Rake-o-Vac Unit Has Three Functions

The Rake-o-Vac, made by Goodwin Manufacturing Co., PO Drawer 671, Manteca, Calif., is said to have three functions — it's a litter pickup, turf conditioner and street sweeper. Equipped with renovator, flex-tip and sweeper reels and side brushes, it picks leaves, pine needles and cones, small debris, etc., off turf with ease and, of course, does the same thing when used in parking lots and similar areas. Its light scarifying action is said to increase water and pesticide penetration and reduce the need for turf renovation. The unit's enclosed basket is of large capacity, eliminating the need for frequent dumping, and it has an angled bottom for quick unloading. The machine is pulled by tractor, jeep or light pickup truck.
