New Arrival
Adeline Grace Carson entered the world at 9:01pm on January 21. She weighed 4750 grams (10 lbs. 8 oz.) and was 53.5 cm (21 inches) long. Mother Sara and baby are doing very well. — Troy Carson.

"Bailey for Dog of the Year"
Are you heading to San Diego for the national convention in February? If you are, take a few minutes to stop by the Lebanon Turf booth at the trade show and cast your vote for Bailey for dog of the year.

Bailey was the "cover girl" of this year's SuperNews Superintendents Best Friend Calendar, co-sponsored by Lebanon Turf. All of the canines in the calendar are now competing for the title of dog of the year.

The winner and their owner receive $500 at Lands End and $2,000 is donated back to their local superintendents organization. So help us win the $2,000 for our MGCSA. Take a few minutes to stop by the Lebanon Turf booth and vote for Bailey.

Soil Remediation Products
Exsold™ (5-0-0-12Ca)
- Remedies sodic soils
- Increases surface infiltration
- Source of Calcium
Kleenstart™ (6-0-0)
- Aids in degradation of toxic compounds
- Increases microbial activity
- Aids in decomposition of thatch and black layers
Nutralyz™ (12-0-0-26S)
- Reduces soil pH
- Low burn potential
- Balanced nutrient blend

Micronutrient Blends
Magnesium Plus™ (7-0-0-6)
- Enhanced turf color
- Slow burn potential
- Increased turf vigor
Manganese Plus™ (0-0-0-5)
- Rapid response from foliar uptake
- New and improved nutrient blend
Nutrisolve™ (Mn, Cu, Zn, Fe, Si)
- Balanced supply of micronutrients (B, Cu, Fe, Mn, Mo, Zn)
Silica (0-0-0-5)
- Increased wear tolerance during heavy play
- Upright growth produces a more uniform putting surface

NPK Nutrient Blends
Greens Plus™ (12-0-12)
- Balanced nitrogen and potassium
- Low burn potential
- Slow release nitrogen
- Minimum growth surges
Greens Plus™ (14-4-10)
- N-P-K in same ratio as turf tissue
- Slow burn potential
- Slow release nitrogen for more consistent growth and color
TurfPlex™ (20-2-3)
- Increases overall turf vigor
- Balanced nutrient blend

Water Management & Remediation
pHPerfect™
- Improves water penetration
- Increases soil structure
H2O™
- Increases watering efficiency
- Delays wilt
- Increases seed germination
