The only Golf Equipment Recommended by the Professional Golfers' Association

with NEW PGA Contromatic Shafts

PGA Clubs have the time tested, True Temper Dynamic Pattern shaft, made from new Boron steel. This exclusive PGA Contromatic shaft gives extra “feel,” extra power at point of impact. Amazing extra power is there without disturbing directional control. Choice of flexes. Whether buying for yourself or for resale you will profit from the exceptional design and value of PGA Clubs. PGA Equipment is fully guaranteed to give complete user satisfaction.

NEW SHAFT
Exclusive PGA Contromatic Shaft has lithe, lash-like action. Thinner wall construction at tip end of shaft provides more “feel,” extra power.

Herb Mason named pro-supt., Happy Valley GC, Wilson, N. C., by J. C. Eagles, jr., owner of the course which will be in play this summer . . . Mason has been in charge of construction of the course.

Lou Strong, PGA pres., says National Assn. for the Advancement of Colored People didn't tell the truth in its published statement that the 1962 PGA championship was withdrawn from Los Angeles because California's attorney general demanded that Negro Charley Sifford be permitted to play . . . Simple truths, says Strong, are (1) California's attorney general never made such a request of the PGA; (2) Cancellation of LA date for 1962 PGA had nothing to do with Sifford; (3) Negroes are eligible to play in the PGA championship if they meet the same requirements white professionals have to meet; (4) Sifford's playing record has not qualified him for this year's PGA . . . Those facts the NAACP could have learned at the price of a 4 cent stamp . . . In many years of covering golf I never have seen a Negro get poor treatment in a tournament with which the PGA, USGA or Western GA had operating responsibilities . . . All the Negro golfer has had to do

That's the way the dictionary might have been written if Noah Webster had lived to see and play the Dunlop Super Maxfli. As we're telling your golfers (and millions of others), the Super Maxfli is a no-nonsense golf ball, designed to do just one thing—help a golfer play better golf and have more fun doing it.

When your golfers do just this—when they see and feel and hear what the Super Maxfli has to offer—then your sales climb. It's as simple and as honest as that. The Super Maxfli gives performance to your players and profits to you...and there's not an ounce of hokum or hanky-pank in a carload!

From its Energy-Bank center through its two-stage windings to the resilient white armor on its cover, the Super Maxfli is—honestly—the ball that's made for great golf. And great sales. And it can be bought, of course, only at a pro shop.

Sold only in pro shops. Unconditionally guaranteed under the Dunlop Bond of Master Craftsmanship.

These all-new Maxfli woods and irons put honest power behind the Super Maxfli. Each club is balanced as a unit and as a set—and there's a choice of five putters. Dunlop Tuftorse golf bags and matching accessories bring handsome profits, too.
is to qualify for the competition in the same way the white golfers do and let his golf clubs talk for him.

Before yelling at officials of Aronimink GC, Philadelphia, site of the 1962 PGA, about the club " Continuing the un-American practices of the PGA" the NAACP should have done something constructive by encouraging establishment of some first class Negro golf clubs in the way in which other American groups have formed and operated their admirable clubs in a self-reliant, independent American spirit ... Now that Strong has put the record straight on Negroes in pro golf competition the NAACP may have some time loose to look into basketball.
