A new model of the Peerless sharpener is being developed and will be announced thru GOULFMOM as soon as it is ready for the market. Production of the Ideal mower sharpener and Ideal bed knife grinder is continuing to the fullest extent allowed by available materials.

Thos. F. Root, F-R-H adv. mgr., says: "The new Peerless sharpener will be as far advanced over the old Peerless as the new Ideal is over the old Ideal. We are trying many new ideas in the experimental models of the new Peerless and it may be a year or two before we have it in production. We intend to make it the finest, most accurate sharpener available."

BALL PAINTER FOR PRO SHOP SALE

A golf ball paint produced by Federal International Co., 50 New Street, New York 4, has been packaged in an aerosol dispenser and by simply depressing a valve button, sprays a new coat on any golf ball. The paint dries in a few minutes, permitting removal from the special golf ball holder and another ball set in place for a "face-lifting" job. A twelve ounce dispenser will cover over 50 golf balls. Pros believe it may become a good seller for practice ball painting and at pay-play courses.

Paul Schurtz Wins National GCSA Tournament at Purdue

Rain and overcast skies greeted the hardy souls who teed off in the first rounds of the 10th annual tournament of the Golf Course Superintendents Assn. played on the South Course of Purdue University, Sept. 10-11.

Mornings of the two days were devoted to inspection of test plots on the course and at the experimental farm by the near 100 superintendents from 11 states on hand for the meetings and the tournament.

Paul Schurtz, Scioto CC, Columbus, Ohio, took low total honors in the first round of play with a 70 and finished with a 79 to win the top spot with a 149. Jack Thompson, Tippecanoe CC, Canfield, Ohio, was runner-up with 77-73—150.

The team of Jack Thompson, Jim McGunigal, Mike Sopko and Mike Matteo took home the team championship for the Cleveland District.

GCSA president, Wm. H. Johnson, Griffith Park Courses, Los Angeles, presented an unusual array of prizes made possible by the fine work of chairman Carl Bretzlaff and his committee.
Even one "lame duck" iron can ruin the rhythm of your game!

Get the most out of EVERY IRON SHOT this EASY way!

If your set of irons contains one or more clubs that never feel just right, that you can't play with complete confidence, you can't expect to improve your iron game very much.

But with a set of Wilson Top Notch Dyna-Weight Irons it's easy because every Dyna-Weight, from No. 2 right thru No. 9, has the same sweet feel... every Dyna-Weight a club you just know you can play well.

And it's all due to the weight distribution and balance provided by the revolutionary Dyna-Weight principle.

Snead, Mangrum, Ferrier, Middlecoff, of the famous Wilson Advisory Staff, or any of the many other great stars who use Top Notch Dyna-Weights, will tell you, "One round with Dyna-Weights and you'll never be satisfied with any other irons." See and compare these sensational irons at your Pro's shop now.

It costs no more to sell the best, and it pays better.

Our heartiest congratulations to Golfdom upon its 25th anniversary. It has played a valuable part in the advancement of golf in America. It has carried Wilson equipment news to Golf Professionals all those 25 years. Best wishes.
