

PLANT STRESS MECHANISMS

TEXAS A&M UNIVERSITY
College Station, Texas

Dr. James B. Beard
Principal Investigator

1989 Research Grant: \$67,800
[seventh and last year of support]

Support of Dr. Beard's work on Plant Stress Mechanisms was concluded in 1989. At the time of preparing this document, Dr. Beard's final summary report was in the preparation stage and could not be included in time for this printing. His final report will appear in the 1990 Turfgrass Research Summary.
