1960 Golfcraft Woods & Irons Are "Micro-Balanced"

Golfcraft's 1960 Lloyd Mangrum Glasshaft woods are "micro-balanced" with persimmon heads finished in a rich ebony. They have a natural face and red fibre keystone insert with contrasting white stripe and double lock sole plates. The "torsion control" Glasshaft is said to eliminate distortion and is available in various flexibilities. Grips are of top grade black calfskin leather with red and white stripes. 1960 irons are scientifically designed with weight placement to give more accurate trajectory. The sand-blasted face is to give greater bite or backspin. Irons, too, have calfskin grips with red and white stripes. Woods and irons are available for right or lefthanders.

**Recommends VC 12 for Small Areas**

In a recent issue of West Pointers, West Point (Pa.) Products Corp., said that the VC 12 Verti-Cut is particularly useful in renovating tees and other small areas because since it is hand pushed, it can be propelled at optimum speed. The old VC 3, it was said, good though it is at vertical cutting, works at constant speed and may be subject to stalling when blades are set down and none removed.

For Sale: Worthington 5-gang fairway mowers completely overhauled, excellent condition. Walter Welgman, Rt2, Peshtigo, Wisconsin. Call Oconto, Wis. 1002-J or 351-J Oconto, Wis.

Says Golfers Should Protect Selves Against Theft, Liability

Writing in the Long Island Press, John M. Brennan, the paper’s golf writer, said that he had recently queried Timothy W. Foley, a golf insurance specialist, as to liability in the case of thefts of equipment and golf course accidents. It is Foley’s opinion that neither the club nor the pro can be held responsible when clubs, bags, apparel, etc. are stolen from a club storage area. It is the responsibility of the golfer to protect himself against pilferage of this kind. Coverage of this type often can be obtained through a rider to a comprehensive dwelling policy.

Foley, Brennan says, feels that no player, whether on a public or private course, should venture to hit a golf ball without being covered by liability insurance. Protection of this kind can be obtained for a nominal premium through an insurance agent or broker.

Watson Heads Wisconsin PGA

Gordon Watson, Brynwood CC, has been re-elected pres., Wisconsin PGA. George Vitense, Madison, has been retained as secy.-treas., and Bob Whyte, Alex Wilmott and John Erickson as vps... Directors are Dick Swift, Joe Paletti, and Alex Wilmott and John Erickson as vps...

February, 1960
Swinging Around Golf
(Continued from page 82)

Turf Management school, now is supt., North Jersey CC, Paterson, N. J. ... You'll not see any better jobs of organizing and conducting a program than was done at the PGA Business School for Assistants at Clearwater, Fla. ... Details were handled by four student secretaries: James D. Netter, Port Huron, Mich.; Eugene H. Moyer, Macungie, Pa., Allen J. Johnson, Conway, Ark., and Morris Denno, Toledo, O.

Alan Bisset is planning to add another 9 to his Copper Hill course in East Granby, Conn. ... Work underway at Pequabuck in Terryville and Chippaneer in Bristol ... They are adjacent courses ... Doug Ford spoke at the Willie Whalen memorial dinner held recently at Shuttle Meadow in New Britain in conjunction with a member-member tourney ... Dick Burkarth replaced Willie, who was a Conn. PGA officer for nearly two decades ... Wampamoaq, site of the 1960 New England Men's Am, has installed a new watering system.

The Titleholders is the only big tournament Besty Rawls hasn't won, but she's been runnerup in it three times ... Fred L. Riggins of the National Golf Fund was recently honored by officials of the Mueller Brass Co. on the occasion of his 55th anniversary with that firm ... He was presented a 20 by 30 in. bronze plaque ... Riggins started with Mueller in 1904 as a clerk ... In 1936 he was named pres. of the company ... Cameron Henderson of CC of Buffalo has installed a lunch room for his crew in the maintenance bldg. ... Carl Bretzlaff, supt. at Meridian Hills, Indianapolis, has been there 37 years.

Wes Ellis, Jr. named head pro at Mountain Ridge CC, West Caldwell, N. J., succeeding Jim Taylor, who becomes pro emeritus ... Ellis is deserting the circuit and will play only in major tournaments ... Ocean View CC, Norfolk, Va., planning new clubhouse in $80,000 class ... Arnold Palmer stayed off the tour 10 weeks last fall in an effort to pull out of a putting slump ... Says poor putting was due to being overgolfed ... When that happens, says Arnold, you don't take that extra second to concentrate.

W. Bruce Matthews, course architect of Newaygo, Mich., working on design for second 9 at Sunnybrook in Grandville, Mich. ... He's also been busy helping to rebuild greens at several clubs in Mich. that went sour because of faulty soil mixtures ... Matthews designed Willowood CC, Flint, Mich., that will be put in play this year ... Kyran Nitchelson, who left Ramshorn CC, Fremont, Mich., to supervise building of Willowood, will stay on as supt. ... They say there are nearly 3,000 dunked balls in Dorado Beach's (P. R.) tide-level lagoon on the 13th hole.

Group headed by Jerome H. Lorber buys Suburban CC, Waukegan, Ill. and have renamed it Orchard Hills ... Plan to renovate course ... American Seniors GA tourney to be played at Posee de Leon GC, St. Augustine, Fla., Mar. 19-26 ... Leon R. Sikes is defending champion.
NEW Frame Face Scoring
There is positive ball contact with the quartz bombarded face...there is real “pro” bite in the face scoring of the 1960 Wilson Dyna-Powered irons.

ALL NEW Control Flex Staff-Pro Shaft

ALL NEW Positive Tack Leather Grip

WILSON'S 1960 Dyna-Powered irons...completely new...introducing the latest and greatest contribution to iron play—Power-Flare!

The Power-Flare blade, with the drilled through hosel is the result of extensive engineering research. It is the first really new scientific improvement in iron head construction in the last 30 years.

Based on the principle that an iron should have its power concentration at the point of maximum efficiency, the Power-Flare design graduates and distributes that weight to the point of maximum impact efficiency for each numbered iron.

Play the new Wilson Power-Flare Dyna-Powered irons. When you pick one up, you'll see the difference...you'll know it's something new. When you hit with it, you'll feel the difference...you'll know it's something great.
