In offering above "Grass Seeds of Known Quality," with a purity of 99% or over, we present an opportunity of securing seeds of exceptional purity—and at lower prices, when comparing pure live seed content with that of commercial or standard grades.

We also offer *Kentucky Blue Grass* with a purity of over 97% and true *South German Bent* with a purity of over 90%.

In addition to purity, we give special care to the elimination of weed seeds, and, as all grass seeds are carried on hand in our own warehouses they are under our complete control.

Write for our prices on your requirements of grass seeds' also equipment and sundry supplies.

The Peerless is the only sharpener that replaces dull cutting units with keen razor-like edges. Sharpens all makes of power, horse and hand mowers. A great time and money saver.

Helps Keep Lawns Trim

With the Peerless Mower Sharpener dull cutting edges give way to keenness that enables mowers to run easier, on less power, with more speed. New reconditioner permits "lapping in" with emery paste after grinding.
