Gravely, Dunbar, W. Va., has new chain saw attachment for its tractor.

PUTT-PERFECTOR NEW PRACTICE DEVICE

The Putt-Perfector is a golf ball with two conical projections and a horizontal steel center rod invented by a prominent golfer who has become a remarkably good putter. The ball has to be stroked square-ly to roll with the conical projections in horizontal balance. Failure to make precise contact is made very obvious by the cones getting out of line and emphasizes the error in stroking.

Pros who have received early produc-tion of the Putt-Perfector have found it a popular, effective instruction and prac-tice device, with players buying it for indoor use at home as well as on prac-tice greens. It comes in packages of 3 with each ball’s cones in colors. It should be a good Christmas gift item. It is made by Putt-Perfector, 31 N. First St., Phoenix, Ariz.

NEW THATCH SPOON FOR AERIFIER

A special Thatch Spoon has been de-signed by the West Point Products Corp., West Point, Pa., for use on the F-G Aerifier, G-L model, Junior G-L and G-T models for use where thatch is a greater problem than compaction. The special spoon cuts a full circle of thatched ma-terial, has the same curve as the standard Aerifier spoon and movement of the spoon beneath the surface provides “cul-tivating action” although not as thorough as with the open spoon. Reported advantage in the design of the Thatch Spoon is the circle of metal at the tip of the spoon which does not clog as readily as conventional hollow tine. Thatch Spoons are available only in ½ in. dia.

Among other newly developed or im-proved products of West Point are the newly introduced Junior G-L Aerifier, a

PERMA-MATS Constructed of Tire Casings
for Heavy Duty—Longer Wear

1 THE BEST MAT FOR DRIVING TEES!
Designed to specifications of well-known pros, these mats are functionally ideal, reversible and virtually everlasting. The finest tee mat at the lowest cost to you.

BEST IN LOCKER ROOM, ENTRANCE & SHOWER
2 Perma-Mats pay for themselves by saving floors, spikes and pre-venting accidents. Lay’s flat (no kinks), thicker cushion, closely woven for firmer footing.
Immediate delivery on popular sizes, send specifications.

MERCHANTS TIRE CO. 2710 WASHINGTON AVE. ST. LOUIS 3, MO.
self-powered unit using the same spoons and providing the same "cultivating action" of the standard model. It is equipped with adjustable handles for convenience of the operator.

Improvements in Flexi-press include changes in wire coils around Aerifier spoons with wider spacing to prevent clogging.

The H-L model has been made into an Aerifier-Roller combination equipped with standard ½ dia. spoons with reversible handles so machine may be pushed or pulled. In transit unit rides on the roller which may be filled with water and used to firm seedbed.

AL LINK DESIGN SHINES IN NEW KROYDON MODELS

Al Link, widely known in golf as a star designer and builder of clubs, has produced some new numbers for Kroydon's 1953 line that Kroydon declares are the finest clubs for playing qualities and selling looks the company ever had. Al's made ingenious use of the unique qualities of the Kroydon shaft and special head design in effective combination. Pro reception of the new clubs has been highly gratifying, says Frank Mitchell, Kroydon's sales mgr.

WAR-MUP WEIGHT HOOD COVER ON MARKET

The Hoodswing Corp. of 6944 Collins Ave., Miami Beach, Fla., owners and developers of the "War-Mup" weighted golf club hood, started production October 15th. C. M. Hill Co., Peoria, Ill., is in charge of production.

Damon C. Abel, pres., Hoodswing Corp., says that this patented head cover will be marketed through the pros who will advise the golfer on the proper weight and use of a "War-Mup" weighted hood. A complete set of hoods, one with a changeable weight for "War-Mup" is priced from $4.50 to $12. The individual "War-Mup" retails from $2.50 to $5.00.

A special Christmas gift package of the single weighted "War-Mup" and in sets of 3 or 4 (one weighted) will soon be available.

STROKE-MASTER HAS TWO NEW LIGHTWEIGHT SHOES

Miles H. Baker, vp, E. E. Taylor Corp., Freeport, Me., says the company will feature two new lightweight two eyelet golf shoes next season. One is to have a lug sole and will retail at $14.95. This is to be made of a soft type upper with a

full leather toe lining and an unlined back quarter. The same shoe will also be available in a waterproof neolite sole out of a brown softy upper leather with an unlined back quarter to be available to retail at $15.95. These are two new shoes Stroke-Master believes “have a wonderful place in the pro shop for the coming season.” Styles are in the men’s line.

Baker adds: “We also are featuring a blue and white women’s spiked golf oxford in our hand fashioned, unlined women’s shoe. This shoe seems to be much in demand and its comfort giving features are unquestioned as we have sold many thousands of pairs of this type shoe in plain brown and brown and white.”

**W. A. CLEARY TO HAVE SUPPLY MERION B27 SOD IN EARLY ’53**

The W. A. Cleary Corp., New Brunswick, N. J., has seeded 25 acres of their plant farm to Merion B27 and some other good green mixtures from which they plan to furnish a continuous supply of sod to golf courses and parks starting in early 1953.

Control plots are to be marked off where studies will be made of treatments with PMAS for crabgrass and fungus in various stages. Other test plots will show results of use of the soil conditioner, Soiloam, and a newly formulated liquid fertilizer, Nitro-Gro.

Superintendents and club officials are invited to visit the Cleary plant and see the sod in various strains of grass and make first hand observation of tests being conducted.

**DOUBLE EAGLE IS DISTRIBUTOR FOR PENFOLD BALL IN U. S.**

The new Penfold golf ball is now exclusively distributed in the U. S. by Double Eagle Golf Products Co., Inc., Yardley, Pa.

The new Penfold is wound with a special tape of purest rubber and has unique center construction. Distribution of the Penfold ball is exclusively to the professional and in most leading pro shops appears the well known Penfold trademark of the happy Scot.

Double Eagle Golf Products Co. first gained prominence when it introduced its bag line for sale exclusively by golf professionals.

Last year Double Eagle popularized a bright plaid golf bag. This year they presented a “Seamless” bag which has
proved to be successful and popular. Recently Double Eagle has been given exclusive manufacturing rights to a new material, "Kalistron," which, it is predicted, will have strong selling appeal in beautiful high quality golf bags.

**NEW GOLF BALL RECONDITIONER**

The Wittek Golf Range Supply Co., 5128 W. North Ave., Chicago 39, Ill., in collaboration with the Globe Products Co., has developed an improved, heavy-duty, press-type vertical Golf Ball Reconditioner, adapted for range operators to put cut and out of round balls back into play. Re-vulcanizing the entire cover, this machine is hand operated. Details from manufacturer.

**NEW ITEMS FEATURED IN MACGREGOR 1953 LINE**

New and original items designed to give impetus to the increased market golf professionals have created in recent years will be featured in the 1953 line of the MacGregor Golf Co.

A completely new golf ball, the MT, will be presented to the public this Fall. This ball has been tried and tested with satisfactory results on the tournament tour through the past year. It will also be offered in an attractive Lizagator Utility Kit for Christmas sales.

The "Blended Weight" principal has been developed in MacGregor's laboratory to satisfy the professional's demand for a simple and clear way to supply balanced sets of clubs to their members.

Additional factory facilities have been added in an effort to meet the demand for MT "Eye-O-Matic" woods, which will again be featured in 1953. The companion MT irons have been refined to please golfers of every description, size and shape.

Both Byron Nelson and Louise Suggs lines of woods and irons have been completely redesigned and will offer real values to the golf market. The Tommy

MacGregor's Christmas package — One doz. "MTS" in an attractive zipper case.

Armour Tourney irons have been also refined to meet today's trend, as have the Armour left hand irons and the Jack Burke, Jr. model for younger players.

Sales success enjoyed with the MT combination sets of nine irons and four woods has resulted in the Armour and Suggs Tourney models being offered in this novel merchandising unit. The boxes have been redesigned for additional strength and can be used as built-in display cases.

A Saran pattern of the authentic MacGregor Plaid will be featured in the comprehensive series of pro-only golf bags in a choice of round, keystone and Pax styles. Available also in attractive green and blue color combinations. The serviceable Saran will be offered for the first time in lower price brackets and in completely restyled and original designs. There are also companion head covers, carryalls and shag bags to match.

MacGregor is also introducing an uniquely constructed number, the "Buggy Bag", specifically designed to be used on carts, regardless whether it is a collapsible or rental type, affording protection to the bag at points where the brackets on most carts will cut a conventional bag.

**GOLFERS IMPORTS, INC., HANDLE BRITISH LINES IN U. S.**

Golfers Imports, Inc., has been formed as sales agency to American golf trade of several leading British lines. Address is PO Box 26, Hillside Manor, New Hyde Park, L. I., N. Y. Telephones are Floral Park 4-4115 and Bayside 9-9566. Golf Imports salesmen now are calling on pro trade.

The company handles U. S. sales for North British Rubber Co., Ltd., featuring the North British ball and a new floater, and North British rubber oxfords with steel spikes, for men and women. It also is sole U. S. sales agent for Tartan um-
For six years we have used only Liqua-Vita as a summer fertilizer. We wouldn't be without it. Better color—
even growth—no burn.

"We apply Liqua-Vita with the fungicide, thereby eliminating labor cost—an important item these days."

brellas and cane seats made by James Ince & Sons, Ltd., and has the pro line
of Macintosh poplin reversible windbreakers for men and women, rainpants, and
all-service self-lined poplin jackets with wool collar, waistband and cuffs.

Golfers' Imports, Inc. also has a fine
line of cashmere sweaters made in Edin-
burgh, and soon will announce its agency
for one of the leading line of British-
made clubs and heads.

FASHION ACADEMY AWARD TO BURKE

For excellence of design, styling and
construction Burke golf clubs received
the Fashion Academy Medal Award for
1953. Production of Burke's 1953 clubs
is well underway at their Newark, O.,
plant and pres. Jack Schram advises
reasonable quantities will be available for
holiday selling.

ATCO GREENS MOWER SAYS
SALES "PHENOMENAL"

A. M. Bruce, U. S. Resident representa-
tive of Atco Motor Mowers, 67 Broad st.,
New York 4, says that the British-made
Atco which was introduced to the Ameri-
can market in 1951 has had "phenomenal"
sales and acceptance by suptns. Bruce adds
"many distributors report that they have
sold more greens mowers this year than
during any other year since the war."

The Atco is made by a company with
more than a century of engineering ex-
erience. It was put on world markets
other than U. S. in 1921 and came into
the American market when the pound
was devalued and its price became com-
petitive.

The 20 in. Atco weighs 106 lbs., has a
9-blade Sheffield steel reel and simplified,
sturdy construction for operating econo-
my and uniformity.

UNION HARDWARE NAMES
REGIONAL SALES MGRS.

Appointment of four regional sales
managers to handle sales of Union Hard-
ware Co. products in the East, the Mid-
west, the South and the West Coast areas
of the country, has been announced by
Milton G. Meinig, director of merchandis-
ing and sales for the company and its
subsidiaries.

Eastern Regional Manager, with of-
fices in New York, will be Irving Swir-
now, former New York district repre-
sentative for the company and its Ath-
etic Shoe Division, and previously a buyer
for Davega stores.

George Fox, for the past 25 years in
charge of the sporting goods department
of the Hoffman Hardware Company in
Los Angeles, is the new West Coast Re-

gional Manager. He will establish re-
gional sales headquarters for Union Hard-
ware in Los Angeles.

James Jackson, with Union Hardware
the past five years as Chicago district re-
presentative for its Athletic Shoe Di-

A STRONGER, HEALTHIER
Turf AT LESS COST
MICHIGAN PEAT
NATURE'S FINEST SOIL BUILDER

Leading clubs maintain thick, healthy turf by building their greens with proper mixture of Michigan Peat, sand and soil. Michigan Peat makes heavy soil porous, binds light sandy soils, permits adequate aeration, holds water and plant food, allows grass to attain deep root structure. Invaluable for top dressing! Saves watering bills. Our staff will help you solve your problems and save money.

RUTLEDGE ANNOUNCES COOLIE CART
The Rutledge Company, 3333 W. Belmont Ave., Chicago, announced their new "Coolie Cart", scientifically designed and so balanced there is no sensation of weight. It's a good, hard-working cart in the low price field.

Coolie rides along effortlessly. The handle adjusts to a comfortable length for
everyone. Enameled metal body; 10 in. ball bearing wheels. It comes to dealers in a compact package, with only 3 parts which can be easily taken down and assembled to fit small space for carrying or storing in the back of a car without removing the bag. It is a good feature for gifts.

JOHN GILL RETURNS TO BUCKNER AS GEN. MANAGER

John B. Gill has been named Gen. Mgr. of the recently enlarged Buckner Co., Inc., Fresno, Calif. For the past 38 years, the Buckner firm has existed as a successful partnership engaged in the manufacture of all types of portable and underground sprinkling equipment. The incorporation is for the purpose of expansion to better serve their customers.

Gill will be in charge of all operations, both production and sales. He returns to

Buckner, after serving for many years as manager of their New York office, and with a wealth of sales experience gained during his 14 years as manager of the Transite Pipe Department of Johns-Manville Sales Corp. in their San Francisco offices...

MICHIGAN PEAT COVERING COUNTRY ON GOLF CLUBS
Michigan Peat, Inc., 267 5th ave., New York 16, has a new folder describing use of its high nitrogen peat from bogs at Capac, Mich., on golf courses from Washington, D. C. to Los Angeles, and from northern U. S. to the deep south. Prominent supts. are quoted as having used the material in constructing new greens and reconditioning old greens. The material is being extensively used in 1/3 sand, 1/3 soil and 1/3 Michigan peat for top-dressing after greens are aerified and soil plugs brought up during aerification are removed. Supts. have reported very satisfactory results.

HYPER-HUMUS DESCRIBES TOPSOIL MAKING
Hyper-Humus Co., Newton, N. J., whose product has been widely used on golf courses for more than a quarter century, has issued a new circular telling of the use of Hyper-Humus in converting subsoil into topsoil. The mixing formula and process are pretty well known among supts. Write for circular.
