It's a breakthrough.
A wide-open wonder. The reach to give you an edge. 68" to 74". Right from your seat. Hills, meet GRIP AWD.

The 7400 TerrainCut Trim & Surrounds Mower.

Shift your expectations of what a rough mower can do. 15" of reach to the left and right. 68"–74" variable width of cut that can be adjusted right from the seat. And true all-wheel drive. The 7400 TerrainCut is a Houdini at mowing in tight spaces, and can handle whole zip codes when wide open. No wonder it doesn’t fit neatly into any previous equipment category box.

Want to see one in action? Call your John Deere Golf distributor today.
Introducing Toro’s new 14-blade reel.

The lower the cut, the more risk to your turf – right? Not anymore. The Toro team has developed a reel with a higher number of blades. In conjunction with optimal reel speed, it will give you a crisper, more consistent cut especially below .100 of an inch without damaging your turf. Trust Toro to bring you the industry’s first 14-blade reel for the best results on your course. **Count on it.**

**14 reasons to consider 14 blades.**

1. Toro’s new 14-blade reel is ideal for cuts under .100 of an inch.

2. More blades provide a smoother, sharper, more consistent cut.

3. Fewer stragglers and smoother putting surfaces.

4. Saves money by reducing chemical usage at lower cutting heights.

5. Faster and truer ball roll.

7. Provides an optimal combination of reel speed and blades for best cutting performance.

8. Compatible with all Toro Greensmaster® Flex 18 and Flex 21 mowers.

9. No need for reel speed adjustments.
10. Allows you to raise the height of cut slightly for healthier, stress-free greens without compromising ball speed.

11. Your course can be tournament ready whenever you’re ready.

12. A new love for your Stimpmeter.

13. Economical solution for existing Toro Greenmaster® Flex owners.

14. Golfers will be speechless for a change.

For more information, call 1.800.803.8676 or visit www.toro.com/14.

"Toro is always at work looking for new and innovative solutions. The new 14-blade reel is a brilliant answer for superintendents looking to achieve the best cutting performance, particularly at low heights of cut. Players will experience the difference."

Helmut Ulrich
The Toro Company
Confetti

This course has gotten the best of many who have come before.

This course has humbled them. Beaten them. Broken them.

In other words, this course is perfect.

And so, the golfer, standing on the tee box, pulls up a handful of grass. "To check the wind," he says.

But this is more.

This is a celebration, a celebration of the challenge.
Since the Beginning

Since the introduction of Penncross, superintendents around the world have come to trust Tee-2-Green and the Penn bents.

How many superintendents do you know with the Penn bents on their course?

Mixing grass seed with Milorganite makes it easier to accurately spread the seed, especially those expensive small seeded species like bentgrass and bermudagrass. The standard Milorganite to Grass Seed mixing ratio is 4:1 by weight.

YOU'LL HAVE TOTAL CONTROL OVER PYTHIUM. GOLFERS NOT SO MUCH.

WITH THE NEW CHEMISTRY OF FLUOPICOLIDE AND THE PROVEN POWER OF PROPAMOCARB COMBINED IN ONE PREMIX, STELLAR™ FUNGICIDE PROTECTS YOUR COURSE WITH POWERFUL PYTHIUM CONTROL. AFTER ALL, YOUR TURF IS ALREADY UNDER ENOUGH ATTACK, ISN'T IT?
As a loving dog owner, you'd do anything to prevent your dog from suffering. After all, dogs are part of the family. Yet every year when flea season begins, the suffering sets in: flea bites, and the subsequent scratching and chewing. It's a painful and irritating routine for you and your dog. See your veterinarian for the latest new products that kill adult fleas, eggs, and larvae. Ideally, flea control should begin as flea prevention — before flea season starts.

Introducing The New Ice Chilled Drinking Fountain from Halsey Taylor...

- No more heavy, bulky coolers to clean & fill!
- Water is chilled through self-contained coils, so water source is never in contact with hands or ice.
- No electrical hookup required.
- Holds up to 30 lbs of ice for long-lasting service.
- Green polymer cabinet stands up well to the elements & resists rust.

The sanitary and economical solution to cold drinking water on the golf course!
