Consistency — the kind you can count on for every ball in the box — has made Titleist golf’s #1 ball. Every year without fail — for the past 17 years — more pros and top amateurs have played more Titleists in more tournaments than any other ball. This year? Titleist is actually increasing its lead. In tournaments. In sales. In play every day. (And remember: nobody’s paid to play Titleist.)

Gene Sarazen did a champion’s job for U.S. foreign relations on a four-day goodwill mission for the U.S. State Department to Rangoon, Burma, recently. Burma’s government, headed by Gen. Ne Win, has numerous officials who are golf enthusiasts and they have a pretty good course. The General himself is a good businessman golfer, Gene says. There was a reception for Gene, given by the American ambassador and 300 attended. Gene’s visit, first to Rangoon by an American golf champion, made page one of the communist-slanted Rangoon press.

Sarazen, the Germantown Globe-trotter, says the new course near the Athens airport is an excellent layout and bound to be a tourist attraction in Greece. He adds that Athens is the cleanest city in the world — and that includes Germantown. When the Squire boosts he boosts all the way. Gene was in Athens for the filming of Shell’s Wonderful World of Golf contest between Tony Lema and Roberto De Vincenzo. Tony and Roberto played for $10,000, plus all expenses. Gene says that in the old days in exhibitions he and Walter Hagen played two months to make that much.

Bert Purvis, upstate New York pro salesman, writes from his home office at Mattydale, N.Y., of some changes in pro jobs on his beat. Red LaVergne now is at the Lyndon GC, Fayetteville, N.Y., where John Murray runs the club. John Johnson now at Lake Shore Golf Center, Rochester. Al Frank is at Higby Hills CC, New Hartford. Ken Sager goes to Westvale GC, Camillus, succeeding Bucky Hewitt, who is at the new Cavalry CC, Manlius, N.Y. Ralph Montoya now pro at Mohawk Valley CC, Little Falls, succeeding Gene Taylor who moved to Cedar Lake GC, Clayville. Clubhouse and pro shop of Antlers CC, Ft. Johnson, N.Y., burned May 6. Pro Frank Stuhler doing big business from his home in replacing members’ lost equipment.

Other switches in upstate New York pro lineup as noted by Purvis: Marty Czawakiel to Normanside CC, Delmar. Glen Young at the new Rogue’s

News of the Golf World in Brief

There won’t be any problem maintaining turf at Credit Island GC in Davenport this summer. There isn’t any left to maintain thanks to the rampage that the mighty Mississippi went on in April. But Davenport recreation officials aren’t giving up on the course and the adjoining playland. They hope to have both rehabilitated by 1966. For the story of what happened to Credit Island and a course in Rock Island, Ill., see page 22.

Pipe o’ Peace Club

When the Illinois Cook County Forest Preserve added the Pipe o’ Peace Club to its system, it also acquired a problem. Specifically, an irrigation pipe system that needed frequent and expensive maintenance. With five other courses already under its supervision, the county authority knew just what to do: replace the existing system with dependable cast iron water lines.

Some 7000 feet of 2”, 3” and 4” cast iron pipe did the job. Gave the Pipe o’ Peace Club a water system of proven durability and performance. And proof was near, indeed. The city of Chicago, which supplies water to the club, still uses cast iron mains over a century old. For that matter, so do many other U.S. communities. It’s something to think about, next time you select irrigation pipe.

It's almost a shame to stack a new Spalding Top-Flite against a member's old iron. But what better way is there to make him or her appreciate the Top-Flites' dramatically new lean, classic form?

He'll wonder what these new irons will do for him. And that's the time to tell him what he can look forward to with Top-Flites:

Greater accuracy and control. The "sweet spot" is closer to the center of the blade face. Result: a ball that flies straighter and truer even when it's hit off-center.

The solidest impact your golfer ever felt.

Uniformity of "feel" in every club in the set—the feature Spalding clubs are famous for.

Put your Top-Flite irons to work selling themselves. Nothing will convince a golfer that he needs a set of Top-Flites so much as seeing them compared with his old set.

As most professionals say: "Let the clubs do the work."

Nothing ever made 3-year-old irons look so bad
