Ryan MATAWAY...the profitable new turf maintenance unit

- Controls Zoysia, Hybrid Bermudas, St. Augustine, all types of blue grasses
- Heavy duty unit: Full 9 HP engine, two-speed transmission
- Easily lifts out thatch from warm climate grasses
- Quick-change reel assembly, adjustable slicing depth

The Ryan Mataway is a vertical slicing unit with self-propelled action for minimum operator fatigue. High performance—up to 23,000 sq. ft. per hr.—makes it a profitable as well as dependable unit you can use all season long to improve the condition of all kinds of grasses. Call or write for specifications and a demonstration.

World Wide Sales Through Leading Turf Equipment Distributors
Here's an opportunity to save time and gain accuracy in maintaining your lawn mowers. The simplicity of the Modern Sharpeners makes it ideal for anyone to operate and turn out perfect jobs.

Modern precision grinding insures uniform contact of reel blades and bed knife over the entire length of the mower. Your mowers are sharpened true to one 1/1000th of an inch. No hand filing is necessary—blades are ground sharp to their extreme edges. The Modern has a combination grinding head that sharpens both the reel and bed knife with mower intact.

If you're sending your mowers out for sharpening, you'll save as much as $8.00 per reel in some parts of the country. With a Modern, there's no time lost waiting for outside work to be completed. Your lawn maintenance men can keep the mowers sharp between cuttings.

Send the coupon below for complete details on Modern Lawn Mower Sharpeners.

THE TREND IS TO HARDIE

THE FINEST IN GOLF COURSE SPRAYING EQUIPMENT

Yes... the trend is to Hardie... because with a Hardie, the beauty of your fairways, greens and club house grounds can be preserved with dependable ease... Hardie Hi-Pressure sprayers are available in sizes from 3 to 60 gallons per minute. Pressure is adjustable from 50 lbs. for weed spraying to 800 lbs. for hand spraying, greens, shrubs, etc.

The Hardie Hi-Lo pressure regulator weed boom is considered by many Golf Course Superintendents as the ultimate in boom design and performance. Hardie also manufacturers a complete line of single and multi-nozzle spray guns for exacting green or shade tree work.

There is a budget-priced Hardie Sprayer, with either the famous long-lasting Hardie Douglas-Fir wood tank, or the conventional steel tank to meet your exact requirements. See your Hardie dealer soon, or write for illustrated literature.

"Lightweight touch...heavyweight touch...makes no difference with our TORO Greensmaster"

Says Palmer Maples Jr., Greens Supt. at Charlotte Country Club, Charlotte, No. Carolina
"No matter how big or small, heavy or light, skilled or unskilled our greensmen are, all of our greens look uniform and even—thanks to our Toro Greensmasters," reports Palmer Maples Jr. of Charlotte Country Club.

Because of its unique three part construction the Greensmaster® gives you constant cutting weight. No matter how hard or soft you push on the handle, the cutting reel maintains constant, even pressure on the green.

The traction unit consists of a 3 hp engine, gear box, soft rubber traction drums and handle. The catcher is connected directly to the traction unit by a supporting fork with roller. The cutter is a 21-inch, 12 blade reel mounted between catcher and traction unit, completely independent of both for floating action without digging or gouging.

The "Greensmaster" can save you time and money. Call your Toro distributor today for a free demonstration.
