is sound investment.

PGA making deal with Sportsvision, Inc. for exclusive television rights to PGA co-sponsored tournaments with film to be canned for national release after live TV is put on by local sponsors . . . Sportsvision televised Pacific Coast football games last fall with automobile company as sponsor . . . USGA answer to questions about selection of Walker Cup team is that players couldn’t be picked except on comparative basis of USGA amateur championship showing . . . Without this common denominator the selecting job would be like trying to determine how many apples could go into eight bananas.

Wm. J. Thombley switches as pro to Brook Hollow CC, Dallas, Tex., from Arrowhead CC, San Bernardino, Calif. . . . First competitive round Sam Snead played after recovering from broken bone in left hand was 68, 8-under par, tying course record in La Gorce CC (Miami Beach, Fla.) pro-amateur . . . Event was won with 57 of Willie Klein, La Gorce pro for 25 years, and his three member companions . . . Women’s tournaments outdrew some of men’s shows in Florida this past winter.

Seagram whisky people to make up difference between US and Canadian exchange for American pros competing in Canadian Open at Mississauga GC, Toronto, July 4-7 . . . Seagrams has increased Canadian Open prize money from $10,000 to $15,000 . . . Smart public relations for the Canadian distillers to associate with golf . . . American liquor business association with the underworld’s scummiest bums has been frequent unsavory revelation of Kefauver investigation . . . In view of traditional poplarity of decent drinking in golf the golf club members and managers wonder why reputable elements in liquor business are backward about identifying themselves with respectability . . . Profits on the golfers’ thirsts, as well as wisdom of being more favorably known by the company they keep, recommends that clean liquor companies give attention to their golf business where club membership committees select “the gentlemen of distinction.” . . . In view of Kefauver and Cairo disclosures U.S. golf organizations now would have to shy away from liquor company championship sponsorship such as is O.K. in Canada.

At Royal Lytham and St. Annes dogleg 17th there’s a plaque on a bunker’s edge commemorating a recovery shot Bob Jones played in the final round winning the 1926 British Open with 291; two less than Al Watrous . . . The Jones mashie-iron used for the shot is in a glass case in the clubhouse . . . British Open of 1952 will be played at Royal Lytham and St. Annes . . . Jose Jurado, veteran Argentine pro who competed in U.S. and Britain, made mgr., new Buenos Aires muny course on which there’s no green fee for public play on fine course with excellent formerly private clubhouse . . . Australian Golf Union raising $12,000 fund for trip of team from Royal and Ancient to visit Australia in 1952.

Sydney (Australia) Technical college has year-round course for greenkeepers with classes one night a week . . . About 40 greenkeepers attend . . . Locke’s Australian tour with 61 exhibitions drew more than 35,000 . . . Locke was under 70 score 26 times . . . First British Women’s Open to be played this summer when American girl pros go across on Weathervane trip . . . Ladies Golf Union of England has approved the competition.
You can't argue with results... and Turf-Maker's popularity is due entirely to the results obtained by Nurserymen and Greenskeepers all over the country. You can depend on Turf-Maker for a deep rooted, perennial turf.

GREENS UPKEEP GETTING YOU DOWN?

Here's one way to cut high costs

If you're buying new hose every year or two, you can slash costs by specifying long-lasting EMERALD CORD — Goodyear's super-quality, rayon-bodied hose for country club and estate use. It far outlasts any other hose you can buy — carries a lifetime guarantee against material or workmanship defects. Available in 25-, 50- and 100-foot lengths, coupled with plated fittings. Sizes 5/8", 3/4" and 1"— at your dealer's.

Here's why EMERALD CORD HOSE gives you lowest-cost service

LASTS LONGER—rayon reinforcement gives top strength, greater resistance to pulling. Cover is sun-, abrasion- and weather-resistant. EMERALD CORD far outlasts any other hose made — meaning lowest hose cost per year.

PROTECTS GREENS—rounded rib cover of emerald green won't scuff, cut or mark greens.

HIGHEST QUALITY—backed by Goodyear's long experience in building hose for every kind of service — and by written guarantee.

PMAS for both fungus and crabgrass control

New 1951 Golf Price List on Request

There is Only One
Product of W. A. CLEARY Corp.

Start Applications Early for
2-FISTED TURF PROTECTION

1 CRAB GRASS 3 DOLLAR SPOT
2 SNOW MOLD 4 COPPER SPOT

DON'T WAIT ... start with the first warm days. PMAS is your most economical controlling agent for BOTH diseases and crab grass. Same strength spray (1½ oz. per 1000 sq. ft.) applied every eight days throughout warm weather will keep turf free of fungus and crab grass. 2-in-1 application saves time and money.

Get PMAS from your golf supply dealer or write us for complete information, including reports of tests by leading authorities.

Ralph Cripe named pro at Decatur, Ill., Scovill public course ... Woodmont CC, Washington, D.C., gave its greenkeeper Rudy Wills a television set as a 20th anniversary present ... Rudy and Green chmn. Leopold V. Freudberg make one of those great course maintenance teams highly valuable to a club ... Bill Steedman, Seattle (Wash.) Times veteran golf columnist devoted column recently to lauding greenkeepers ... Column was based on interview with Glen Barclay, Sand Point CC supt., about NGSA convention at Chicago, the superintendents' extensive practical and scientific service to golf and general lack of recognition of greenkeepers' achievements ... Bill also referred to new problems in course maintenance, especially in approach areas, caused by bag cart use.

Reg Renfree, supt., Sacramento (Calif.) Recreation dept. to file application for government permit to construct clubhouse on new Bing Maloney public course ... Proposed clubhouse to cost $45,000 ... Indications are that government restrictions on course construction will be eased on application, especially in cases of public
here's a pointer for better golf course maintenance

**CHOOSE Jacobsen WORTHINGTON**

JACOBSEN ESTATE 24
Widely used as a tee mower and for close-trimming work around trees and flower beds.

JACOBSEN-WORTHINGTON
37 ROTARY DISC
Triple duty mower — trimmer, lawn mower, weed cutter.

A Size and Type Mower for Every Job

Greenkeepers know the Jacobsen Power Greens Mower as the leader. In addition to this “old pro,” Jacobsen-Worthington builds lawn-mowing equipment for every golf course use — tees and bunkers, fairways, roughs, special trimming work. There are side wheel and rear drive reel-type mowers with cutting widths of from 21 to 30 inches . . . rotary disc mowers ranging in size from 18-inch cutting widths to the multi-acre 62-inch mowers.

THE FERGUSON

NIGHT CRAWLER

GREEN AERIFYING MACHINE

Buyers will be thrilled with the performance of the 1951 Night Crawler for these 10 big reasons:

1. No damage to putting surface. The Night Crawler can be used any time.
2. More holes per square foot.
3. Deeper penetration under all conditions.
4. Fast (18 greens in two days)
5. Clean cutting tines will not transplant crab-grass and Poa Annua.
6. Turns around on green while in operation.
7. No mechanical clutches — cam operated from one lever.
8. Climbs steep banks and approaches.
10. Straight-in straight-out aerification.

Don’t punish your greens — get a Night Crawler. Don’t take our word — compare the work or ask the man who owns one.

Dealers in most sections of the U.S. and Can.

Mallinckrodt Twosome Outclasses Field in "Fungicide Open"

Reliable CALO-CLOR® teams with Hard-Hitting CADMINATE® to eliminate all Five Major Turf Diseases

Great news for greenkeepers — all year round! Now you can keep your greens in championship form always with this easy, economical Mallinckrodt program of periodic, preventive "twosome" treatments.

1. Reliable CALO-CLOR quickly cures and prevents BROWN PATCH and SNOW MOLD.

2. Hard-Hitting CADMINATE wipes out and keeps out DOLLAR SPOT, COPPER SPOT and PINK PATCH — more effectively than anything known before. It's more economical, too.

"Tee off" with CALO-CLOR — and "follow through" with CADMINATE — to keep your greens in tournament trim all year round. Your dealer will be glad to give you full details of this safe, sure Mallinckrodt Method of fungus disease control — or write direct to us.
