

*Fred
Burkhardt
Says:*

THE summer months are so crowded with golf course activities, that the majority of greenkeepers find it hard, during this period, to help build up the membership of the association. However, some have helped, and the generous work they have done in the past few months, in securing new members is doubly appreciated.

* * *

Since the first of the year 52 members have been added to the list, and while this may not seem to be a large increase, it is evidence that the association is continuing to grow, even in these times, when larger organizations find it difficult to retain their membership.

* * *

It is hoped that this good work will continue and all you members certainly can expect every assistance from the writer. If there is any information you feel you should have, in order to create interest in securing new members or otherwise, ask for it, and you will receive the desired facts immediately. Or, if you have any suggestions or constructive criticism, instead of waiting for the annual meeting, let us know about them now, so if need be, changes can be made.

* * *

Constant activity and interest is essential in every organization, if it is to increase its working power and continue to carry out its high aims. Every member has a voice, let us hear from you.

Obituary

After a period of ill health, David Patrick, an active member of the National Association of Greenkeepers of America, died recently at his home in Memphis, Tenn. He was owner and manager of the St. Andrew's Golf Club on the Mississippi.

To the members of his family and to the friends of Mr. Patrick, the Association wishes to convey its sincere condolence.

New York Greenkeepers Meet at Troy

By JACK GORMLEY, *Greenkeeper,*

Van Schaick Island Country Club, Coboes, N. Y.

THE Northeastern New York Greenkeepers' Association held its regular monthly meeting on Monday, June 13, at the Troy Country Club. About thirty greenkeepers and pros attended and enjoyed a session that was resplendent with fun and educational discussion.

Prior to the meeting a demonstration was held by John B. Poll of the Jacobsen Power Lawn Mower Co., and also by Mr. Adams of the Ideal Power Lawn Mower Co. Their respective power mowers were tried and complimented highly by nearly every greenkeeper.

Dinner was served and President John Melville called the meeting to order at 8 o'clock sharp. He expressed his appreciation to those who were present for the interest they were showing and promised faithfully to work hard in order to make this new organization bigger and better.

GALLAGHER ADDRESSES GREENKEEPERS

MR. F. E. GALLAGHER, chairman of the Green committee of the Troy Country club, gave the greenkeepers an address of welcome and spoke enthusiastically on the good work this infant sectional organization was doing and what they expected to accomplish. He wished them all the best of luck and extended his hearty cooperation in making their gatherings successful.

Jack Gormley, vice president, read the minutes of the organization meeting and urged the greenkeepers to keep up the good work and help the spirit of friendly relationship to grow.

Mr. J. H. Melady of Stumpp & Walter, talked on various phases of green maintenance. Mr. Adams and Mr. Poll also made a few remarks to encourage the greenkeepers in their economic struggle this season.

Otto Swenson of the Toro Manufacturing Co., suggested that we issue a monthly greens bulletin to be paid for by the advertising of various golf course equipment supply houses and offered to be the first advertiser. It was decided to take this matter up at some future meeting.

A general discussion followed on grasses, soil conditions, and fertilizers and many pointers for effecting economies were absorbed by all.

A moving picture, "Golf Hazards," was shown by Jack Gormley. It was supplied through the courtesy of the Bayer-Semesan Co., and O. J. Swenson, local dis-

tributor for their fungicides. All were glad to see this instructive picture on the causes and cure of the dreaded brown patch disease.

The next meeting will be held at the Sir William Johnson Country Club at Gloversville, N. Y., on July 20. Hugo Kuhne, who is greenkeeper there, will be assisted in preparing for this confab by John Melville, Jim Thompson, Jack Gormley and C. S. McBride.

All greenkeepers who read this announcement are urged to be present as a program will be prepared that will combine some real fun with some very constructive information from men who know their greens and fairways.

What's Doing in Golf

Homewood, Ill.

Andy Behrendsen, manager at Indian Wood Golf and Country Club, is busy organizing a woman's golf club. Membership in the club will be open to all women in South Cook County.

* * *

Princeton, Ill.

A nine-hole golf course is being built on the John DeVre farm, adjoining the city limits of Princeton, which will become a municipal course upon its completion. Work will be pushed as rapidly as possible, in an effort to open the course during the current season.

* * *

Johnson, Kans.

Golfers of this vicinity met in the High School Tuesday last and discussed building a golf course here. Membership committee was appointed, who report plat of ground has been offered by Mr. Fred Collingwood. No trouble is anticipated and work is expected to begin shortly.

* * *

Seattle, Wash.

Henry Ohland, Jr., whose farm adjoins two golf courses, asked the King County court to restrain both clubs from operation and enjoin golfers from driving balls onto his farm and other disturbances.

* * *

Marshall, Minn.

The Russell Golf Club and course, which has just been completed, is open for play, drive still being on for new members.

For Sale

At sacrifice price McCormick-Deering Fairway tractor. Used only 30 days. Address, Benj. Harris, 1619 First Avenue, Rock Island, Illinois.

DIWORMA BRINGS UP EVERY WORM in 2 minutes

Dilute Diworma as instructed — sprinkle it on the green and every worm is up inside of two minutes. Rake up the dead worms and the job is done. Easier, cheaper than powders—covers every foot of the green with same strength of chemical.— Cannot harm the grass.

2 to 2½ gallons in solution will worm
5,000 square feet of green.

REMEMBER — Diworma also checks brown patch.
