Quality construction and features designed for Player-convenience give Tufhorse Golf Bags the kind of appeal that makes your selling job easy.

Here's the L672, a handsome, pear-shaped bag of large proportions. This model features colorful two-tone combinations of sturdy duck and embossed steerhide leather trim. Step-down Keystone collar and wing-type sling suspension. Leather saddle on both sides prevents wear.
At last... a driving range ball your customers can't kill!

It's the U. S. Driving Range Ball—custom-built specifically for driving range use by the makers of U. S. Royal Golf Balls. These great new range balls offer you:

- covers that are super-tough
- scrape-resistant coatings of white enamel
- liveliness and playability that lasts longer

U. S. Driving Range Balls come in a choice of 4 color stripes—your imprint in matching color, too. What a ball for driving ranges—what economy! Find out more details. Contact your nearest United States Rubber Company branch, or write Golf Ball Dept., United States Rubber Company, Providence 1, R. I.

Western Golf Revamps Tournament Schedule

Western Golf Association has created the longest and most strenuous tournament in modern golf by further revamping the playing schedule for its Western Amateur championship, the 51th renewal of which will be played May 28 through June 3 at Belle Meade CC, Nashville, Tenn.

Under the playing schedule announced by WGA President James L. O'Keefe, the amateur who wins the 1956 Western title will have played 216 holes, or three times that of the regular professional tournament. The new schedule includes 72 holes of qualifying over three days, to be followed by 36-hole matches during the next four days for the low 16 scorers.

Last year the Western stirred great interest in amateur golf by adopting 72-holes of medal play to qualify eight for 36-hole match play. The 56 format, however, adds 36 holes to the '55 playing schedule. In addition, the defending champion now will not be exempted, but must qualify along with the rest of the field.

A favorable consensus of leading amateur tournament players led to the establishment of the new format, according to O'Keefe.

Quarter Century Pros At Work on '57 Tourney

John R. Inglis, who heads the PGA Quarter Century Club, already is at work on 1957 tournament plans for PGA members of 25 years or more.

The Professional Golf Corp., Chattanooga, Tenn., which gave $1000 in cash prizes and $1000 in clubs as prizes this year, has advised Inglis it will repeat and possibly raise its contributions for next year. The manufacturer presented merchandise so ever contestant won a prize in 1956.

The Quarter century event this year drew a field of 66 in the competition at Dunedin which followed the PGA Seniors. In the youngest age group Louis Chiapetta's 142 won first money of $300. Frank Walsh had 145 and got $300. Al Watrous, Willie Goggin and Ole B. Clark tied at 146.

In the second age group Charlie McKenna was first with 148. Alex Watson was second with 150 and Bill Gordon, Al MacDonald and Charlie Lorns tied at 156.

Eddie Williams won in the next class with 151. Mike Brady was 154. Frank Sprogell and Willie Ogg were third and fourth. Charlie Mayo won in the 70 and older group with 159.

What I Learned From My First Golf Car Sale

By HAROLD B. HARRISON
Pro-Supt., Centre Hills Country Club
State College, Pa.

On Sept. 30, 1955, I purchased from a Pennsylvania distributor my first electric golf car and had it delivered that same day, directly to my customer. I gave the distributor my check in full and in return, received an innocent looking receipted bill; (for 1-Golf Car . . . . Price $_________) the same type of receipt that I would receive for any other merchandise purchased. The distributor and I shook hands and parted.

My customer was like a kid with a new toy! He drove the car around his yard. Of course he knew that he couldn't take it out on the street and drive it over to the golf course until he had his license. But that should take only a few days, since he would apply for the license immediately. He did. And that really started the letters and phone calls flying in all directions. All four of us got on the merry-go-round; the customer, the Bureau of Motor Vehicles, the distributor, and I, the pro who was
the supreme favorite... in

STAR STEEL EQUIPMENT CO., INC.
Dep't Go. College Point, New York

supposed to keep the customer happy!

Not only did we write and telephone, but we got down on our knees and flat on our backs on the garage floor, where said new and shining golf car was housed, and armed with flashlights, tissue paper and soft lead pencil, proceeded to make tracings of the manufacturer's number, only to find later that we had taken the wrong number and had this to do all over again.

We filled out forms and more forms, some of them the wrong ones; some of them right in part. Two months and five days later, my customer received his license! That was on December 5th and of course it was then too cold to play golf here in this locality.

He is looking forward to trying out his new golf car in the Spring. He will naturally have to apply for 1956 license plates, even though he never did use his 1955 plates! At this stage in the game, we are all keeping our fingers crossed! And I, the pro, shall not uncross mine until I see my customer motoring around the golf course in his nice new, shining golf car!

Valuable Tips

When you purchase a golf car from a distributor:

1—Insist that your distributor deliver to you with the car, a notarized bill of sale, complete with all the information you would have for an automobile (or motorcycle). Included must be serial number, motor number, horse power, model, type body, kind of tires etc.

2—YOU must apply for Title in your name. Application should be made to the Bureau of Motor Vehicles (or the department in your state that is the equivalent of the Pennsylvania bureau handling automobile registration and issuance of licenses) by filling in a standard form which the Bureau supplies to you. In addition you must forward to the Bureau with this form, your bill of sale, check covering title and registration fee and tracing of the serial number on the vehicle.

3—If the car is less than 4 H.P. it will be registered as a motorcycle!

4—If you sell the car to a customer, the title must then be transferred to your customer.

FLOOR MATS FOR EVERY PURPOSE

PREVENT ACCIDENTS
