President's Message

I hope that most of you have received your Early Bird registration forms for the 58th International Golf Course Conference and Show to be held in Phoenix, Arizona, Jan. 26 - Feb. 2, 1987. I strongly urge you to register now in order to take advantage of the available discount. This year's conference looks like it will have another record-breaking attendance, which is another reason for registering early.

Our thanks go to Lou Rudinski for the successful July luncheon meeting that he hosted at Eisenhower Golf Course. Thanks also go to John Whittemore and

(Continued on page 2)

Tom Regan Retains An Eight-Point Lead

The field fell a little farther behind leader Tom Regan in the on-going point tournament, as he shot an 80 on July 8 at Eisenhower Golf Course, raising his point total to 28. Nick Vance picked up 4 points that day to bring his total up to 20, still good for second place. Tied for third at 16 1/2 points are Tom Walsh and Stan Lawsen, while Virgil Robinson moved up to fourth with 15 points. In fifth place is George Renault with 14 1/2, and Ken Ingram is sixth with 13.

In monthly open play at Eisenhower, Tom Regan's 80 gave him low gross honors, one stroke ahead of editor Corrigan. Low net went to Steve Cohoon with 80 less 10 handicap for 70 (Tom matched him out for gross), while George Renault was second with 86 less 14 for 72.
It's People That Make Our Business What It Is
by Bill Neu
Superintendent, Hobbit's Glen Golf Course

Sometimes, when we trudge through a difficult and trying year such as this one, we might find cause to question why we're in this crazy business. I've always contended that part of the reason is the great people in the industry who are always ready to help.

We currently have a member who is out of work due to an illness. When his situation became known early this Spring, some area superintendents began working with that club's green committee chairman on a day-to-day basis to help the club through the crisis. Then, when it became apparent that the illness might be prolonged, these same superintendents helped the club to find someone qualified and able to devote the necessary time to the course through the summer.

Can you imagine Ford or General Motors cooperating in this sort of spirit? Try to picture something similar happening in almost any other industry. Let's face it, we are unique — something special. And, all of us can be tremendously proud of the intangibles that we bring to the golf course business.

The GCSAA advises that if anyone of us in the vicinity of Park City, Utah, on August 22, we're invited to a reception in honor of GCSAA president Riley Stottern, who is the host superintendent for a PGA Senior Tour event at his Jeremy Ranch Golf Course August 21-24. You can also attend this PGA Senior Tour event for free by showing a current gold membership card.

Dear Mid-Atlantic Superintendents:

I am writing to say that my husband, Parker Shirling, died several months ago after two severe strokes. Since he retired from Princeton Turf 10 years ago, it is quite possible that the people he worked with are no longer active in the field of cultivated sod. Still, he much enjoyed being on your mailing list for so long; even after his contributions to the business had ended, his interest remained.

Sincerely,
Ruth Shirling

President's Message (Continued from page 1)

Norman Burch of the Golf Collectors Society for bringing out their specimens of old clubs, balls, and books and filling us in on some of the early history of golf equipment.

Once again, August is upon us, and that means it is time for the annual picnic. This year the picnic moves out to Hobbit's Glen in Columbia, where Bill Neu will be our host. For those of you who have never attended a picnic or haven't attended one for many years, you are missing out on a great Mid-Atlantic function. I hope to see everyone there, so come on out and bring your family and guests. No reservations are necessary.

Jerry Gerard, President

Budget Cuts Could Hit Extension Program

The Gramm-Rudman budget-balancing bill passed by Congress has reduced the Virginia Extension Program for 1986 by 4.3%, and the second year of the bill could create even more serious problems for the program, since 84% of the Federal budget is protected from cuts. The bottom line for Virginia Extension is that if the President's budget is enacted with that protection covering 84% of its amount, significant staff reductions will take place, including the release of 33 faculty members, 73 Extension Agents, and 122 secretaries or technicians, respective reductions of 16%, 18%, and 30%.
