TURF CONFERENCES ARE IMPORTANT

What are you missing by not attending our annual Mid-Atlantic Turf Conference?
This meeting is the basic tool of your maintenance program — education.
It is imperative for each golf course superintendent to stay abreast of current changes within the turf grass maintenance and grass production industry. The club greens chairman, board members, and president would also benefit greatly and be made aware of the many problems encountered by their superintendents.

Our turf conference offers superintendents the opportunity to share ideas and discuss individual problems with fellow superintendents and specialists in every field of turf maintenance.
