Specify CARLON
PLASTIC PIPE

... FOR RAPID, LOW COST INSTALLATION
AND LONGER TROUBLE-FREE SERVICE

Now . . . CARLON plastic pipe is available to solve golf course water-handling problems. It is lightweight . . . can be installed quickly without special tools . . . and is guaranteed against rot, rust and electrolytic corrosion.

CARLON lasts longer. Because it is impervious to the chemical attack of corrosive soils and waters, CARLON pipe assures years of trouble-free service. It will not accumulate scale or sediment.

CARLON is easier to install. Furnished in long lengths, CARLON requires fewer fittings. It is lightweight and easily handled by one man — no rigging equipment needed. Because CARLON is flexible, it curves to follow irregular surface contours and eliminates many fittings needed for rigid pipe.

A complete line of molded plastic fittings is available for joining this new pipe or connecting it to established metallic systems.

Write today for details.
PRODUCTION OF WEEDED COMPOST—Well decomposed compost can be rendered practically free of weeds by incorporating Cyanamid at the rate of 13 lbs. per cubic yard of compost. After 4-6 weeks, weed seeds are killed and the finished compost, fortified with nitrogen, is safe to apply.

FIELD COMPOSTING—Where labor shortages prohibit conventional compost production, a satisfactory material can be produced in one year by incorporating crop refuse, manure, rotted sawdust, or other sources of organic matter into a loamy soil. Cover crops are also recommended. Cyanamid, at the rate of 75-200 lbs. per 1000 square feet, disked into the top 2-4 inches of this mixture will produce an excellent, weeded compost, ready for use in 4-6 weeks.

SEEDBED WEED CONTROL—Properly applied, Cyanamid will produce a weeded seedbed. Simply broadcast 50 lbs. per 1000 square feet on the surface of a prepared seedbed and rake lightly. Water thoroughly and keep moist during a 3-4 week waiting period. A practically weed-free seedbed is produced, ready for the production of the finest turf.

TURF RENOVATION—Run-down, weedy and compacted turf can be cheaply and efficiently renovated by a combination of discing, aerification, Cyanamid for weed inhibition, and reseeding. After treatment with Cyanamid, a fairway of a famous eastern golf course was cited as outstanding by a nationally known golf authority.
For the Man
Who Wants the Finest

Plenty of your members have the money and want to buy the world’s finest clubs — why don’t you sell them?

The world over, wherever golf is played, Kenneth Smith clubs are recognized as the finest — the accepted standard by which all other clubs are compared. Notables of business, government, stage and screen play Kenneth Smith clubs — because they are handmade to each player’s natural swing, scientifically matched and identically swing balanced, as no other clubs are made and balanced.

Switch to Kenneth Smith clubs and watch your sales — and profits — go up.

Pros: Write for new booklet that helps you sell Kenneth Smith clubs.

Harold Williams won the distance driving event as PGA championship preliminary... Longest whack was 329 yds. ... Max Evans won the accuracy driving event with 3 drives within 50 yd. width averaging 307 yds. ... Third year of Saturday morning free lessons for juniors of high school age at Ithaca (N.Y.) Newman muny course, given by pro Lew Adesso. ... John Young operating as lessor of Veronia (Ore.) GC. ... Ted Brown heads group promoting course at Tonasket, Ore.

The Wayne Timbermans have a new and beautiful member for Wayne’s junior classes at Meridian Hills CC, Indianapolis. ... The young lady arrived weighing 6 lbs., 12 oz. and yelling “fore!” ... Miss Susan Milligan arrived in the family of T. H. Milligan, mgr., Big Springs CC, two days before the PGA championship started.

Several supt’s from surrounding cities intended to visit Big Spring supt. George “Pat” Russell during the PGA but didn’t show. Apparently a spell of terrific heat and high humidity gave them troubles that kept them at home. ... Pat kept fungus damage to a minimum with preventive treatment and quick work when hell started to break loose, as it does the worst way in summers on greens along the Ohio river. ... Poa went out on some approaches but the course was in very good condition considering the PGA was played at the

worst time of the year for courses in the Louisville area, and the weather never was more unfavorable for maintaining the usual high standard.

Big Spring was designed and constructed by George Davies in 1925 and had some holes remodeled by Bill Diddle . . . Some new tees were constructed this spring out of the club's 15 acre bluegrass nursery and were in first class condition for the tournament . . . Supt. Loomis Heston was praised for condition of Purdue course during the National Collegiate championship, played in furnace heat . . . Heston had the course as a great practical exhibition of Purdue's work in fine turf with Midwest Turf Foundation and USGA Green Section tie-ups.

Business good at outdoor shop operated by Johnny Spence for Big Spring pro Jack Ryan during PGA . . . PGA tournament a financial success with strong advance ticket sale and program that netted about $28,000 . . . Helen Furgol, Ed's wife, had Westwood pro shop and tent doing a lot of apparel business during Western Open . . . She's a bright young business woman; She sold 26 Gaybird sports jackets at $25 each during the Western Open which certainly wasn't played in jacket weather.

George Lake had 161 kids in his opening class at Long Beach (Calif.) Recreation Park . . . Lake sure has made golf a healthy, pleasant public utility at Long

Rutledge CADDY SAVER Today's Best Golf Cart

Sells for only $28.95

Here’s a good money maker for pros and golf shops — a cart that sells on sight!

1. Accommodates any style bag.
2. Opens and closes in a jiffy.
3. Light weight.
4. Rolls easily on silent, ball-bearing wheels when open or closed.
5. Strong. Precision built for long service.
6. Priced right.

Beckley-Ralston CHIPPER

It’s the biggest selling "extra" club made and one of the famous square-grip short iron Stroke Savers. This Chipper is made specifically for pitch, run and chip shots within 50 yards of the green. It’s 33" long and has practically no sole, permitting the club face to extend far under the ball. Gives golfers directional accuracy not possible with any other club.

LARGE REPLACEMENT MARKET

Beckley-Ralston is one of the oldest and most honored names in golf. Over 1,000,000 of their Stroke Savers are in use—wearing out. Display the Chipper, Putter and Approach Cleek—then watch them sell! Nationally advertised $9.95 each.

RUTLEDGE PUTTER, the perfect pendulum type with square grip $9.95.

WALLOPER, the iron driver for players who have difficulty using woods, $12.50.

TRAP SHOOTER, $10.95.
