and Geoff Blind, finished a very notable 9th out of 106 teams in the gross division.

If you have never played in the National, you don't know what you're missing. With the sponsorship of the Toro Company over the past three years, this has become a first-class event. Toro announced at this year's tournament that it has committed to another three years. Nice golf courses, MAAGCS camaraderie and the chance to build friendships with our peers from around the world are just a few of the benefits of playing in the GCSAA National Tournament. Sometimes the weather leaves a bit to be desired, but we're all used to that. A heartfelt thanks to GCSAA Tournament Director George Renault, CGCS, and his committee including Nick Vance, CGCS, for a job well done. Next year's collection of courses in Anaheim promises another great tournament.

In closing, I look forward to serving as Golf Committee Chairman. I actively invite your comments, suggestions, and criticisms as our Golf Committee tries to uphold past standards of excellence. Finally, look for details on the four-man scramble at Fawn Lake in the April bulletin.

**Green Meadows Turf Supply**

*proudly represents Turf Health Care ... a leader in the development of biological products.*

**BioPak WSP**

- Industry's *first* biostimulant in *water soluble packs*!
