All Putting Greens Are Mowed With Hollow-Roller-Drive Mowers. Why Not Give Your Fairways The Same Benefits.

IMPROVED FAIRWAYS
Smooth, uniformly cut putting-green surfaces are the result of mowing with roller-type green mowers. This same desirable quality can be had in your fairways by using Roseman Hollow-Roller-Drive Gang Mowers.

LOWER LABOR COSTS
Roseman Mowers mow faster, more uniformly without kicking up in the rear. Roller design permits overhang of traps — slowly costly hand trimming eliminated. No protruding side wheels permits close cutting, eliminates fringe around trees. Narrower overall width permits mowing in tight places.

LESS DEPRECIATION
Top quality, nonbreakable materials mean reliability and long life. Added life means less depreciation — lower cost every year.

QUALITY EQUIPMENT
Financing won't be as tough as getting USGA permission for the visit with expenses paid... Golfers Down Under believe their star amateurs could give the Yanks stiffer competition than the British Walker Cup team has been able to do.

Stanley Davies beginning his 39th year as Omaha (Neb.) Field Club pro... Stanley spending the winter at Dunedin playing 27 holes a day... Five years ago he was so seriously ill his pals were afraid he was about holed out... Now he's in great condition... Martin Mattison, Hawaiian playing equipment distributor, and his wife entertained Hawaiian pros and their wives with holiday dinner at Commercial Club in Honolulu... About 40 attended.

Francis Ouimet in red coat and medalled as Capt. of Royal and Ancient Golf Society of St. Andrews pictured on cover of Boston Sunday Herald rotogravure section... That's a switch from the old cry around Boston: "To arms, patriots, the red-coats are coming"... Now if they come the patriots hoist one jigger if by land and two if by sea... Peace, ain't it wonderful and damn near impossible?

Art Saunders, 56, died at Miami Beach Jan. 1, where he'd been teaching... He was a native of Surrey, Eng., and served his apprenticeship under J. H. Taylor... He came to the U.S. in 1923 and served 12 years as pro at Edgewater GC, Biloxi, Miss., and

Vertagreen® makes championship greens

For tournament play greens must be able to "take it." Grass on putting surfaces must be uniformly smooth and luxuriant during the tournament, yet vigorous enough to withstand the wear of thousands of footsteps and remain in perfect condition for the regular play to follow.

More and more courses are using Vertagreen because Vertagreen's complete, better-balanced formula provides the nourishment that builds strong root systems and beautiful-but-tough turf with a uniform deep green color. Regular applications of Vertagreen make it easy to keep greens and tees in perfect shape even under adverse conditions. Order today—let Vertagreen go to work for you.

GOLF SPIKES are dependable outside... destructive inside.

Don't wait for golf spikes to destroy your floors... Get real protection with PNEU-MAT-RUNNERS—proven by leading clubs from Coast to Coast. They resist rough treatment from the sharpest spikes, last for years, and cost is negligible compared to upkeep on your floors.

Remember, PNEU-MATS are not ordinary rubber runners. They are woven from heavy rubber and fabric strips. Write for complete information today:

Ample ground clearance of cutting units in travel position makes it easy to climb curbs, protecting the cutting units.

WHEN YOU MOW

Here is a 5-gang unit in mowing position. Hydraulic control is available for 3 and 5-gang Worthington Fairway or Gross Blitzer mowers.

FAST ON THE GO

Ample ground clearance of cutting units in travel position makes it easy to climb curbs, protecting the cutting units.

WORTHINGTON GANG MOWERS WITH HYDRO-TRAVEL CONTROL

Here's How You Save Time — Cut Costs with Hydro-Travel Control

1. Fast hydraulic lift eliminates regrouping mowers by hand when crossing narrow bridges and traveling through woods, saving countless hours of labor over the mowing season.

2. With gangs off the ground during travel, cutting units are free from damaging effects of rough roads, stones, ruts, twigs... reducing maintenance costs and useless wear on wheels, bearings, etc.

3. Easy storage. Tractor can be driven into a narrow garage or shed without removing mowers — is ready immediately when work is resumed.

Get the full story on these fast-working gang mowers with Hydro-Travel Control. See your Worthington dealer or write us.

High-speed lawn mowing plus fast between-job travel—that's the combination you get with Worthington hydraulically controlled gang mowers.

Mounted on the front-drive Model F Chief Tractor, these smooth-cutting mowers save time and money on golf course mowing jobs. Mowers are raised and lowered smoothly, easily through a simple, positive hydraulic system controlled from the driver's seat. During travel mowers are held firmly in place for safety on rough roads.

Clubs that Fit
Make Any Golfer
A Better Golfer

You know this to be true — any golfer will play a better game if his clubs really fit him. Kenneth Smith clubs are handmade to fit your customers’ individual measurements, scientifically matched — all clubs in a set identically swing balanced.

No other clubs are so matched and so balanced. That’s the reason 30% of men who play Kenneth Smith clubs shoot in the 70’s, whereas the national average (all makes of clubs) is only 2½% (from an impartial, national survey).

Pros: Write for new booklet that helps you sell Kenneth Smith clubs.
