Atwood Terra-Car Now in Full Production

After five years of research, testing and limited production, the Atwood Terra-Car is in full production. Gasoline powered, it has front wheel drive and Goodyear's Terra-Tire low pressure tires. The Terra-Tire, 16 x 15 x 6, spreads the weight of the car over a large area and doesn't damage even soft, wet turf, it is said. The car weighs 800 lbs., has rear wheel steering and hydraulic brakes with additional hillholder. The Terra-Car's running mate, the Utilicar, substitutes carrying space for maintenance materials for the golf bag space and is designed for supt's. and maintenance employees. Both models are manufactured and distributed by Meisel Distributing Co., 2207 Big Bend blvd., St. Louis 17, Mo.

Par-Mate Markets Winter Golf Glove

Par-Mate, 10 W. 33rd st., New York 1, has introduced a golf glove that is designed for cold weather play. These extra warm gloves are made with imported capeskin palms and back of 100 per cent wool in attractive combinations of tan and beige tweed. Three rows of elastic give a snug fit. The winter glove, Style S-81, is available in all sizes for men and women. Par-Mate is sold in most pro shops. S-81, incidentally, is recommended for winter driving.

Form Machinery Corp.

Thomas A. Harrison and David N. Hulshouser announce formation of Penn Ridge Products, located in Lansdale, Pa. This new company is concentrating on the design and manufacturing of machinery and equipment for special applications. Tom Harrison and Dave Hulshouser are widely known throughout the turf industry. Both were formerly associated with West Point (Pa.) Products Corp. Currently in production at Penn Ridge is a Trackless Train which can transport up to 150 people.
Soaring '60s Hold Great Promise

MacGregor salesmen, company officials and representatives of Brunswick International gathered in Cincinnati, Aug. 3-5, for MacGregor’s annual sales meeting. In the photo are newly appointed MacGregor sales reps, Lou Fabian and Bud Burkley. Fabian works the Western Pa. territory and Burkley, the Indiana territory. "The shape of things to come in the Soaring 60s" was the theme of the sales meeting.
Nurseryman Tells How Aqua Gro Helps in Stock Propagation

An article in a national nursery magazine tells how the propagator of the Andorra Nurseries, Conshohocken, Pa., treats 100 per cent of his stock with Aqua Gro, giving it freer penetration and improved soil mixture content. Use of low tension Aqua Gro, the article points out, increases availability of water and nutrients and reduces the necessity for watering from three times a week to two. Other advantages cited: Use of the non-ionic wetting agent helps to keep azaleas from turning yellow, has reduced wilt considerably, stepped up budding time and gives immediate and thorough wetting after being applied to soil that is in bone-dry condition. Aqua-Gro is a product of the Aquatrols Corp. of America, 730 Lancaster ave., Bryn Mawr, Pa.

Aeri-Dryers Mop Up Quicker Than Philly Pitchers

When heavy rain followed by flooding conditions threatened to cause cancellation of a recent Philadelphia-San Francisco night baseball game in Connie Mack Stadium in Philly, two Aeri-Dryers, made by West Point (Pa.) Products Corp., were rushed in to prepare the field for the game. An afternoon's work resulted in everything being mopped up so that 22,000 people could see the game that evening.
For better and more economical golf ball washing

HENRY Golf Ball WASHER
- Will dress up any course • Dirty water will not splash • Heavy gauge steel • NEW improved insert in rubber squeegee • Oil impregnated bearings • No brushes to rot.

NORTHERN GOLF BALL CO.

Swinging Around Golf

(Continued from page 88)

into Sturgeon Bay, is having its second annual $1500 Cherryland Open at Alpine GC, Egg Harbor, Wis., Sept. 12-13.

Of all the golf course-real estate projects recently completed or under construction Lyford Cay, Nassau, probably has most expensive lots . . . Property between ocean front and course designed by Dick Wilson sells for $300 a front foot . . . Bill Kaiser, H&B golf sales mgr. forecasts that Jack Nicklaus and Bob Nicholas are destined to be two great golfers and get lockerroom gossip and golf writers frequently confused by names that sound the same.

Harold Rosenberg, former champion of Bryn Mawr CC, Chicago, is active in promoting Israel's golf course . . . In building the course the USGA Green Section advice has been used . . . The late Dr. Alistair Mackenzie, architect, with Bob Jones, designed Royal Melbourne's two 18-hole courses where the International Golf Assn. pro matches will be played Nov. 18-21 . . . Architect Dick Wilson made a few revisions of holes and selected 18 of the club's 36 for the IGA matches

Unbilled star of the PGA championship was Walter Hagen who came from his summer place near Traverse City, Mich. . . . The Haig covered a lot of course in a summer place near Traverse City, Mich. until dawn's early light . . . The guy still has color like the aurora borealis and was No. 1 with the autograph-seekers, most of whom were kids who weren't born until after Walter hung up his clubs but they got the hunch that the Haig belongs to the ages . . . Barring a touch of arthritis in some fingers Walter is in fine health . . . (Continued on page 90)

September, 1959
Swinging Around Golf

(Continued from page 88)

He's taken off some from his weight of a few years ago but still is a stylish, merry, stout . . . He has an astonishing memory for names, probably knowing more pros of a wide range of ages than anybody else in the country.

There was a great reunion of veterans when Gene Sarazen, Hagen and Joe Kirkwood, sr., met at the Minneapolis GC . . . Joe took a day off from an 11,000 mile trip during which he'd played 50 trick shot exhibitions in 58 days . . . He's driving a Chevrolet Impala now and is enthusiastic about it . . . He is mighty proud of the way Joe, Jr., performs in tournaments although Joe, jr., doesn't keep at tourney play steadily enough to bear down . . . Jim Ferrier, who played in the PGA as one of his earlier appearances in his return to the circuit says that it will take him two months to regain the tournament routine of thinking that brings 4s and 3s where 6s pop up in the card of the fellow who isn't quite ready.

Sarazen withdrew after the third round to get back to his farm . . . After 40 years of tournament golf Gene continues to be a delight to watch . . . Kirkwood followed Gene and remarked that Gene was demonstrating again that he was the smartest competitor of all the boys . . . Gene usually hits tee shots with a bit of a fade but when he was paired with Bill Collins and Fred Wampler, two long-hitting young men, Sarazen whammed his drives with a hook that gave him more yardage and had him looking younger . . . Everybody in the gallery was talking about how well and how fast Gene putted . . . Gene, Hagen and Kirkwood played many a championship on greens that weren't as good for putting as the tees were at Minneapolis CC.

MacGregor Golf's annual Tourney Club party the night before the PGA championship began was the biggest the company has put on . . . Pres. Henry Cowen and his staff make great use of their vast memories for pro names and faces.

Ralph Hutchison whose announcing at the 18th greens in 11 Masters and 12 National Open tournaments has been highly interesting and informative to the galleries introduced a new tournament communications service at the PGA . . . GE portable transceiver radio telephones at several points on the course kept Hutchison supplied with hole-by-hole details he passed along to the gallery at the 18th.
