Now Chemagro can control almost anything that harms grass

like insects
*BAYGON 70% Wettable Powder is now registered as an insecticide for application to lawns and turf. Economical, easy-to-mix sprays of BAYGON 70% Wettable Powder are noted for their long residual activity.

*DYLOX 80% Soluble Powder provides outstanding control of sod webworms. Three applications at monthly intervals will provide maximum control.

like nematodes
*DASANIT nematicide is registered for the control of nematodes on established commercial turf grass throughout the United States. Merely apply the low-cost recommended dosage of DASANIT and drench with water to leach the material into the root zone and provide fast, maximum control on contact. Each application provides protection for up to 9 months.

like major turf diseases
*DYRENE turf fungicide is well known for the protection it provides against leaf spot, melting-out, copper spot, rust, Sclerotinia dollar spot, brown patch and snow mold. The 50% wettable powder formulation mixes easily with water, and may be applied with any standard sprayer without clogging nozzles or corroding metal parts. Dyed green to blend with turf and eliminate an unsightly deposit, DYRENE will not stain shoes or fabrics when dry.

like cottony blight
*DEXON fungicide is unsurpassed for long-lasting control of Pythium. Start treatment early before the disease appears, and repeat at 7-day to 14-day intervals throughout the season. DEXON will not cause leaf burn, and is compatible with other turf pesticides.

Fashion Notes
The selling of golfwear had an aura of sophistication at this year’s Professional Golfers’ Assn. Merchandise Show. Many of the manufacturers obviously gave a generous amount of thought and time to the preparation of their booths to display merchandise to its best advantage. And, the soft goods selected to be shown appeared to be the top of each line in both attractiveness and style.

Highlighting the show: DAVID SMITH introduced Fortrel and cotton knickers with a golf motif, designed by Eric Jacobson . . . ETONIC favored pant suits for après golf in Dacron polyester doubleknit: one with a shirt top, another with sleeveless vest and stripe tie shirt . . . G.T., INC., proved golfwear can be elegant with a selection of patchwork jeans in cotton velveteen, embroidered cotton or gingham . . . HADLEY, true to its reputation, showed tasteful classic styles, adding new dimensions to the pro shop line with polyester denims done in slacks, vests, culottes and golf dresses . . . H.D. LEE helps the professional sell LEE slacks with a question-and-answer selling guide on care, wear and fit of doubleknits . . . HILL STAR under the LYLE & SCOTT label showed a cashmere sweater with a bell sleeve in bright spring colors . . . INTERNATIONAL GOLF ACCESSORIES wants the golfer to go wild in their floral print and bold striping shirts . . . JOHNSTON & MURPHY introduced the LADY MEDALIST golf shoe of Aztran and leather available in four color combinations . . . LILLY PULITZER showed at the PGA for the first time this year with the latest in doubleknit slacks, floral prints . . . QUANTUM was busy moving short shorts with wrap around zipper front cover-up skirts . . . TEXACE offered a variety of caps, visors and hats for both men and women golfers . . .
