Many Clubs Use Hardinge Mower Sharpener

The popularity of the Hardinge Mower Sharpener is proved by the number of prominent golf clubs which have adopted it as regular equipment this past season. Among them are the following:

Sunset Valley Golf Club, Highland Park, Ill.
Lake Shore C. C., Glencoe, Ill.
Westmoor C. C., Roselle, Ill.
Boco Raton Club, Boco Raton, Fla.
C. C. of Virginia, Richmond, Va.
Brae Burn C. C., West Newton, Mass.
Woodland Golf Club, Auburndale, Mass.
Glennview Club, Golf, Ill.

The Hardinge Sharpener is manufactured by Henry H. Doty, Glennview, Ill. It is especially flexible and accurately sharpens the bed knives and reels of all mowers.

A New Company To Handle Seaside Bent

A company known as the Seaside Bent Seed Company, Seattle, has been organized to contract a large part of the crop of State Sealed and Certified Seaside Bent, Agrostis maritima, or, as the Department of Agriculture now calls it, Agrostis palustris.

Distributors for this company will be:
The J. M. McCullough’s Sons Co., 316 Walnut Street, Cincinnati, O.
The Northwest Seed Company, 1103 Post Street, Seattle, Washington.
The Western Seed Marketing Co., Salt Lake City, Utah.
Seaside Bent Seed Co., is said to control about ninety-five per cent of the crop of Seaside bent outside of Lyman Carrier’s production, which is sold under the trade names of Cocos Bent. Both Seaside and Cocos Bent are of the very highest quality and should not be confused with the uncertified seed which is not passed upon by the State inspectors.

Believe All, Use Little
