Select the spreading thickness you want—even with high moisture content top dressings.

Spreading is uniform over full width of the spreader—so non-marking wheels do not run on fresh top dressing.

New Ryan SPREAD-RITE

The power top-dressing machine that has the features you asked for!

Spreads a full 39" width, travels under power over 200 ft. per minute.

New concept of 5-way agitation gives full-width, uniformly thick spreading even with high-moisture content materials.

7 cu. ft. heavy gauge all metal hopper—you spend more time spreading, less time filling.

Oversize balloon-type tires will not mark surface of finest greens even when the 450 lb. unit is fully loaded.

Easy to handle... makes a full circle turn within its own width... handlebar post has pin-type hitch so unit can be towed behind other equipment.

Expertly engineered and ruggedly built to give the dependable service Ryan products are famous for.

WHY THIS UTILITY CAR
CAN REALLY TAKE IT

Husky TORO WORKMASTER out hauls, out climbs all others...runs quiet and easy as a golf car

However big your utility job, this all-purpose turf vehicle will take the abuse. You might say it's overbuilt: 10 hp. industrial engine, 20 gauge formed steel body, 1000 lb. box capacity.

We think this is what you've wanted in a utility car, for these are the kind of features that let you do almost any job with a Toro Workmaster. Climb hills with a 48% incline...go at speeds up to 15 mph....haul the big items in a king size utility box that even raises, lowers and tilts for dumping. It takes the big mowers and tools all in one trip.

Workmaster gives you just about as much luxury as you want. It drives like the Toro Golfmaster Golf Car. Easy, 1-pedal start, stop and brake. You sit on a soft comforttable padded seat...drive on big, shock-absorbing tires.

Like a demonstration? For details, call your nearest Toro distributor; or write us and we'll have him get in touch with you. Incidentally, he invites you to compare Workmaster against any other utility car.

Why town Chesteron Club’s civic achievement award for his Junior golf program and has been placed in the city’s Curbstone Coaches “Hall of Fame” for his community service through golf.

Ted Huffman, formerly assistant to Horton Smith at Detroit GC, opening de-luxe lighted 18-hole Par-3, at Griffith, Ind., and will have Wallie Kolodziej of Gary’s municipal course as an instructor teaching evenings . . . The Huffman place also has a big range and miniature 18 . . . Garland Parsons, manager, Akron, O., muny Good Park course is building his nine-hole semi-private course at Medina, O.

The O. B. Keeler course of the Cobb County (Ga.) recreational authority has been sold to the Pine Tree CC, Kennesaw, Ga. . . . and has become a private club . . . A clubhouse will be built supplementing the service of the present golf house . . . Bill Hardigree, who has been with the course since it opened in Oct., 1960, will continue as pro . . . Course is an excellent one in fine condition but the plan to have development and sale of adjacent property finance a deluxe public course didn’t work out . . . Members of Pine Tree private club have acquired 240 acres adjoining and the property has started to sell . . . Wm. L. Campbell, formerly pro at Lake Wales (Fla.) CC now is pro-mgr., Indian Lake Estates CC, Lake Wales . . . Campbell built the Indian Lakes 9-hole course and the lighted Par-3 nine . . .
THE NEW ROYER "SUPERINTENDENT"
takes charge of all your soil processing

Now, for turf maintenance and new construction, a new Royer Shredder, the SUPERINTENDENT, tops them all—in economy, performance and versatility! Even tops the Royer you’re now using. Here’s how. Besides giving you the same dependable features that are in every Royer Shredder, the SUPERINTENDENT adds—

- a large hopper for loading with small tractor buckets
- the choice of a powerful air-cooled engine or power takeoff drive for use with your tractor.
- truck-loading discharge height
- improved blending
- completely automatic trash removal and discharge

You owe it to yourself to check this revolutionary Royer that completely eliminates time consuming and costly manual labor. Do it today. Send for Bulletin S-120 for all of the specs. You’ll find the SUPERINTENDENT is budget-priced.

BERRIEN TOOL & DIE CO.
Eau Claire, Michigan
How turf at Glengary C. C. withstands abuse of hot, humid weather and heavy play

"Hot, humid weather and heavy play can be rough on any course," says Marcus E. List, General Manager of Glengary Country Club, Toledo, Ohio. "To maintain a hardy, vigorous turf, in spite of these conditions, we rely on the Agrico Country Club Feeding Program. Because the program is tailored-made for our course, we're sure of using the proper combination of Agrico Country Club fertilizers and Agrinite. "The result is the turf on our greens, tees and fairways shows excellent color and root development."

hotels, this course, maintained in the American manner, would be worth millions to the Spanish government... You see golf booming at the Club Puerta de Hierro at Madrid where there are eight pros... Practice tee often has 20 to 30 of the club's 3000 members taking lessons or practicing.

Alex A. Popp, formerly of CC of Keyser, W. Va., has been named pro of White Oak CC in Oak Hill, W. Va. All of last year's 20 top PGA circuit winners will be in the Colonial National Invitation, to be played in Ft. Worth, May 8-12... Colonial publicity points out that Dow Finsterwald has won 12 tournaments, but none in the last three years... He also figured prominently in the news a few years ago as a runnerup, having taken second place in more than 20 events over a five- or six-year period;... But he no longer runs second... You wonder why and how a young fellow such as Dow suddenly loses the touch.

Grading begins on Sunset Hills GC in Hacienda Heights, Calif., a course that's being built in conjunction with a $60 million 2,000-home community... William F. Bell of Pasadena is the course

This machine will topdress 150,000 sq. ft. of putting surface in one 10 hr. day. All metal-electric welded, Four rubber tires and two split rear rollers. Sold through dealers only. See your local dealer or write:

A golf course builder from Arizona reports:

“For trouble-free installation and service, I choose Transite Irrigation Pipe.”

Fred M. Busby, President
Sun Gold Development Co., Tucson, Arizona

“Building a golf course to wind its way through a 700-home development is indeed a challenge. This was the case when the 18-hole course for the Rolling Hills Country Club Park in Tucson was designed by William F. Bell of Pasadena, Calif.

“Among other problems, it was extremely important that the irrigation mains be installed quickly and simply. Further, the pipe chosen had to be one requiring little or no maintenance over the years. Transite Irrigation Pipe filled the bill on all counts.”

For the whole Transite® story, write to Johns-Manville, Box 362, GO-3, New York 16, N. Y. In Canada: Port Credit, Ontario. Cable: Johnmanvil.
Golf Rubberlock is a new interlocking spike-resistant rubber flooring with resilient built-in body. Tough - Durable. Withstands sharp pressures of golf spikes — recovers original surface without cutting.
