Following bills through the legislative process can be fun and educational. It is also easy.

During the 90-day session, several legislative offices will supply information to the public. These offices have at their disposal computers which follow the progress of each bill from the time it is introduced. They can tell where a bill has been assigned, whether it was passed in committee, whether it was amended and the result of the floor vote.

For such information, you can call Legislative Reference at 841-3810, or 1-800-492-7122.

Another means of keeping up with legislation is to call the committee to which the bill has been assigned.

Many of the larger newspapers also publish daily listings of bills introduced in, or acted upon, by both the House and Senate.
